

UCITS attestation requests

If you are the operator of a UCITS scheme authorised by us and you:

intend to market that scheme in another EEA State; or

wish that scheme to be used as a master UCITS in relation to a feeder UCITS that is established and authorised in another EEA State;

you must obtain an attestation from us that the scheme complies with the relevant conditions set out in the UCITS Directive in accordance with COLL 12.4 and Article 59 of the UCITS Directive (2009/65/EC) respectively.

Please submit requests for attestations, providing full details of your requirements, to ukcis@fca.org.uk
