Retirement Income Advice Survey

Who this survey is for:

This survey is for completion by Directly Authorised firms, including Principal Firms that have Appointed Representatives (ARs).

Note to Principal Firms:

Please complete this survey in relation to the Principal Firm only. A separate survey should be completed for each of the firm's ARs. Please select two ARs and click on the AR links in the survey cover email.

Instructions:

Please provide data related to the calendar year **January - December 2022**, unless a specific date is stated.

This survey consists of 14 sections which contain a total of 87 multiple choice and 'yes' or 'no' questions. Some questions require manual input of data into a free-format text box. Some of these questions may not be applicable to your firm and some may only be relevant based on the response to a prior question. Therefore, some numbers may not be in sequence and won't appear where the questions are not relevant. You may share this link internally with other colleagues to view the questions but only one individual can edit and save inputs at any one time.

If the data you hold is at a group level, please ensure that you provide at the entity level (ie. FRN level). If you are unsure about any terms mentioned within the survey, please **click here** to view the glossary. Please ensure the information input is reviewed for accuracy.

If you need to make any changes, or review any inputs, please navigate using either the **back** button at the bottom of the survey or using the **table of contents menu** in the sidebar of the survey before submission. Please click on the 3 lines to bring up the table of contents. You can navigate to different pages by clicking on the headlines. Please note it may not be possible to leave certain sections without completing the mandatory questions. The on-screen prompt will highlight which questions must be completed.

You may find it helpful to view or print a pdf of this survey containing all the questions **here**. The **next** button on the bottom of the survey saves the information input on each page and allows you to return and continue the survey at another time.

By clicking **SUBMIT** at the end of the survey your response will be submitted and you will not be able to return to the survey. On submission, a summary of your response will be displayed

on screen with the option to save a copy for your records. If you submit in error, please contact us to reactivate the survey link (information already inputted will be retained).

Please note, we request this survey to be completed within **three weeks of receipt** by **(INSERT DEADLINE HERE)**. As this survey aims to help us understand how the retirement income advice market is working, we would be grateful for your participation. We recommend this survey is completed on a computer.

Firm Identification: Part I

1. Firm name: (Note - when we refer to "firm" we mean the legal entity that this survey has been issued to.)

[FREE-FORMAT TEXT BOX]

2. Firm Reference Number (FRN):

[FREE-FORMAT TEXT BOX]

3. Is the firm part of a larger group structure? (Not including appointed representatives (ARs).)

[YES OR NO]

IF THE ANSWER TO QUESTION 3 IS NO, PLEASE MOVE ON TO QUESTION 4.

3a. What is the name of the group?

[FREE-FORMAT TEXT BOX]

3b. If the parent company of the group is regulated, what is the FRN?

[FREE-FORMAT TEXT BOX]

- **4. Description of firm activity.** (Select all that apply.)
- ☐ ADVISER
- ☐ PLATFORM
- ☐ WEALTH

5. Is the firm a Principal Firm?

[YES OR NO]

IF THE ANSWER TO QUESTION 5 IS NO, PLEASE MOVE ON TO QUESTION 6.

5a. How many appointed representatives do you have?

(Please complete the AR survey for two ARs that provide retirement income advice or lifetime lending.)

[FREE-FORMAT TEXT BOX]

6. Does your firm provide lifetime lending as part of its decumulation advice model? (Note - lifetime lending includes retirement interest-only mortgages and equity release.)

IF THE ANSWER TO QUESTION 6 IS NO, PLEASE MOVE ON TO QUESTION 9.

6a. What products does your firm provide advice on as part of its decumulation advice model? Please indicate whether advice is provided directly by advisers within your firm (as recorded in 1) or through a related company associated with the firm, including a parent company.

Interest only mortgages	[YES OR NO]	[Within firm OR Through related company]
Equity release	[YES OR NO]	[Within firm OR Through related company]

- 7. Where lifetime lending is provided directly by advisers within your firm:
- 7a. Do advisers also advise on retirement income solutions (such as annuities or drawdown)?

[YES OR NO]

7b. Are all products considered when considering retirement income needs?

☐ ALL PRODUCTS ARE CONSIDERED
☐ RETIREMENT INCOME AND LIFETIME LENDING
PRODUCTS CONSIDERED AS DISTINCT AND
SEPARATE AREAS OF ADVICE/TO SUIT
DIFFERENT OBJECTIVES/GENERALLY
CONSIDERED AT DIFFERENT STAGES IN
CUSTOMERS' LIVES (LATER THAN
DECUMULATION ADVICE)

7c. Do advisers for lifetime lending advise on all mortgage products?

☐ YES	(all mortgage products are considered
	when considering retirement income
	needs.)

□ NO (Lifetime lending advice is considered as a
distinct and separate area of advice to
other mortgage products (e.g. retirement
interest-only and equity release as
opposed to conventional mortgages).)

7d. Is remuneration structured differently for retirement income advisers and lifetime lending advisers?

[YES OR NO]

7e. Does the firm's monitoring and supervision of lifetime lending advisers differ from the monitoring and supervision of the retirement income advisers? (Note - for example, is there a separate training framework in place with different frequency of review.)

[YES OR NO]

8. Where lifetime lending is provided by advisers within a related company, why has the firm chosen to structure its advice on lifetime lending in this way?

[FREE-FORMAT TEXT BOX]

Firm Identification: Part II

9. Is the firm vertically integrated?

[YES OR NO]

10. Does the firm use any automation within the decumulation advice model?

[YES OR NO]

IF THE ANSWER TO QUESTION 10 IS NO, PLEASE MOVE ON TO QUESTION 11.

10a. In which areas of decumulation advice is automation used? (Select all that apply.)

□ RISK PROFILING (ATR)
☐ CAPACITY FOR LOSS (CFL)
□ CASH FLOW MODELLING (CFM)
☐ PORTFOLIO/FUND RECOMMENDATIONS
☐ INCOME WITHDRAWAL STRATEGY
RECOMMENDATIONS
☐ SUSTAINABILITY OF INCOME WITHDRAWAL %
\square DECUMULATION RECOMMENDATION (ANNUITY VS
DRAWDOWN)

11. How many compliance and audit function employees does the firm (as recorded in 1.) have?
□ 1-5 □ 6-24 □ 25 - 49 □ 50 - 99 □ 100 - 499 □ 500+
11a. Are any of the firm's compliance and audit functions outsourced?
[YES OR NO]
12. How many advisers does the firm have for decumulation/retirement income advice?
□ 1-5 □ 6-24 □ 25 - 49 □ 50 - 99 □ 100 - 499 □ 500+
13. How many advisers does the firm have for lifetime lending advice?
□ 1-5 □ 6-24 □ 25 - 49 □ 50 - 99 □ 100 - 499 □ 500+
14. How many advisers provide both decumulation/retirement income and lifetime lending advice?
□ 1-5 □ 6-24 □ 25 - 49

□ 50 - 99

□ 500+

□ 100 - 499

Target Market

These questions look at whether the firm is identifying a target market (and, where relevant, negative target market) for its centralised retirement proposition. These questions also consider whether the design of the firm's distribution strategy takes account of its customers' needs, characteristics and objectives (including any characteristics of vulnerability).

15. Does the firm have an identified target market for its decumulation advice model?

[YES OR NO]

IF THE ANSWER TO QUESTION 15 IS NO, PLEASE MOVE ON TO QUESTION 16.

15a. Please confirm when your decumulation advice model and ongoing service was last reviewed to ensure it still meets the needs of its target market. (Confirm date of last review)

[FREE-FORMAT TEXT BOX]

16. What are the most common objectives of the firm's target market? (Select all that apply.)

☐ CONSUMERS LOOKING FOR DECUMULATION
ADVICE AND OPTIONS AVAILABLE
\square CONSUMERS LOOKING SOLELY FOR DRAWDOWN
ADVICE
☐ CONSUMERS LOOKING SOLELY FOR ANNUITY
ADVICE
☐ ESTATE PLANNING/WEALTH TRANSFER
□ LIFETIME LENDING

17. What are the key characteristics of the firm's target market? (Select all that apply.)

PROFESSIONALS
HNW
SOPHESTICATED INVESTORS
RETAIL CONSUMERS

18. Does your firm specify an overall minimum fund value before providing decumulation advice or a minimum value of overall customer assets, before accepting a

customer for advice (on any aspect of financial planning)?

or imancial planning):
 ☐ YES (a minimum fund value for decumulation advice) ☐ YES (a minimum total wealth/assets value at individual customer or family level) ☐ NO MINIMUM VALUE
IF THE ANSWER TO QUESTION 18 IS 'YES (a minimum fund value for decumulation advice)', PLEASE MOVE ON TO QUESTION 18A.
IF THE ANSWER TO QUESTION 18 IS 'YES (a minimum total wealth/assets value at individual customer or family level)', PLEASE MOVE ON TO QUESTION 18B.
18a. Where there is a minimum fund/transfer value for decumulation advice, please selection the appropriate value.
□ UNDER £50,000 □ £50,000 - £99,999 □ £100,000 - £249,999 □ £250,000 - £499,999 □ £500,000 - £1M □ £1M+
18b. Where there is a minimum value of overall assets, either at individual customer or family level, please select the appropriate value.
□ UNDER £50,000 □ £50,000 - £99,999 □ £100,000 - £249,999 □ £250,000 - £499,999 □ £500,000 - £1M □ £1M+
19. Does your firm offer any incentives to potential customers who are seeking decumulation advice?
[YES OR NO]

NO, PLEASE MOVE ON TO QUESTION

20.

Platform Selection

The following questions consider the choice of investment platform(s) and whether they meet the different retirement income needs of consumers within the firm's target market.

38. Does your firm hold any of its assets under administration on a platform?

[YES OR NO]

IF THE ANSWER TO QUESTION 38 IS NO, PLEASE MOVE ON TO QUESTION 48.

39. How much and what percentage of your firm's total assets under administration, arising from decumulation advice, are held on a platform at 31 December 2022? (Where data is not available at 31 December 2022, you may provide the current position based on the most recent data the firm has available.)

Total assets (£):

Income Withdrawal Strategy

The following questions consider whether the methodologies the firm uses to produce/deliver income from its customers' assets are consistent with the delivery of good consumer outcomes. A variety of options (including annuities, capped drawdown, flexi-access drawdown, UFPLS, small pots, non-pension income from ISAs, other assets etc) and strategies (sustainable withdrawal rates, natural income/yield, multiple investment pots, ad hoc withdrawals etc) exist to do this.

63. What decumulation solutions does your firm advise on? (Select all that apply.)

apply.)

SURVEY END

Glossary for the survey

Term	Definition
Accumulation	The process of investing and saving money for use at/after retirement.
Annuity	A contract of insurance that provides the customer with a guaranteed income in return for payment of a lump sum. Most pension annuities provide this guaranteed income for the lifetime of the customer.
Assets Under Administration (AUA)	The provision of administrative services by financial institutions and third parties to manage money, which is still within the investor's control, while charging a fee for doing so.
Automated Advice	Advice given with the aid of tools or computers to formulate a recommendation. Often using algorithms based on scenarios to suggest possible outcomes that may suit a customer's needs.
Bucketing Approach	An investment strategy where monies are allocated to, say, short, intermediate, and long-term goals. This could be equated to having funds in cash (short-term, day-to-day, instant access), collective investments (intermediate term, income generating) and individual shares (long-term, capital growth), for example.
Cashflow Modelling (CFM)	A way of showing customers how long their income might last in retirement. This can be illustrated with the aid of tools or computers and using various assumptions about life expectancy, inflation, investment growth, charges, etc.
Capacity For Loss (CFL)	The ability to bear risk; refers to the customer's ability to absorb falls in the value of their investment. For decumulation, this is specifically focused on the customer's ability to absorb falls in their income or their income running out prematurely.
Centralised Retirement Proposition (CRP)	The framework or advice model that a firm may put in place to provide its customers with retirement income solutions. This may help advisers apply a consistent approach to helping customers make complex decisions about how they meet their income needs in a sustainable way.
Cost-of-Living (COL) or 'crisis'	The current economic situation driven by high inflation eroding the purchasing power of money, and stagnating wages/income, causing a drop in living standards.
Decumulation	The process of converting pension savings and investments into income to fund retirement.
Deterministic	In relation to CFM, deterministic assumes certainty, not variation, in all assumptions. Static rules govern what data items can be used.
Drawdown	A means of withdrawing assets directly from a pension without purchasing an annuity. Post-2015, often referred to as Flexible Access Drawdown.
Fixed Income Securities	Debt instruments issued by a government, corporation, or other entity to finance and expand their operations.
Flexible Access Drawdown	A means of withdrawing assets directly from a pension without purchasing an annuity.
Focused Advice	Advice that is limited to one or more of a customer's specific needs. The service does not involve analysis of the customer's circumstances that are not directly relevant to those needs.

High Net Worth Individual (HNW)	An individual with an annual income of £100k or more (not including one off pension withdrawals) and/or an individual with net assets of £250k or more (not including main home, pension, or rights under qualifying insurance contracts).
	As defined in the FCA Handbook at COBS 4.12B.28R, with more detail at:
	https://www.handbook.fca.org.uk/handbook/COBS/4/Annex2.html
Holistic Advice	Advice given where full information is obtained and considered on all pension and non-pension assets, including property and income before giving advice.
Income Withdrawal Strategy	A customer's personalised plan to turn their pension assets into a sustainable retirement income.
Independent/Whole of Market	As defined in the FCA Handbook
Insistent Customer	A customer who disregards advice given and wishes to proceed with an alternative course of action, as set out at COBS 9.5A .
Lifetime Lending	Borrowing available to consumers aged 55 and over. This includes retirement interest-only mortgages and equity release (also known as lifetime mortgages).
Non-Mass Market Investments (NMMI)	As defined in the FCA Handbook
Pension Commencement Lump Sum (PCLS)	A tax-free lump sum of money that can be drawn from the pension fund (typically 25% of the value of the fund, subject to the lifetime allowance) at retirement.
Platform	An online service that allows financial advisers to buy and sell investments and manage their customers' investment portfolios. Some platforms can be used by customers directly.
Professionals	As defined in the FCA Handbook at COBS 3.5.2R
Reasonable Adjustments	For consumers with protected characteristics such as physical or mental health disabilities, firms may need to make such changes to comply with the Equality Act 2010.
Remuneration	The total amount an employee receives for performing a job. Remuneration includes not only base salary but all other forms of financial benefits an employee receives.
Restricted Mass Market	As defined in the FCA Handbook
Investments (RMMI)	
Restricted	As defined in the FCA Handbook
Retail Consumers	As defined in the FCA Handbook
Secure Income	A regular and reliable income that is known in advance and can be used as part of a retirement strategy.
Sophisticated Investors	As defined in the FCA Handbook

FCA Official

Stochastic	In relation to CFM, stochastic refers to random probability scenarios and data that may be analysed statistically, but may not be predicted precisely and are used to illustrate a variety of projections.
Standard Withdrawal Rate	The working assumption (usually a fixed percentage) of how much retirement income could be withdrawn annually from a customer's accumulated assets without the customer running out of money in their lifetime.
Target Market	The group(s) of consumers for whose needs the firm's products and/or services are designed.
Transactional Advice	One-off advice on a specific objective, with no ongoing advice or consideration of wider financial circumstances.
Uncrystallised Funds Pension Lump Sum (UFPLS)	The lump sum able to be taken from uncrystallised pension funds without purchasing an annuity or moving to a flexi access drawdown solution. Up to 25% of such lump sums can be paid tax-free. (See Government website)
Uncrystallised	Pension savings that have not yet been subject to any withdrawals and are not classed as crystallised.
Vertically Integrated	A firm offering more than one service along the supply/distribution chain; for example, a firm that provides both advice and the products upon which it advises.
Vulnerable customer	A person who, due to their personal circumstances, may be especially susceptible to harm, particularly when a firm is not acting with appropriate levels of care. (See FG21/1 Guidance for firms on the fair treatment of vulnerable customers)
White labelled	A platform or product that is provided by a different company but rebranded to appear as if it is the firm's own.
