Failing to repay on time

Think carefully – rolling over or extending your loan may not be the best option and could make things worse.

If you're feeling overwhelmed, or that you can't cope with your finances there is help available to support your mental wellbeing at this time.

Go to www.moneyhelper.org.uk/wellbeing or phone 0800 138 7777.

It's time to take action

- **Think carefully before borrowing more.**
Borrowing more money is likely to worsen your situation.
- **Work out how much money you owe.**
To do this, you will need to make a list of all those you owe money to. A debt adviser can help you.
- **Identify priority debts and put them first.**
Some debts are more urgent than others because the consequences of not paying them can be more serious than for other debts, for example, mortgage, rent, council tax/ rates, or gas or electricity arrears. A debt adviser can help you to budget to keep your finances under control.

Discuss options with your lender

- If you are having trouble paying back on time talk to your P2P platform who can suggest ways to repay and make sure it is affordable for you.
- If you don't, you may quickly face increased costs from interest or charges. Missed payments could also affect your credit rating and make it more difficult to get credit in the future.
