STEP THREE – NOTE CRN

Each application begins with the instructions page. Importantly, it is here that the Case Reference Number (CRN) is generated. Please retain this number as it is used to identify the case in future.

STEP FOUR – COMPLETE CONTACT DETAILS

Complete the contacts details page. These details will be used by the system and/or Case Officer when sending the acknowledgement and case closure email.

STEP FIVE – COMPLETE EACH SECTOIN

You will then be presented with the Summary/Status page.

You will need to complete each section by selecting the relevant link from the Summary/Status page. Depending on the answers to questions within the sections, more sections may be enabled.

Note: Whenever you return to the Summary/Status page you should click on "Save As Draft" to ensure that all data is saved.
