

Model Rules Sponsors List

What is the purpose of model rules?

The process of registering a new society or a complete amendment of rules for an existing society using model rules simplifies the registration process.

Once a set of model rules has been formally accepted by us, any society that wishes to use them can have confidence that it covers all matters as required by the Act 2014.

What is a sponsoring body?

A sponsoring body is an organisation that sponsors a set of rules which we accept as a model. Model rules can be used by societies who wish to register as a new society or existing societies who wish to register an amendment to the model.

An organisation becomes a sponsoring body by virtue of sponsoring a set of model rules.

This is a list of those current sponsors of accepted Model Rule Books who wished to be included in this list.

These details have been compiled for the benefit of any society considering using a model as a basis for its own rules.

The inclusion of an organisation in this list of Sponsoring Bodies should not be taken as a recommendation or endorsement by the Financial Conduct Authority of the organisation or its services.

The descriptions of the organisations' activities (if any) are provided by the organisations themselves.

If you are a current sponsor of approved Model Rules and wish to be included in this list, please email us at Mutual.Societies@fca.org.uk, providing brief details of reasons for inclusion.

Application Fees

You may be eligible to pay a lower application fee for the registration of your society if-

- you use model rules accepted by us and produced by one of the organisations listed below and
- you forward the application via that organisation.

Details of fees are available on the FCA website: <http://www.fca.org.uk/mutual>

Website	www.fairshares.coop/fairshares-institute/
Description	Model Rules for a FairShares Cooperative enable you to design a multi-stakeholder co-operative society with founder, labour, user and investor members. This has been a useful model for digital co-operatives and service co-operatives that wish to enfranchise both labour and user members alongside founders and financial supporters. The model has already been successfully adopted in Ireland, Canada and the USA, and will be available in Croatia, Hungary, Germany, Netherlands and Belgium in the near future. The rules include commitments to ICA values and principles, equal opportunities, economic social and environmental sustainability, and social auditing. Support is available from staff at Sheffield Business School including experienced academics (Dr Rory Ridley-Duff and Dr David Wren), a Legal Adviser (Dr Jereme Snook) and a qualified accountant (Neil Fletcher). Your rules will be approved by either Jereme Snook or Neil Fletcher before registration.
