1 Overview

Introduction

1.1 This Policy Statement (PS) sets out our response to the feedback received to Consultation Paper 17/33 (CP17/33), which was the third of 3 consultation papers (CPs) on the Insurance Distribution Directive (IDD). CP17/33 and this PS cover a number of matters including our approach to:

- the IDD delegated acts for product governance and additional requirements for insurance-based investment products (IBIPs)
- regulatory processes, and areas dependent on Her Majesty's Treasury's (the Treasury's) consultation on changes to UK legislation to transpose the IDD

1.2 In addition, this PS covers:

- feedback on certain matters deferred from the second CP, CP17/23
- feedback to the IDD-related aspects of Quarterly Consultation 18, CP17/32, and of Quarterly Consultation 19, CP17/39
- the potential for the IDD application date to be delayed

1.3 The instrument included in Appendix 1 provides the full set of the near-final rules for all of our CPs in which we consulted on changes to implement the IDD. The instrument includes some minor changes to the near-final rules from the first 2 PSs.

1.4 The Treasury recently published the legislation that allows us to transpose the IDD in full. We have taken account of the statutory instrument in this paper and the handbook instrument in Appendix 1 but, as it is not yet finalised, we cannot publish our final rules in this PS. Publishing near-final rules now gives firms more time to implement the changes they need to make for the IDD. We will finalise the rules as soon as the legislation is finalised and do not expect to make any changes to the near-final rules.

---

3 The Level 1 directive is supported by Level 2 delegated acts, which take the form of directly-applicable Regulations. These set out more detailed requirements that expand on the provisions in the Level 1 directive.
Who does this affect?

1.5 This PS will interest insurance and reinsurance companies, intermediaries, other firms and customers in the insurance market, and bodies representing these groups. It will also be of interest to designated professional bodies and their members.

1.6 Customers have a clear interest in financial markets that operate fairly and transparently. This includes the way in which firms implement the new requirements of the IDD, for example the rules about conduct of business and information disclosure.

Context

1.7 The IDD replaces the Insurance Mediation Directive (IMD). It aims to enhance consumer protection when buying insurance (including non-investment insurance, life insurance and IBIPs) and to support competition between insurance distributors by creating a level playing field.

1.8 We need to change various parts of our Handbook to implement the IDD in the UK. We proposed primarily to introduce the minimum standards of the IDD into our Handbook through intelligent copy-out. However, in some cases we proposed changes that go beyond the IDD minimum requirements by:

- applying the IDD standards to a wider range of firms or business than required by the directive, so that we promote effective competition in the interests of consumers, by achieving consistency of regulatory standards and avoiding arbitrage
- maintaining standards above the IDD minimum requirements to preserve existing UK regulatory standards
- introducing standards above the IDD minimum requirements as a result of policy decisions, particularly the decision to align with Markets in Financial Instruments Directive II (MiFID II)

1.9 In this PS we summarise:

- our approach to the IDD delegated acts (Chapter 2)
- changes to our requirements related to the distribution of IBIPs and wider life insurance business:
  - inducements (Chapter 3)
  - suitability and appropriateness (Chapter 4)
  - information and product disclosure (Chapter 5)

---

6 An ‘intelligent copy out’ approach means adhering closely to the wording of the IDD when drafting the relevant provisions in the Handbook, but using alternative wording where appropriate to align with UK law and practice.

7 An IBIP is an insurance product that offers a maturity or surrender value that is exposed to market fluctuations. Examples include endowment policies and insurance bonds. The IBIP definition in the IDD excludes most term life assurance, non-investment insurance and pension products.
changes to our rules to implement requirements in the IDD that apply to life and non-investment insurance business, including:

- conflicts of interest (Chapter 6)
- product oversight and governance (Chapter 7)
- Perimeter Guidance (Chapter 8)
- regulatory processes (Chapter 9)

additional changes to the Handbook (Chapter 10)

feedback to quarterly consultations CP17/32 and CP17/39 (Chapter 11)

Potential application date delay

1.10 On 20 December 2017, the European Commission (the Commission) proposed delaying the application date of the IDD to 1 October 2018. The Commission is also preparing to postpone the application of two delegated regulations adopted under the IDD. The European Parliament and the Council will need to agree on the new application date before the delay is formally adopted and published in the Official Journal of the European Union. Under this proposal, firms would have until 1 October 2018 to implement the new IDD requirements.

1.11 We recognise that, in the event of a delay, firms may be in a position to comply with the IDD early. We believe that, in general terms, the IDD provides consumer protection that is similar to, or greater than, our current requirements and that, as a result, firms should be able to comply early if they choose to do so.

1.12 We have, therefore, included a formal transition period in our near-final rules (see GEN TP4) to clarify that firms may adopt some or all of the new IDD requirements early if they so choose. This transitional provision requires firms to have regard to whether the new requirements are similar in purpose to our current rules, and provide consumer protection that is similar to, or greater than, our current rules. It also requires firms to keep a clear record of their decision to comply early, including whether this relates only to a specific requirement or all IDD requirements. If the delay is not ultimately agreed by the European Parliament and the Council, we will remove this transitional provision from our final rules. In the near-final rules instrument at Appendix 1 we have included the various dates (including those in relation to when provisions will come into force) in square brackets. This due to uncertainty over the delay to the IDD as the Commission proposal has not yet been confirmed. If the transposition date of the IDD is also delayed then that may delay when we make our final rules and so when the transitional provision would come into force.

Summary of feedback and our response

The third IDD CP, CP17/33

1.13 We received 45 responses to CP17/33, most of which supported our proposals or asked for further guidance. In general, we are implementing the consultation proposals with only minor changes.

1.14 Some of our changes are necessary to reflect amendments made, after we published CP17/33, in relation to the implementation of MiFID II. We have also decided to make some changes from the approach on which we consulted following consideration of the consultation feedback and ongoing discussions at EU level. These changes relate to matters including the rules for inducements and for mandatory occupational pension arrangements.

1.15 While most respondents agreed with our proposals, we received a range of feedback in relation to 2 particular policy proposals, to:

- apply the conflicts of interest requirements to general insurers
- improve alignment with MiFID II product governance requirements by applying additional rules to manufacturers of insurance products

1.16 We believe that it is appropriate to continue with the overall approach on which we consulted, but we are making some changes to the product governance rules in light of the feedback received.

The second IDD CP, CP17/23

1.17 A number of proposals in CP17/23 – including those related to conflicts of interest, inducements and product governance – were subject to additional proposals in CP17/33. As we needed to consider the rules in light of feedback to CP17/33, we did not include near-final rules or a detailed response to feedback for these matters in PS17/27. Instead, we have taken this feedback into consideration in this PS and in the near-final rules included in the appendix.

Quarterly consultations CP17/32 and CP17/39

1.18 We also consulted on some additional IDD-related matters in quarterly consultations, and summarise feedback in this PS. The CPs included proposals for:

- consequential amendments to some FCA forms
- changes to the Enforcement Guide (EG)
- other miscellaneous changes to implement the IDD

1.19 We did not receive any feedback to CP17/32. We received 1 response to CP17/39. We will make the rules on which we consulted.

Equality and diversity considerations

1.20 We have considered the equality and diversity issues that may arise from the measures in this PS. Overall, we do not consider that they adversely impact any of the groups with protected characteristics, i.e. age, disability, sex, marriage or civil partnership, pregnancy and maternity, race, religion and belief, sexual orientation and gender reassignment.
Next steps

1.21 We intend to publish final rules once the Treasury’s legislation is in force. Firms affected by these rules will need to ensure compliance by the application date specified in these final rules, depending on the outcome of the proposed delay.
Chapter 2

2 Approach to the delegated acts

2.1 In this chapter we summarise the feedback we received in relation to our proposed approach to replicating the IDD delegated acts in the Handbook.

Our proposals

2.2 The IDD empowers the Commission to adopt delegated acts related to the product oversight and governance requirements and in relation to the distribution of IBIPs. Both delegated acts take the form of directly-applicable regulations. The requirements will apply directly to those firms within the scope of the regulations regardless of their implementation in the UK. In this paper we refer to the delegated acts as the ‘product governance regulation’ and the ‘IBIP regulation’.

2.3 Due to the links between the IDD provisions and the regulations, we proposed to reproduce the provisions of the regulations in our Handbook. This should assist firms by setting out all the requirements in one place. We also proposed to apply provisions from the regulations as rules for firms conducting insurance distribution business that is not within scope of the IDD or the directly-applicable regulations but to which our existing rules apply.

Feedback received

2.4 29 respondents provided feedback on these proposals, with most offering support for the approach on which we consulted. Two respondents disagreed with the proposals, citing the costs of regulation as the reason.

2.5 Two respondents commented specifically on the proposal to apply requirements drawn from the regulations as rules for firms that are not within scope of the regulations. They said that we should only go beyond the directive minimum where there is a need to protect customers and that we should avoid creating distortions with other European Economic Area (EEA) markets.

Our response

We are proceeding with the approach on which we consulted. We will replicate the product governance and IBIP regulations in the Handbook and apply the provisions as rules for firms that are not within scope of the regulations but to which our rules apply.

---

Our existing rules already apply to firms which would not be within scope of the regulations, with the aim of creating a level playing field for firms distributing insurance in the UK. We consider that it is important to take this approach to ensure appropriate levels of consumer protection for all insurance distribution, and to promote competition by applying similar requirements across the sector.
Part I:
Requirements for life insurance distribution business
3 Inducements

3.1 This chapter summarises the feedback we received in relation to our proposed approach to the inducements requirements of the IDD, including those in the IBIP regulation.

Our proposals

3.2 Our overall approach as originally outlined in CP17/23 and reiterated in CP17/33 was to:

- apply the inducements rules in Chapter 2.3A of the Conduct of Business Sourcebook (COBS), rather than our existing rules in COBS 2.3, to firms distributing IBIPs
- copy out the IDD requirements relating to the detrimental impact test, alongside the MiFID II quality enhancement provisions in COBS 2.3A
- maintain the existing requirements in COBS 2.3, without change, for life insurance business other than IBIPs
- retain the Retail Distribution Review rules (including where amended by PS17/14\(^{10}\)), including COBS 6.1A on adviser charging

3.3 In CP17/33, we also proposed:

- To reproduce within COBS 2.3A the relevant provisions on inducements from the IBIP regulation, and to apply these requirements as rules for firms which are subject to our existing rules but not within scope of the IDD. We also proposed to 'translate' some words and phrases used in the IBIP regulation into Glossary terms as part of a new COBS 1.3.

- To align the inducements rules for IBIPs with the MiFID II requirements in COBS 2.3A where MiFID II includes relevant additional detail compared to the IDD. We proposed in particular to do this for certain record-keeping obligations, sales involving more than one distributor firm and ongoing assessments that firms must make to ensure that inducements enhance the quality of services. However, we proposed not to apply all of the COBS 2.3A record-keeping obligations to IBIPs, and instead to continue to rely on the high-level requirements within Chapters 3 and 9 of the Senior Management Arrangements, Systems and Controls sourcebook (SYSC).

- A change to COBS 6.1A regarding minor non-monetary benefits. To make sure that this properly reflected the wording of the IDD inducements test for IBIPs, we proposed to include a ‘detrimental impact’ test.

---

\(^{10}\) PS17/14, Markets in Financial Instruments Directive II Implementation – Policy Statement II, July 2017
• Not to apply certain of the COBS 2.3A MiFID II-based requirements relating to investment research.

Feedback received

3.4 We received 17 responses to these proposals. Most supported our proposed approach but 2 respondents disagreed with it: 1 disagreeing with the regulatory burden of disclosing broker earnings, the other providing no reason.

3.5 After the consultation closed, we received an email about the application of the rules for acceptable minor non-monetary benefits for retail clients and the position of professional clients.

Our response

We are making near-final rules in line with our proposed approach. We indicated in PS17/27 that we were still considering whether it is possible for the rules for IBIPs (COBS 2.3A) to apply only the MiFID II-derived high-level requirement that inducements must enhance the quality of the service. In light of clarifications from ongoing European transposition work in relation to the IDD, we have decided to apply this high-level requirement. To provide further detail to help firms meet the rule, we also propose to reproduce some of the provisions from the IBIP Regulation. In general, we would expect that firms meeting the MiFID II standard would also meet the IDD standard. This will provide a single standard across business to which COBS 2.3A applies, including IDD and MiFID II business. However, European transposition work in relation to the IDD is continuing and we may need to take this into account when making our final rules.

In relation to the question about minor non-monetary benefits, there are differences in approach in MiFID II and the IDD, with MiFID business subject to greater restrictions. We consider it is appropriate to reflect this difference in our rules in light of the different protection needs for retail and professional clients. We have, however, proposed a minor change to the rules to clarify the position. We have also made a minor change to allow firms to receive or make payments or benefits which enable or are necessary for the distribution of an IBIP (e.g. regulatory levies or legal fees). This aligns with existing rules and MiFID II. We have considered whether these changes will have any impact on the costs and benefits we set out in Annex 2 of CP17/23 and CP17/33, and have concluded that it will not. In the CPs we said we didn’t expect the proposed rules to generate additional significant costs and the minor changes we are making to the near-final rules will not alter this position. The amended rules aim to ensure a similar degree of consumer protection as those on which we consulted, thus we expect any changes to the level of expected benefits to be minimal.
4 Suitability and appropriateness

4.1 This chapter summarises the feedback we received about our proposed approach to the suitability and appropriateness requirements of the IDD, including those in the IBIP regulation.

Our proposals

4.2 In CP17/33, we proposed to:

• reproduce the relevant parts of the IBIP regulation in our Handbook and to apply them as rules for firms which are subject to our rules but to which the IDD doesn’t apply directly, when they distribute IBIPs

• provide guidance on SYSC 9.1.2AR (consulted on in CP17/23) to clarify the interaction of this rule with the record retention period specified in the IBIP regulation

• update our guidance on assessing suitability at COBS 9A.2.21G to include IBIPs, in order to clarify that the suitability test includes consideration of the type, characteristics and frequency of transactions

• amend COBS 2.4 (and guidance in COBS which cross-refers to that chapter) to include a rule to enable firms subject to the COBS 9A or COBS 10A requirements to rely on a suitability test or an appropriateness test conducted by another firm

Feedback received

4.3 We received 17 responses to these proposals. Most supported our proposed approach but 5 respondents disagreed with the proposals. They said that the proposed rules didn’t clarify whether the requirement to conduct an appropriateness test applies where customers top-up existing policies or switch to a fund deemed complex within an existing product. Respondents said the IDD requirements were not intended to be retrospective or to apply the appropriateness test to existing policies.

Our response

We are making near-final rules in line with our proposed approach. This includes our approach to record-keeping standards which we highlighted in PS17/27.

We confirm that the rules on the application of the appropriateness test are intended to apply to new contracts with effect from the IDD application date. In general terms, fund switches and exercise of existing contractual options won’t trigger those requirements. The application
provisions apply the rules only where a firm is carrying out insurance distribution activities in relation to an IBIP.

We said in PS17/27 that we will engage with any firms concerned about the impact of the IDD on the basic advice regime. Firms that have not yet come forward but which have concerns should contact us using the contact details on page 2.

We are retaining the 5-year minimum term for retention of records about suitability and appropriateness. As well as the minimum term for record retention, the IBIP regulation requires firms to hold the records for at least the duration of the relationship between the firm and the customer, which may be longer than 5 years.

The IBIP regulation provides more detail on the range of products to be considered non-complex and we will copy these requirements into our rules. The European Insurance and Occupational Pensions Authority (EIOPA) has also published guidelines to help determine if a product is complex or non-complex.¹¹ We indicated in PS17/27 that we would consider these guidelines and how they may be taken into account in our assessment of the market. We intend to cross-refer to the guidelines in our rules to allow firms to take account of and follow this guidance.

¹¹ EIOPA guidelines on IBIPs that incorporate a structure which makes it difficult for the customer to understand the risks involved, October 2017: https://europe.europa.eu/Publications/Reports/Final_Report_IDD_guidelines_execution_only.pdf.
5 Information and product disclosure

5.1 This chapter sets out the feedback we received relating to the information disclosure requirements on which we consulted in CP17/33 and our response to it.

Additional disclosures

Our proposals

5.2 There are several existing FCA rules that are not replicated in the IDD or the IBIP regulation. Our general approach has been to maintain current levels of consumer protection where our rules contain additional obligations or greater detail than the IDD. We, therefore, proposed in CP17/33 to introduce rules to make sure they continue to apply to life insurance distribution.

Feedback received

5.3 Most of the 17 responses we received agreed with our proposals. No respondents disagreed, but some asked us to clarify our expectations on a number of points:

- whether the disclosures apply to top-ups, switches and other customer-exercised contractual options where a new contract results
- whether the requirement to provide a single disclosure of costs and charges for the IBIP and advice would be helpful for customers
- if the annual cost disclosures required by the rules apply only where a firm is providing ongoing insurance distribution activities
- whether the requirement to disclose ‘all costs and charges’ can be met by the provision of prescribed disclosure documents (the Key Features Documents and the Key Features illustrations, or the Packaged Retail and Insurance-based Investment Products (PRIIPs) Key Information Document (KID) together with disclosure of any cost of advice and/or arranging activities)

Our response

We are making near-final rules in line with our proposed approach. In response to the requests for clarification:

- The requirements apply where a firm is carrying on ‘insurance distribution activities’. This is a defined term covering activities such as advising on investments, and assisting in the administration and performance of a contract of insurance. Firms will need to comply with the disclosure rules where they conduct these activities – including in relation to a customer topping up an existing contract, making a fund switch or exercising other contractual options.
- Aggregated costs and charges disclosure can benefit customers
by allowing them to see the total charges for an IBIP, taking account of the cost of advice, and enable them to take an informed decision about whether to proceed. Firms are also obliged to provide an itemised breakdown of charges, when this is requested by a customer. They could consider providing this breakdown proactively, if they determine it is important to the customer’s ability to understand the product and service. In addition, under the adviser charging rules in COBS, distributor firms must provide customers with information about the firm’s charging structure before a personal recommendation is provided. Customers should, therefore, be provided with information on the cost of the advice service and the total charges for the recommended IBIP, taking account of the cost of advice.

- Annual cost disclosures are only required where firms are carrying on insurance distribution activities. However, firms are also subject to requirements, in COBS 16, to provide customers with periodic reports which include information on product charges.

- As explained in PS17/27, we consider that, where prescribed disclosure documents, such as the PRIIPs KID, set out all relevant costs and charges they can be adequate to meet requirements under COBS rules. However, where there are costs and charges associated with the distribution of a life policy which are not included in a KID (or if the KID is not required for a product) then firms will need to make separate disclosures.

---

**Communicating in good time**

**Our proposals**

5.4 A number of disclosures are required to be provided to customers ‘in good time’ before providing a service or before the conclusion of the contract. We proposed to introduce Handbook guidance to help firms consider what this means in practice. This guidance encourages firms to consider the amount of time a customer will need to read and understand information taking into account the urgency of the situation and the relative complexity of the product or service in question.

**Feedback received**

5.5 Eighteen respondents provided feedback. While all welcomed guidance on this point, 3 said that it would be better to add greater certainty, perhaps based on the minimum time needed by different customer groups, or with a minimum number of working days, for customers to read information. One respondent suggested that we provide some examples of good practice.

5.6 Some responses to CP17/23 are also relevant to this discussion. We did not provide feedback to them in PS17/27 as the issue was subject to further consultation in CP17/33. In particular:

- one respondent said that the rules on the timing of disclosure vary, requiring disclosure ‘in good time’ in some cases and ‘in good time before conclusion of the contract’ in others.
another respondent asked if the disclosures required by COBS 6.1ZA would need to be provided ‘in good time before the provision of investment services or ancillary services’, in line with MiFID II disclosure requirements, since the IDD and MiFID II rules appear in the same chapter.

Our response

We are taking forward the guidance on which we consulted. We note the requests for more detailed guidance setting more specific expectations or good practice standards but believe this would be inappropriate. Additional detail could reduce flexibility for firms and would go further than in other sectors, such as for MiFID II, which have the same guidance as we are introducing without including more detail.

In response to the consultation feedback to CP17/23:

- Where the wording varies, firms must take account of the guidance we have introduced to consider the customer’s need for sufficient time to read and understand the information.
- The timing rules align with those in MiFID II.

Mandatory occupational pension arrangements

Our proposals

5.7 In CP17/33 we consulted on implementing Article 22(5) of the IDD in our rules. This sets out information disclosure requirements for an insurance distributor when an employee becomes a member of a mandatory occupational pension arrangement, without having taken an individual decision to join it. We asked for comments on our proposal to include this requirement in our rules.

5.8 The IDD does not define what would qualify as a mandatory occupational pension arrangement. We, therefore, also asked respondents to consider what current or future arrangements in the UK may fall within scope of the IDD.

Feedback received

5.9 Eight of the 12 responses received in relation to our proposed approach agreed with it. Other respondents made suggestions to help improve the clarity of expectations:

- Some said that, if workplace pensions used for auto-enrolment are within scope of the rules, this should be clearly stated. Another option suggested was to require providers to state in their product disclosure material if products are within scope of the requirement.
- One respondent said firms would need to complete a demands and needs assessment to comply with the rule and asked how individualised this would need to be where firms have no direct contact with the individuals joining the scheme.

5.10 We received 4 responses to our question about which UK arrangements could fall within scope of the rule. One said that they expect very few arrangements to do so.
and another said that it is difficult to assess the impact of the rule without a clearer definition. Two respondents said that, if workplace pensions are seen to fall into scope, the extra regulatory costs may lead firms to switch to using trust-based schemes which are not subject to the same requirement.

Our response

In light of the feedback received, ongoing discussions at EU level and following further consideration, we are not including additional rules to implement Article 22(5) which, we understand from EU discussions, was intended to operate as an exemption rather than an additional requirement. Where pension arrangements caught by the IDD are within our rules, we are applying the relevant IDD requirements without this exemption.

We have considered whether this is likely to have any impact on the costs and benefits we set out in Annex 2 of CP17/33. Although in CP17/33 we said we did not expect the Article 22(5) requirements to apply widely in the UK, firms would have incurred costs considering it and whether it had an impact on their business, so costs to the industry should be lower as a result of our decision. Making the rules on which we consulted could also have led to consumer harm if it added unnecessary costs which were passed on to customers or if firms were led to provide inappropriate disclosures. We do not consider that the change will have a significantly different impact on mutual societies.

European transposition work in relation to the IDD is continuing and we may need to take this activity into account when making our final rules.
Part II: Requirements for all insurance distribution business and consequential changes
6 Conflicts of interest

6.1 In this chapter, we respond to the feedback we received in relation to our proposed approach to implement the conflicts of interest requirements of the IDD, including those in the IBIP regulation.

6.2 As we consulted on rule changes in CP17/33 that introduced significant additional requirements to those on which we consulted in CP17/23, we did not include near-final rules in PS17/27. In this PS we set out our approach in relation to feedback received to both CP17/23 and CP17/33.

Our proposals

6.3 In CP17/23 we proposed to implement the IDD requirements in relation to conflicts of interest to all types of insurance, rather than just to IBIP business. The basis for this proposal was to maintain the current scope of our rules and existing consumer protections.

6.4 Where the MiFID II requirements go beyond the IDD Level 1 requirements (for example, in relation to the disclosure of conflicts) we proposed to level up to the MiFID II requirements to create a level playing field of consumer protections and to avoid competitive distortions. We, therefore, proposed to apply relevant existing rules in SYSC 10 (as amended following MiFID II implementation) to firms carrying on insurance distribution.

6.5 Where the IDD requirements go beyond those in MiFID II or our current rules, we proposed to copy out those requirements. For example, this includes the IDD requirement that the arrangements put in place to prevent conflicts of interest should be proportionate to the activities performed, the insurance products sold and the type of distributor.

6.6 For insurers, we proposed to include a new section in SYSC 3 dealing with the conflicts of interest requirements. We proposed to implement the IDD minimum requirements and that the rules should apply to all types of insurance, rather than IBIP business only, as is the case with insurance intermediaries.

6.7 In CP17/33, we proposed, for firms to which the IBIP regulation applies directly, to reproduce the relevant provisions of the IBIP regulation in SYSC 3 for insurers and in SYSC 10 for other firms. For firms that are not directly subject to the IBIP regulation, we proposed to take the following approach:

- For insurers to which the IBIP regulation doesn’t apply directly, we proposed to apply the IBIP regulation requirements as rules in SYSC 3.

- For insurance distributors to which the IBIP regulation doesn’t apply directly, we proposed to rely on the existing provisions in SYSC 10 (as amended for MiFID II), as these are similar to the requirements in the IBIP regulation. However, we amended the SYSC 10 provisions, where necessary, to align them more closely to the requirements in the IBIP regulation.
6.8 We also proposed to retain existing requirements in SYSC 10 that go beyond the IDD requirements. In particular, in relation to identifying conflicts of interest, we proposed to retain an example of a type of conflict not included in the IBIP regulation (SYSC 10.1.4R(4) covers situations where the firm carries on the same business as the client; this is replicated in SYSC 10.1.4CR (3) for insurance intermediaries).

Feedback received

6.9 We received 22 responses to these proposals. The majority were supportive; however, 3 respondents disagreed with our proposed approach, on the basis that the relevant articles in the IDD apply to IBIPs and not general insurance. They felt that the associated risks were likely to be different across these products and, therefore, may not warrant a common approach across all firms. They also requested practical examples of, or FCA guidance on, the application of these requirements to general insurance.

6.10 Respondents to CP17/23 commented on a number of matters which were subject to further consultation in CP17/33. We committed in PS17/27 to address this feedback in this PS. While most of these points have been covered above, feedback also covered the potential lack of clarity of the proportionality principle introduced by the IDD and the potential difficulty for firms to evidence compliance with the new rule.

Our response

We are making near-final rules in line with our proposed approach.

As previously indicated, our overall approach is to maintain the current scope of our rules and existing consumer protections. We believe that the benefits of a consistent consumer protection and regulatory regime are significant and outweigh concerns expressed regarding applying the same rules to different types of firms. We do not consider there is a need for further guidance at this time, as it should be clear to general insurance firms what the conflicts rules require and how they apply to them.

In developing these rules, we have taken into account the application of final rules which implement MiFID II. In particular, the MiFID II delegated act provisions apply as rules to common platform firms when carrying on non-MiFID business. Given that these provisions are similar to the existing rules in SYSC 10 and the IBIP regulation, we have amended our approach in relation to the application of the SYSC 10 rules to common platform firms.

Feedback to CP17/23

We have drafted our near-final rules to address issues of clarity wherever possible. As we indicated in PS17/27, the proportionality principle introduced by the IDD is a requirement which goes beyond MiFID II and our current rules and is most appropriately dealt with by copy out into our rules as proposed. Firms must consider how to apply the rules in the context of their own business model, and we will monitor this as part of ongoing supervision.
7 Product oversight and governance

7.1 In this chapter, we respond to the feedback we received in relation to our proposed approach to implement the IDD product governance requirements.

7.2 As we consulted on rule changes in CP17/33 that introduced significant additional requirements to those on which we consulted in CP17/23, we did not include near-final rules in PS17/27. In this PS we set out our approach in relation to feedback received to both CP17/23 and CP17/33.

Our proposals

7.3 In CP17/23 we consulted on introducing rules to implement the high-level measures in Article 25 of the IDD. We also proposed to apply these requirements to firms which may not be within scope of the Directive.

7.4 In CP17/33 we proposed to reproduce the product governance regulation in our Handbook. As part of this, we also proposed to amend the definition of manufacturing on which we first consulted in CP17/23.

7.5 We also consulted on introducing new guidance drawn from the product governance regulation and existing FCA guidance, the Responsibilities of Providers and Distributors for the Fair Treatment of Customers (RPPD). 12

7.6 While the IDD and MiFID II product governance requirements are similar, the MiFID II requirements go further than the IDD in a number of areas. We proposed to improve alignment between the two by introducing requirements based on the additional MiFID II provisions, adapted where necessary for firms conducting different types of insurance business.

Feedback received

7.7 We received 32 responses in relation to our proposals for product governance. Most respondents were in favour of the proposals or requested further guidance but 8 raised concerns.

7.8 The concerns focused on our proposals to increase alignment with MiFID II product governance requirements. In particular, they related to the following requirements:

- Firms must make available information about the target market assessment to distributors, where the IDD only requires manufacturers to make available to distributors all appropriate information on the product and the product approval

---

process, and information regarding the identified target market. Respondents were concerned that the information may contain commercially-sensitive information.

- Firms must consider whether product charging structures are compatible with the needs, objectives and characteristics of the target market.

7.9 Respondents said these requirements are not needed for insurance as the risk to consumer detriment is higher for MiFID II products. Some respondents also said that the costs would be disproportionately high for insurance, particularly for mutual societies and simpler products, and that the benefits we outlined in the cost-benefit analysis were insufficient to justify the additional costs.

7.10 Some respondents questioned whether the MiFID II-derived requirements are consistent with the IDD provision that product governance processes should be proportionate and appropriate for the insurance sector. It was noted that, going beyond the IDD minimum requirements puts the UK out of line with other regulators in the EEA.

7.11 In relation to mutual societies, 1 respondent disagreed with our statement in the Compatibility Statement that these proposals would have no significantly different impact on mutual societies, particularly in relation to mutual societies offering cash plans and smaller-with-profits mutual societies.

7.12 Some respondents said the draft rules appeared to apply to individual contracts of insurance as agreed by customers, rather than at a product level. One respondent said that we didn’t fully reflect Article 3 of the product governance regulation in the definitions of ‘manufacturer’ and ‘manufacturing’. Another respondent suggested that these definitions are broad and, from a practical point of view, consideration should be given to limit the number of parties defined as manufacturers of a product.

7.13 We received a number of responses that asked for more guidance on the following matters:

- identification of the target market and the granularity required
- product and scenario testing, particularly for situations where it is common to see a product sold via a long distribution chain
- to what extent firms dealing with mass market, ‘vanilla’ products should follow the rules
- how manufacturer firms bringing new products to the market can comply with the guidance that they should make sure distributors have the necessary knowledge, experience or competence to understand the product and the target market
- the requirement that manufacturers must make available all appropriate information on products and the product approval process to distributors
- whether the FCA expects product manufacturers to liaise with the next link in the chain and not firms further down the chain, whose identity the manufacturer does not necessarily know

The product governance regulation adds further detail to explain these requirements.
• expectations in situations where distributors have a role in product manufacturing will greatly assist firms to navigate and manage the requirements

• whether a distributor firm that is regarded as a ‘co-manufacturer’ for the product governance rules should be subject only to rules for distributor firms in other respects

• the information that distributors should share with manufacturers to assist in product reviews

• the information that distributor firms should include in the written document of product distribution arrangements that they make available to their relevant staff, and what our expectations are for them to make the information available

7.14 Some responses to CP17/23 are also relevant to this discussion. We did not provide feedback to them in PS17/27 as the issue was subject to further consultation in CP17/33. While most of these points have been covered above, feedback also covered the application of the product governance rules to contracts distributed prior to application of the IDD and to bespoke contracts developed for a single customer.

7.15 We also received some comments to clarify the application of some of the rules:

• It was suggested that PROD 1.4.5R could imply that the rules apply to contracts of large risk (with some firms making the same point as in feedback to the previous CPs that the definition of large risks needs to be updated).

• In relation to the guidance in PROD 4.4 that manufacturer firms should communicate contractual ‘breakpoints’ to the customer, it was suggested that, where an intermediary is involved, they will be in contact with the customer.

• There were some incorrect cross-references and terms in the rules on which we consulted.

Our response

In general we are making near-final rules following the approach on which we consulted.

MiFID II alignment

In relation to our proposal to improve alignment with MiFID II:

• Information about the target market assessment: We believe that this requirement should place distributors in a better position to understand the product, together with any groups of consumers for whom it is less likely to be suitable. The information should assist distributors in designing distribution strategies and with their new obligation to provide relevant information to manufacturers to assist in product reviews. After considering the feedback, we have updated the rule to clarify that firms may assess whether there is commercially-sensitive data which they may elect not to provide, while still ensuring that adequate information is made available.
Assessment of product charging structures: The IDD minimum product governance requirements mean firms must have processes to make sure product design takes account of the objectives, interests and characteristics of customers, doesn’t adversely affect customers and prevents or mitigates customer detriment. We consider that the additional requirement to consider charging structures adds further detail to these high-level requirements. Firms will already incur costs to meet the minimum IDD requirements and any additional costs for this further provision should be relatively low. Even where firms offer low-price products or serve low-income consumers they must still provide an appropriate product that is compatible with the needs, objectives and characteristics of the target market. It is important that less affluent consumers (including those served by mutual societies) are not subject to lower standards. We, therefore, believe that the rules shouldn’t apply in a different way to mutual societies.

Proportionality

Firm product approval processes should be appropriate and proportionate. The processes may be tailored to reflect the nature of the product. For example, simpler, mass market products may not require the same level of disclosure or the same approval processes as more complicated products developed for a smaller target market.

We believe that the rules derived from MiFID II are consistent with the high-level requirements in the IDD. We don’t think they will put UK firms at a competitive disadvantage compared to those in other EEA Member States. We also view these rules as important to provide appropriate levels of consumer protection and to ensure a level playing field with MiFID II products.

The impact on mutual societies

Section 138K of the Financial Services and Markets Act 2000 requires the FCA to set out its opinion of whether the impact of proposed rules, or rule changes, on mutual societies will be significantly different from the impact on other authorised persons. In CP17/33 we stated that we don’t expect the proposals to have a significantly different impact on mutual societies. One respondent challenged this statement because of the costs that would be incurred by mutual societies, which tend to be small. We have considered this again but still believe that the rules will not have a significantly different impact on mutual societies compared to other firms of similar size.

Definitions

To clarify that the product governance rules apply at product level, the near-final rules in this PS use the term ‘insurance product’ rather than the term ‘contract of insurance’, which was used in the draft rules in CP17/33.

We reproduced Article 3 of the product governance regulation in full but in PROD 1.4.3EU rather than the definitions of ‘manufacture’ and ‘manufacturing’. This doesn’t change the applicability of the provisions
and we consider this the appropriate way to reproduce the provisions in our Handbook.

The definitions are intentionally broad and all firms with a role in product manufacture should agree their role and responsibilities in the written agreement required by Article 3(4) of the product governance regulation and PROD 4.2.13EU or PROD 4.2.14R, as appropriate.

Additional guidance
In general, we are not developing additional guidance at this time. We understand that EIOPA is considering the development of guidelines for product governance and we think it is better to wait for that.

We can confirm our policy position on some of the questions posed, however, as follows.

- The guidance that manufacturer firms should make sure distributors have the necessary knowledge, experience or competence to understand the product and the target market isn’t intended to stop manufacturers selecting distributors who don’t have experience with a particular product. Instead, the manufacturer should consider what knowledge, competence or training is needed by distributors in order to meet the guidance.

- Where a distributor firm is regarded as a ‘co-manufacturer’ for the product governance rules, they must still follow the other rules for distributors, including the distributor product governance rules.

- Where an intermediary is regarded as a ‘co-manufacturer’ for the purposes of the product governance rules, they will need to ensure that the product review process takes appropriate account of any direct distribution they undertake. Firms that distribute products they manufacture may wish to consider the distributor product governance rules to assess whether the product remains consistent with the needs of the identified target market and whether the intended distribution strategy remains appropriate. Firms that both manufacture and distribute their own products will need to consider other FCA rules relevant for distributors including, for example, those relating to systems and controls in SYSC or conduct requirements in COBS or the Insurance Conduct of Business Sourcebook (ICOBS).

- When a manufacturer is carrying out a review of a product, they should consider what information is needed and which other firms in the distribution chain to approach to ask for it. Where the distribution chain is long, we would still expect manufacturers to be able to find out which firms distribute their products if they need the information. For example, if they need additional data that can’t be supplied by the firms with which they deal directly, they could ask those firms to gather it.

Feedback to CP17/23
In relation to the comments received in CP17/23:
• The rules only apply to new products manufactured after application of the IDD, or to significant adaptations of existing products after application of the IDD.

• Article 3 of the product governance regulation, reproduced in PROD 1.4.3EU, confirms that distributor firms shouldn’t be considered to be manufacturing in relation to tailor-made contracts at the request of a single customer.

The near-final rules included in this PS include changes from the version provided for consultation which address points covered above. We have noted the feedback in relation to the Solvency II definition of large risks; but this can only be changed at EU level.
8 Perimeter Guidance

8.1 In CP17/33, we consulted on some changes to the Perimeter Guidance manual (PERG) that were necessary to reflect the changes brought about by the IDD. We also included some changes that were necessary to reflect the amended scope of the regulated activity of advising on investments. In this chapter, we discuss the feedback received on those changes.

8.2 In addition, there have been changes to the draft of the UK legislation on which we based our proposed guidance in CP17/33. Those changes have affected the drafting of Article 33B of the Regulated Activities Order (RAO). This chapter discusses the changes we will make to the PERG guidance as a result.

Response to feedback

8.3 We received 20 responses to the proposals for PERG guidance. Most respondents either supported the proposals or suggested that additional guidance would be helpful.

8.4 In particular, 6 respondents suggested that additional guidance would be helpful on the new exemption for the mere provision of information in Article 33B RAO. Respondents asked what ‘mere provision of information’ meant, and what the ‘additional steps’ were that would take an activity outside the scope of the exemption. In particular, respondents gave examples of situations where information might be given to a customer, and asked whether these would be caught by the exemption. The examples often involved the introducer either: (1) seeking to recommend products or persuade customers to enter into them; or (2) providing some sort of tailored quote or personalised information.

8.5 One respondent asked about the proposed guidance in PERG 5.6.4DG about the meaning of ‘potential policyholder’, stating that it would not apply where information was provided in relation to an existing policy. The respondent asked how it applied where an insurance policy was being upgraded or amended and a person was providing information only in relation to an upgrade or amendment.

8.6 One respondent suggested that the fact that the reference to ‘remuneration’ had been removed from Recital 11 meant that our guidance in PERG 5.11.6(3)G needed to change.

Our response

In general, we are proposing to make guidance following the approach on which we consulted. We have set out below where we are intending to make changes. We will continue to monitor the questions of interpretation that arise around the perimeter, to see if any common issues arise that would merit further perimeter guidance.
Article 33B – mere provision of information
In relation to the new exemption in Article 33B of the RAO, we provided an outline of the activity at PERG 5.6.4BG. We have also sought to apply the exemption, where appropriate, to PERG 5.15 which provides illustrative examples to help show whether an activity is regulated. We appreciate the helpful feedback around common situations where the exemption could come into play.

At this stage, we think that the guidance on which we consulted is adequate to make sure that PERG is consistent with the IDD and gives an appropriate outline of the perimeter. We think the examples raised by respondents are likely to be outside the new exemption. It seems clear from the Treasury’s consultation that the intention behind the exemption isn’t to capture situations where the information provider is also seeking to persuade or influence the customer into purchasing a product. The context in which the information is provided will always be important. Where the person providing the information is also doing or saying anything that, when taken together with the provision of information, could be taken as seeking to persuade a customer to take out a product, or to do business with an insurer, they will generally be outside of Article 33B. We would usually view the provision of tailored, personalised quotes as clearly involving additional steps to the mere provision of information. We will amend our example in PERG 5.15 about telemarketers, as it seems unlikely that they would be providing information without also seeking to persuade or influence the recipient.

As regards the comment around the guidance in PERG 5.6.4DG about the meaning of ‘potential policyholder’, we will remove that guidance. Now that rights to and interests in contracts of insurance are no longer within scope of the exemption (see ‘Changes to UK Legislation’ below), there is unlikely to be any situation where information is provided in relation to an existing contract, which would (absent the exemption) constitute arranging. Where an existing policyholder is looking to renew a contract or enter into a different contract, they will be a ‘potential policyholder’ in relation to that new contract.

By way of business
As regards the comment on PERG 5.11.6G(3), we will make the changes necessary to reflect the amended wording of Recital 11 to the IDD. We do not, however, feel that the substance of the guidance itself needs to be changed. PERG 5.11.6(3) discusses the application of the by way of business test to group companies. Feedback pointed out that the words ‘for remuneration’ had been removed from the recital, meaning that remuneration should perhaps no longer form part of the by way of business test. However, the concept of the service being provided for remuneration is now built into the IDD definitions of insurance intermediary, ancillary insurance intermediary and reinsurance intermediary. Remuneration is also now expressly defined. We are, therefore, comfortable with the concept of services being performed for remuneration still forming part of the by way of business test.
Changes to the UK legislation

8.7 The UK legislation that will implement the IDD has changed since the draft on which we based our proposed guidance for consultation. For the regulatory perimeter, and the guidance in PERG, the relevant changes are to Article 33B of the RAO. Those changes are:

- the Article 33B exemption now only applies to information provided to, or about, ‘insurance intermediaries’ and ‘reinsurance intermediaries’ (as well as insurers), and not to ‘ancillary insurance intermediaries’
- the exemption now does not apply to information about rights to or interests in contracts of insurance – only to information about contracts of insurance themselves

8.8 We have, therefore, made changes to the proposed PERG guidance on which we consulted to reflect those changes.
9 Regulatory processes

9.1 This chapter summarises the feedback we received to our proposals in CP17/33 about amendments to various regulatory processes required to implement IDD requirements. Our proposals related to the registration of insurance intermediaries, passporting and professional firms. This chapter is relevant to all insurance distributors.

Our proposals

9.2 In CP17/33 we proposed various amendments to our Handbook:

- Registration (including Appointed Representatives (ARs)) – we noted that the authorisation process will remain substantively the same and that there is no requirement for firms that are already registered under the IMD to re-register. In relation to ARs, we proposed amendments to Chapter 12 of the Supervision manual (SUP) to reflect the IDD registration requirements, including a requirement on the principal firm to collect the additional information from the AR that is required by the IDD. We also said we would consider whether any further changes were required, including to the AR notification forms.

- Passporting – we proposed to make changes to SUP to reflect the IDD requirements in relation to passporting. This included amending the relevant forms in SUP 13 to reflect the additional IDD requirements for information to be provided by a firm in a passporting notification.

- Professional Firms – we proposed to make various changes to our Professional Firms sourcebook (PROF) to make sure the relevant provisions of ICOBS and COBS that implement the IDD are applied to authorised professional firms (APFs). This was to align with the changes that had been proposed to ICOBS 1 Annex 1 in CP17/7, and those proposed to COBS 18.11 in CP17/33. We proposed to continue our existing approach of applying a more limited range of rules in ICOBS and COBS to the non-mainstream regulated activities of APFs, and of these rules only applying to APFs where their professional body does not have an equivalent requirement to implement the IDD.

Feedback received

9.3 No respondents objected to our specific proposals in these areas, although we were asked whether there would be any further changes to the AR forms.

9.4 One respondent asked for clarification regarding whether pensions are within scope of the IDD and, therefore, covered by its passporting arrangements.
Our response

In this PS we set out near-final rules in line with the draft rules on which we consulted in CP17/33.

In response to the requests for clarification:

Registration/ARs
We have decided that no further changes are required to implement the registration requirements of the IDD, including to the AR notification forms. However, we believe that it is appropriate to amend the declarations made by all principal firms, including those carrying on IDD business, when they notify us of appointments or changes of ARs. We plan to amend the AR notification forms to require the principal to confirm that they have complied with their regulatory obligations in respect of ARs, including those in SUP 12. We intend to consult on this proposed change in a future quarterly consultation paper.

Passporting
As we explained in PS17/27, where a pension takes the legal form of an insurance contract, such as an insurance-based group personal pension or a contract-based pension scheme, it will be within scope of the IDD (carrying forward the position under IMD). The carrying on of distribution activities for such pensions will be subject to certain requirements of the IDD (as was the case under the IMD).

A passport under the IDD will allow a firm to carry on activities within the scope of the directive in relation to contracts of insurance (including pensions that take the legal form of an insurance contract) in the Member States to which the passport applies (again, as was the case under the IMD).
10 Additional changes to the Handbook

10.1 This chapter sets out how we will implement consequential changes to the Handbook following our implementation of the IDD, an additional change to the rules in SYSC and changes to the application of ICOBS to third-party processors (TPPs).

Consequential changes to the Handbook

Our proposals

10.2 We consulted on various changes to the Handbook, which consist of aligning existing provisions with the new terms used to implement the IDD.

Feedback received

10.3 We received 18 responses in relation to this, all of which agreed with our proposals.

Our response

We will make near-final rules taking forward the proposals on which we consulted.

Additional changes to SYSC

Our proposals

10.4 We also proposed a change to SYSC to implement an IDD requirement that firms must approve, implement and regularly review their procedures for professional and organisational requirements.

Feedback received

10.5 Twenty respondents commented on our proposals to update SYSC. All responses supported the approach, though 1 said that the relevant IDD article should apply to insurance and reinsurance undertakings only, not insurance intermediaries.

Our response

We will make near-final rules on the basis on which we consulted in CP17/33.

Under the SYSC 1 Annex 1 application provisions, SYSC 2 and 3, including the new rules, apply to insurers, managing agents and the Society of Lloyd’s, so the rules will not apply to insurance intermediaries.
The application of ICOBS to third-party processors

Our proposals

10.6 In CP17/23 we consulted on changes for how the ICOBS rules on remuneration disclosures applies to TPPs.

Feedback received

10.7 We did not receive any comments about these proposals.

Our response

Remuneration disclosure by an insurer
We consulted on a modification to ICOBS 1 Annex 1 paragraph 1.1 which would have required a TPP to disclose the same type of information about the nature of remuneration received by its employees, as insurers would in relation to their employees (i.e. under ICOBS 4.3.-6R).14

We no longer think it is necessary for customers to receive this level of information. We think it is sufficient to require disclosure of remuneration information about the employees of the insurer (as required by the IDD). This includes TPPs (as the definition of employee includes an agent), so the insurer will need to disclose details about the remuneration of any TPPs it uses.

Remuneration disclosure by an intermediary
A TPP carrying on insurance distribution activities for an insurer (or intermediary) will itself be an insurance intermediary for IDD purposes. So TPPs will need to meet the ICOBS remuneration disclosure requirements applicable to intermediaries. Separately if the TPP’s principal is itself an intermediary, these disclosure requirements also apply to that principal firm.

Our consultation set out our intention to preserve the existing position that a TPP does not need to disclose its identity to the customer. The FCA’s view is that, whilst TPPs need to make the disclosures required, as a matter of interpretation (of ICOBS 4.3.-7R), they do not need to disclose their identity when making the remuneration disclosure. For the avoidance of doubt, we have added new guidance in ICOBS Annex 1 to set out this view.

For example, where accurate, a TPP working for an insurer could use a statement along the following lines (to capture the requirements on both insurer and TPP without disclosing the TPP’s identity):

‘Employees and businesses who work for [insurer] are remunerated in various different ways for selling insurance contracts. Employees receive a basic salary and also receive a bonus based on a number of factors, including the achievement of sales and quality targets.'

See page 46 of CP17/23 and the relevant rules in the Appendix of draft Handbook text.
Businesses which work for the insurer on an outsourced basis receive a fee and also additional payments based on a number of factors, including the achievement of sales and quality targets.

We have considered whether this approach is likely to have any impact on the costs and benefits we set out in Annex 2 of CP17/23 and have concluded that it will not. This is because we have already accounted for the additional costs associated with making the disclosures in our cost-benefit analysis in CP17/7. The costs arise from making changes to documentation, which would need to be made anyway. We do not consider that changes to the specific wording will affect these costs. Nor do we consider that the change will lead the rules to have a significantly different impact on mutual societies.

Demands and needs requirements for connected travel insurance providers

10.8 In PS17/21 we confirmed that the rules in ICOBS 5.2 would apply to providers of connected travel insurance (CTI). These rules implement the IDD requirements on identifying and specifying customer demands and needs, and ensuring that products offered are consistent with those demands and needs. We have subsequently become aware that the near-final rules set out in PS17/21 did not adequately reflect that position. We are amending ICOBS 5.2.1R to make clear that the rules apply to CTI providers. We have also amended ICOBS 5.3 to make clear that CTI providers who offer advice do not need to provide a personalised recommendation explaining why the product recommended best meets the customer’s needs. They will, however, need to ensure that the advice they give is suitable.

Insurance Distribution Directive implementation

PS18/1

Chapter 11

11 Feedback to CP17/32 and CP17/39

11.1 This chapter sets out the feedback we received to matters on which we consulted in the quarterly consultations CP17/32 and CP17/39.

CP17/32: Consequential changes to forms within the Handbook

11.2 In CP17/32 (Quarterly Consultation Number 18) we proposed to make consequential changes to a number of forms in SUP and also the associated Handbook SUP annex relating to the implementation of the IDD. These include changes to references to:

- The 'Insurance Mediation Directive' or 'IMD'. We proposed to change these so that they refer to the 'Insurance Distribution Directive' or 'IDD' respectively.
- 'Insurance mediation' and 'Insurance mediation activities'. We proposed to change these to 'insurance distribution' and 'insurance distribution activities' respectively.

11.3 We received no feedback in relation to these proposals.

Our response

We will implement the proposals as set out in CP17/32.

CP17/39: IDD-related changes to the Enforcement Guide

11.4 In CP17/39 (Quarterly Consultation Number 19) we consulted on changes to our Enforcement Guide (EG) due to enforcement requirements under the IDD. We proposed only minimal changes, as we are using existing enforcement policies and procedures, including the use of our investigatory and sanctioning powers and penalty policy, for the wider scope of the IDD.

11.5 The powers required to enforce the obligations under IDD are contained within FSMA and we will, therefore, follow our existing policies and procedures as explained in the Decision Procedure and Penalties manual (DEPP) and EG. For breaches of IDD requirements we proposed to use our current enforcement policies and procedures, including investigatory and sanctioning powers, and to apply our current penalty policy as described in DEPP 6. We did not propose any changes to DEPP as we considered that relevant requirements under the IDD are covered by our current policies and procedures. However, there are some limited changes to be made in EG to reflect the IDD.
11.6  We proposed to change EG by:

- Updating references from IMD to IDD.

- Signposting sections 203A and 204B of FSMA which will enable us to agree enhanced supervision for EEA firms and allow the same treatment of UK firms within the EEA in particular cases. We proposed to insert a new section EG 3.8B which described the existence of this type of cooperation.

Feedback received

11.7  We received 1 response in relation to these proposals. The respondent agreed with our proposals.

Our response

We will implement the proposals as set out in CP17/39.

CP17/39: Other miscellaneous IDD-related changes

Our proposals

11.8  In CP17/39 we also proposed further changes as part of IDD implementation. These include changes to:

- the Variation of Permission application form (at SUP 6 Annex 5D) to cover information required by the IDD

- SUP 15.3.11R which will require firms to notify us where they are aware of a breach of any directly applicable EU regulation made under the IDD

Feedback received

11.9  We received 1 response in relation to these proposals. The respondent agreed with our proposals.

Our response

We will implement the proposals as set out in CP17/39.

We have developed the policy in this Policy Statement in the context of the existing UK and EU regulatory framework. The Government has made clear that it will continue to implement and apply EU law until the UK has left the EU. We will keep the proposals under review to assess whether any amendments may be required in the event of changes in the UK regulatory framework in the future.

Some of the articles of the IDD Regulation (see the provisions marked with the status letters “EU”) are reproduced in this section for those insurers for information only.

3.3.3 R (1) To the extent that the IDD Regulation does not directly apply, provisions in this section marked with the status letters ‘EU’ apply to the insurer as if they were rules.

(2) References in Column (1) to a word or phrase used in the IDD Regulation have, for the purpose of SYSC 3.3.3R(1) above, the meaning indicated in Column (2) of the table below:

[Note: article 27 of the IDD]

Proportionality

3.3.9 R The arrangements in SYSC 3.3.8R must be proportionate to the activities performed, the policies sold and the type of insurance distributor the firm is or uses.

Conflicts policy

3.3.10 EU 4(1) For the purposes of Article 27 of Directive (EU) 2016/97, insurance intermediaries and insurance undertakings shall be expected to establish, implement and maintain an effective conflicts of interest policy set out in writing and appropriate to their size and organisation and the nature, scale and complexity of their business.

Where the insurance intermediary or insurance undertaking is a member of a group, the policy shall also take into account any circumstances, of which the insurance intermediary or insurance undertaking is or should be aware, which may give rise to a conflict of interest arising as a result of the structure and business activities of other members of the group.

[Note: article 4(1) of the IDD Regulation]

Contents of policy

3.3.11 EU 4(2) The conflicts of interest policy established in accordance with paragraph 1 shall include the following content:

[Note: article 4(2) of the IDD Regulation]

| 3.3.12 EU 5(1) | The procedures and measures referred to in Article 4(2)(b) shall be appropriate to the size and activities of the insurance intermediary or insurance undertaking and of the group to which they may belong, and to the risk of damage to the interests of the customer. The procedures to be followed and measures to be adopted in accordance with Article 4(2)(b) shall include, where appropriate, the following:

(a) effective procedures to prevent or control the exchange of information between relevant persons engaged in activities involving a risk of conflict of interest where the exchange of that information may damage the interests of one or more customers;

(c) the removal of any direct link between payments, including remuneration, to relevant persons engaged in one activity and payments, including remuneration, to different relevant persons principally engaged in another activity, where a conflict of interest may arise in relation to those activities;

(f) a gifts and benefits policy which determines clearly under which conditions gifts and benefits can be accepted or granted and which steps are to be taken when accepting and granting gifts and benefits.

5(2) Where insurance intermediaries and insurance undertakings can demonstrate that the measures and procedures referred to in paragraph 1 are not appropriate to ensure that the insurance distribution activities are carried out in accordance with the best interest of the customer and are not biased due to conflicting interests of the insurance intermediary, the insurance undertaking or another customer, insurance intermediaries and insurance undertakings shall adopt adequate alternative measures and procedures for that purpose.

[Note: article 5 of the IDD Regulation]

3.3.13 R (1) If arrangements made under SYSC 3.3.8R are not sufficient to ensure, with reasonable confidence, that risks of damage to the interests of a client will be prevented, the firm must:

(a) clearly disclose to the client the general nature or sources of the conflicts of interest (or both); and

(b) include sufficient detail in the disclosure, taking into account the nature of the client, to enable that client to take an informed decision with respect to the insurance distribution activities in the context of which the conflict of interest arises.

(2) The disclosure must be made:

(a) in a durable medium; and

(b) in good time before the conclusion of the contract of insurance.

[Note: article 28(2) and (3) of the IDD]

3.3.14 EU 6(1) Insurance intermediaries and insurance undertakings shall avoid over-reliance on disclosure to ensure that disclosure to customers, pursuant to Article 28(2) of Directive (EU) 2016/97, is a measure of last resort that can be used only where the effective organisational and administrative arrangements established by the insurance intermediary or insurance undertaking to prevent or manage conflicts of interest in accordance with Article 27 of Directive (EU) 2016/97 are not sufficient to ensure, with reasonable confidence, that risks of damage to the interests of the customer will be prevented.

General application
10.1.1 R (1) This section applies to a firm which provides services to its clients in the course of carrying on regulated activities or ancillary activities or providing ancillary services (but only where the ancillary services constitute MiFID business).

(2) This section also applies to a management company.

Requirements only apply if a service is provided

10.1.2 G (1) The requirements in this section only apply where a service is provided by a firm. The status of the client to whom the service is provided (as a retail client, professional client or eligible counterparty) is irrelevant for this purpose.

[Note: recital 46 to the MiFID Org Regulation]

(2) For the avoidance of doubt, a reference to “service” in this section includes all insurance distribution activities.

Identifying conflicts

10.1.3 R A firm must take all appropriate steps to identify and to prevent or manage conflicts of interest between:

(1) the firm, including its managers, employees and appointed representatives (or where applicable, tied agents), or any person directly or indirectly linked to them by control, and a client of the firm; or

(2) one client of the firm and another client,

that arise or may arise in the course of the firm providing any service referred to in SYSC 10.1.1R including those caused by the receipt of inducements from third parties or by the firm’s own remuneration and other incentive structures.

[Note: article 23(1) of MiFID and articles 27 and 28(1) of the IDD]

Types of conflicts

10.1.4 … …

10.1.4A G Other firms (except common platform firms, and UCITS management companies and insurance intermediaries) should take account of the rule on the types of conflicts (see SYSC 10.1.4 R) in accordance with SYSC 1
Annex 1 3.3R.

10.1.4B  R  For the purposes of identifying the types of conflict of interest that arise, or may arise, in the course of carrying on insurance distribution activities and whose existence may damage the interests of a client (“A”), a firm must assess whether:

(1) the firm or a relevant person, or a person directly or indirectly linked by control to the firm; or

(2) (in the case of conflicts between A and another client) the other client, has an interest in the outcome of the insurance distribution activities, which meets the following criteria:

(3) it is distinct from A’s interest in the outcome of the insurance distribution activities; and

(4) it has the potential to influence the outcome of the activities to the detriment of A.

10.1.4C  R  For the purpose of carrying out the assessment in SYSC 10.1.4BR, a firm must take into account, as a minimum, whether the firm or a relevant person, or a person directly or indirectly linked by control to the firm:

(1) is likely to make a financial gain, or avoid a financial loss, at the expense of the client;

(2) has a financial or other incentive to favour the interest of another client or group of clients over the interest of the client;

(3) carries on the same business as the client;

(4) receives or will receive from a person other than the client an inducement in relation to a service provided to the client, in the form of monies, goods or services, other than the standard commission or fee for that service; or

(5) is substantially involved in the management or development of policies, in particular where such a person has an influence on the pricing of those policies or their distribution costs.

…

Record of conflicts

10.1.6  R  A management company and an insurance intermediary must keep and regularly update a record of the kinds of service or activity carried out by or on behalf of that firm in which a conflict of interest entailing a material risk of damage to the interests of one or more clients has arisen or, in the case of an ongoing service or activity, may arise.
[Note: article 20(1) of the UCITS implementing Directive]

10.1.6A  G  Other firms (other than common platform firms and insurance intermediaries) should also take account of the rule on records of conflicts (see SYSC 10.1.6R) in accordance with SYSC 1 Annex 1 3.2BR, SYSC 1 Annex 1 3.2CR and SYSC 1 Annex 1 3.3R).

10.1.6A  R  An insurance intermediary must ensure that its management body receives on a frequent basis, and at least annually, written reports on all situations referred to in SYSC 10.1.6R.

10.1.6B  G  A firm (other than a common platform firm and an insurance intermediary) should ensure that its management body receives on a frequent basis, and at least annually, written reports on all situations referred to in SYSC 10.1.6R. Read SYSC 10.1.6AAR as if “should” appeared in that rule instead of “must”.

Managing conflicts

10.1.7  R  A firm must maintain and operate effective organisational and administrative arrangements with a view to taking all reasonable steps to prevent conflicts of interest as defined in SYSC 10.1.3R from adversely affecting the interests of its clients.

[Note: article 16(3) of MiFID and article 27 of the IDD]

Proportionality – insurance distribution activities

10.1.7A  R  Where a firm carries on insurance distribution activities, the arrangements in SYSC 10.1.7R must be proportionate to the activities performed, the policies sold and the type of insurance distributor the firm is or uses.

[Note: article 27 of the IDD]

Disclosure of conflicts

10.1.8  R  (1)  If arrangements made by a firm under SYSC 10.1.7R are not sufficient to ensure, with reasonable confidence, that risks of damage to the interests of a client will be prevented, the firm must clearly disclose the following to the client before undertaking business for the client:

(a)  the general nature or sources of conflicts of interest, or both; and

(b)  the steps taken to mitigate those risks.

(2)  The disclosure must:

(a)  be made in a durable medium;

[Note: article 20(1) of the UCITS implementing Directive]
(b) clearly state that the organisational and administrative arrangements established by the firm to prevent or manage that conflict are not sufficient to ensure, with reasonable confidence, that the risks of damage to the interests of the client will be prevented;

(c) include specific description of the conflicts of interest that arise in the provision of insurance distribution activities, investment services or ancillary services;

(d) explain the risks to the client that arise as a result of the conflicts of interest; and

(e) include sufficient detail, taking into account the nature of the client, to enable that client to take an informed decision with respect to the service in the context of which the conflict of interest arises.

(3) This rule does not apply to the extent that SYSC 10.1.21R applies.

[Note: article 23(2) and (3) of MiFID and article 28(2) and (3) of the IDD]

10.1.8A R The obligation in SYSC 10.1.8R(2)(a) does not apply to a firm when carrying on insurance mediation activity. [deleted]

... 

10.1.9A R A firm must treat disclosure of conflicts pursuant to SYSC 10.1.8R as a measure of last resort to be used only where the effective organisational and administrative arrangements established by the firm to prevent or manage its conflicts of interest in accordance with SYSC 10.1.7R are not sufficient to ensure, with reasonable confidence, that risks of damage to the interests of the client will be prevented.

[Note: article 5 of the IDD Regulation]

Disclosure of conflicts

10.1A.6 EU  

6(1) Insurance intermediaries and insurance undertakings shall avoid over-reliance on disclosure to ensure that disclosure to customers, pursuant to Article 28(2) of Directive (EU) 2016/97, is a measure of last resort that can be used only where the effective organisational and administrative arrangements established by the insurance intermediary or insurance undertaking to prevent or manage conflicts of interest in accordance with Article 27 of Directive (EU) 2016/97 are not sufficient to ensure, with reasonable confidence, that risks of damage to the interests of the customer will be prevented.

6(2) For the purposes of a disclosure of conflicts of interest insurance intermediaries and insurance undertakings shall do all of the following:

(a) provide a specific description of the conflict of interest in question;

(b) explain the general nature and sources of the conflict of interest;

(c) explain the risks to the consumer that arise as a result of the conflict of interest and the steps undertaken to mitigate those risks;
(d) clearly state that the organisational and administrative arrangements established by the insurance intermediary or insurance undertaking to prevent or manage the conflict of interest are not sufficient to ensure, with reasonable confidence, that risks of damage to the interests of the customer will be prevented.

[Note: article 6 of the IDD Regulation]

Review of conflicts policy

[Note: article 7(1) of the IDD Regulation]

Record keeping

10.1A.8 EU 7(2) Insurance intermediaries and insurance undertakings shall keep and regularly update a record of the situations in which a conflict of interest entailing a risk of damage to the interests of a customer has arisen or, in the case of an ongoing service or activity may arise.

firm, its services and remuneration), COBS 7 (Insurance mediation distribution), COBS 9 (Suitability (including basic advice) (other than MiFID and insurance based investment products)), COBS 9A (Suitability (MiFID and insurance based investment products provisions), COBS 10A (Appropriateness (for non-advised services) (MiFID and insurance based investment products provisions), COBS 11 (Dealing and managing), COBS 12 (Investment research), COBS 14 (Providing product information to clients) and COBS 19 (Pensions: supplementary provisions).

19F.2 IDD remuneration incentives

Application

19F.2.1 R This section applies to insurance distributors carrying on insurance distribution activities from an establishment maintained by it, or its appointed representative, in the United Kingdom.

(2) In particular, an insurance distributor must not make any arrangements by way of remuneration, sales target or otherwise that could provide an incentive to itself or its employees to recommend a particular contract of insurance to a customer when the insurance distributor could offer a different insurance contract which would better meet the customer’s needs.

Where the relevant fee-block is fee-block A.19

For the purposes of calculating annual income for fee-block A.19, also include the following:

(g) in relation to any activities in (a), for any insurance mediation activity insurance distribution activity carried out by the firm for which it receives payment from the insurer on a basis other than that in (a), the amount of premiums receivable on its contracts of insurance multiplied by 0.07;

PLUS:

(h) if the firm is an insurer in relation to the activities in (a), the amount of...
premiums receivable on its contracts of insurance multiplied by 0.07, excluding those contracts of insurance which:
- result from insurance mediation activity insurance distribution activity by another firm, where payment has been made by the insurer to the firm under (a); or
- are not general insurance contracts or pure protection contracts.

AND

(i) for the purposes of calculating annual income for fee-block A.19:- the provision in the UK of the regulated activities specified in FEES 4 Annex 1A Part 1 as belonging to the relevant fee block includes the provision of activities that would have been insurance mediation activity insurance distribution activity in relation to general insurance contracts or pure protection contracts if they had been carried on after 13 January 2005 or, in relation to connected travel insurance contracts, from 1 January 2009; - a reference to a “firm” includes a reference to any person, including a connected travel insurance intermediary, who carried on activities which would be insurance mediation activity insurance distribution activity (in respect of general insurance contracts or pure protection contracts) if they had been carried on after 13 January 2005 or, in relation to connected travel insurance contracts, from 1 January 2009. Guidance on the interpretation of this definition is presented in FEES 4 Annex 13G.

| (3) | Firms should only include revenue streams that relate to regulated activities which are carried on ‘in the United Kingdom’. In many cases, it will be quite straightforward to identify where an activity is carried on. But when there is a cross-border element, for example because a client is outside the United Kingdom or because some other element of the activity happens outside the United Kingdom, the question may arise as to where the activity is carried on. PERG 2.4 generally and PERG 4.11 regarding activities relating to regulated mortgage contracts, PERG 5.12 regarding activities relating to insurance mediation activities insurance distribution activities and PERG 14.6 regarding home reversion plans and home purchase plans describe the legislation that is relevant to this question and gives the FCA’s views on various scenarios. |

6 Financial Services Compensation Scheme Funding

6.1 Application

…

6.1.7A G In order to allocate a share of the amount of specific costs and compensation costs to be funded by an individual participant firm, the funding arrangements are split into ten classes: the investment provision class; the life distribution and pensions intermediation class; the home finance intermediation class; the investment intermediation class; the general insurance intermediation distribution class; the deposit acceptor’s contribution class; the insurers - life contribution class; the insurers - general contribution class; the home finance providers and administrators’ contribution class and the debt management claims class. The permissions held by a participant firm determine into which class, or classes, it falls.

…

6.6 Incoming EEA firms

6.6.1 R If an incoming EEA firm, which is an IMD insurance intermediary, an IDD insurance intermediary, an MCD mortgage credit intermediary or MiFID investment firm, is a participant firm, the FSCS must give the firm such discount (if any) as is appropriate on the share of any levy it would otherwise be required to pay, taking account of the nature of the levy and
the extent of the compensation coverage provided by the firm’s *Home State* scheme.

2 Insurance Responsibility for insurance distribution and MCD mediation activity: responsibility, knowledge, ability and good repute

2.1 Application and purpose

Purpose

2.1.2 G The main purpose of this chapter is to implement in part the provisions of
2.2 **Allocation of the responsibility for insurance mediation distribution activity or MCD credit intermediation activity**

Responsibility for insurance mediation distribution activity or MCD credit intermediation activity

2.2.1 **R** A firm, other than a sole trader, must allocate the responsibility for the firm’s insurance mediation activity, insurance distribution activity or MCD credit intermediation activity to a director or senior manager.

[Note: Article 3(1), fourth paragraph, of the Insurance Mediation Directive article 3(1), eighth paragraph of the IDD and article 29(4)(a), first sentence, of the MCD.]

...  

2.2.5 **G** The FCA will specify in the Financial Services Register the name of the persons to whom the responsibility for the firm’s insurance mediation activity, insurance distribution activity or MCD credit intermediation activity has been allocated by inserting after the relevant controlled function the words “(insurance mediation distribution)” or “(MCD intermediation)”. In the case of a sole trader, the FCA will specify in the Financial Services Register the name of the sole trader as the ‘contact person’ in the firm.

[Editor’s note: The provisions in MIPRU 2.3 are moved to SYSC in a new section SYSC 28 (Insurance distribution: specific knowledge, ability and good repute requirements.)]

2.3 **Knowledge, ability and good repute [deleted]**

2.3.1 **R** A firm (other than a connected travel insurance intermediary) must establish on reasonable grounds that:

1. a reasonable proportion of the persons within its management structure who are responsible for insurance mediation activity, and

2. all other persons directly involved in its insurance mediation activity,

demonstrate the knowledge and ability necessary for the performance of their duties; and

3. all the persons in its management structure and any staff directly involved in insurance mediation activity are of good repute.
2.3.2 G In determining a person’s knowledge and ability, the firm should have regard to matters including, but not limited to, whether the:

(1) has demonstrated by experience and training that he is able or will be able to perform his duties related to the firm’s insurance mediation activity; and

(2) satisfies the relevant requirements in the FCA’s Training and Competence sourcebook and the Senior Management Arrangements, Systems and Controls sourcebook.

2.3.4 G The firm should give particular consideration to offences of dishonesty, fraud, financial crime or other offences under legislation relating to banking and financial services, companies, insurance and consumer protection.

2.3.5 G Firms are reminded that Principle 3 requires firms to take reasonable care to organise and control their affairs responsibly and effectively. Principle 3 is amplified by the rule which requires firms to take reasonable care to establish and maintain such systems and controls as are appropriate to its business (SYSC 3.1.1R and SYSC 4.1.1R). A firm’s systems and controls should enable it to satisfy itself of the suitability of anyone who acts for it (SYSC 3.2.13G and SYSC 5.1.2G). This includes the assessment of an individual’s honesty and competence. In addition, the competent employees rule (SYSC 3.1.6R and SYSC 5.1.1R) sets out a high-level competence requirement which every firm should follow.

3 Professional indemnity insurance

3.1 Application and purpose

Application

3.1.1 R …

(5) This chapter does not apply to:

…

(d) an exempt CAD firm to which IPRU(INV) 9.2.5R (Initial capital and professional indemnity insurance requirements - exempt CAD firms that are also IMD IDD insurance intermediaries) applies.

…
Purpose

3.1.3 The purposes of this chapter are to:

(1) implement article 4.3 articles 10(4) and 10(5) of the Insurance Mediation Directive IDD in so far as it requires insurance intermediaries to hold professional indemnity insurance, or some other comparable guarantee, against any liability that might arise from professional negligence; and

...

3.2 Professional indemnity insurance requirements

3.2.1 If the firm is an insurance intermediary, then the minimum limits of indemnity per year are:

(1) for a single claim, €1,120,200 – €1,250,000; and

(2) in aggregate, the higher of:

(a) €1,680,300 – €1,850,000; and

(b) or, if higher, an amount equivalent to 10% of annual income up to (this amount being subject to a maximum of £30 million).

[Note: Article 4(3) articles 10(4) and 10(5) of the Insurance Mediation Directive IDD]

3.2.7A Article 4(7) of the Insurance Mediation Directive requires the limits of indemnity to be reviewed every five years to take into account movements in European consumer prices. These limits will therefore be subject to further adjustments on the basis of index movements advised by the European Commission.

Article 10(7) of the IDD requires EIOPA to review the limits of indemnity every five years to take into account changes in the European index of consumer prices and to develop draft regulatory technical standards to adapt the base amount in euro by the percentage change in that index. Therefore, the limits of indemnity will be subject to further adjustments that
will apply to firms in accordance with the regulatory technical standards adopted under article 10(7) of the IDD.

[Note: The regulatory technical standards adopted under article 10(7) of the IDD will be available on EIOPA’s website at: https://eiopa.europa.eu/]

4 Capital resources

4.2 Capital resources requirements

4.2.8 If a social housing firm is carrying on home financing or home finance administration (and no other regulated activity), its net tangible assets must be greater than zero. However, if it carries on insurance mediation activity, insurance distribution activity or home finance mediation activity, there is no special provision and the capital resources requirement for firms carrying on designated investment business, or mediation activities, insurance distribution activity or home finance mediation activity only applies to it as appropriate.

Capital resources requirement: insurance distribution activity or home finance mediation activity only

4.2.11 (1) If a firm carrying on insurance mediation activity, insurance distribution activity or home finance mediation activity (and no other regulated activity) does not hold client money or other client assets in relation to these activities, its capital resources requirement is the higher of:

(a) ...

(b) 2.5% of the annual income from its insurance mediation activity, insurance distribution activity or home finance mediation activity (or both).

(2) If a firm carrying on insurance mediation activity, insurance distribution activity or home finance mediation activity (and no other regulated activity) holds client money or other client assets in relation to these activities, its capital resources requirement is the higher of:

(a) ...

(b) 5% of the annual income from its insurance mediation activity, insurance distribution activity or home finance mediation activity (or both).
Capital resources requirement: home finance mediation activity and home financing or home finance administration

4.2.21 R (1) …

(2) If the firm holds client money or other client assets in relation to its home finance mediation activity, the capital resources requirement is:

(a) …

(b) the amount which is applied to a firm carrying on insurance mediation activity insurance distribution activity or home finance mediation activity (and no other regulated activity) that holds client money or other client assets in relation to these activities (see MIPRU 4.2.11R(2)).

4.3 Calculation of annual income

4.3.3 R For a firm which carries on insurance mediation activity insurance distribution activity or home finance mediation activity, annual income is the amount of all brokerage, fees, commissions and other related income (for example, administration charges, overrides, profit shares) due to the firm in respect of or in relation to those activities. But it does not include income generated from carrying on any home finance mediation activity for:

…

4.4 Calculation of capital resources

Subordinated loans

4.4.7 R A subordinated debt must not form part of the capital resources of the firm unless it meets the following conditions:

(1) (for a firm which carries on insurance mediation activity insurance distribution activity, home finance mediation activity (or both) but not home financing or home finance administration) it has an original maturity of:
5 Insurance undertakings distributors and home finance providers using insurance distribution or home finance mediation services

5.1 Application and purpose

Application

5.1.1 This chapter applies to a firm with a Part 4A permission to carry on:

(1) insurance business; or

(1A) insurance distribution activity; or

(2) home financing;

(3) and which uses, or proposes to use, the services of another person consisting of: [deleted]

(a) insurance mediation; or

(b) insurance mediation activity; or

(c) home finance mediation activity.

Purpose

5.1.2 The purpose of this chapter is to implement article 3.6 16 of the Insurance Mediation Directive IDD in relation to insurance undertakings and insurance intermediaries. The provisions of this chapter have been extended to home finance providers in relation to insurance mediation distribution activity, and to insurance undertakings and home finance providers in relation to home finance mediation activity, to ensure that firms using these services are treated in the same way and to ensure that clients have the same protection. To avoid the loss of protection where an intermediary itself uses the services of an unauthorised person, this chapter also ensures that each person in the chain of those providing services is authorised.

5.2 Use of intermediaries

5.2.1 A firm must not use, or propose to use, the services of another person consisting of:
(1) insurance mediation distribution; or
(1A) reinsurance distribution; or
(2) insurance mediation distribution activity; or
(3) home finance mediation activity;

unless MIPRU 5.2.2R is satisfied.

[Note: Article 3(6) article 16 of the Insurance Mediation Directive IDD]

5.2.1 A R MIPRU 5.2.1R does not apply to a firm carrying on an insurance
distribution activity if it uses or proposes to use the services of a person
consisting of home finance mediation activity. In that case, MIPRU 5.2.2R
does not need to be satisfied.

…

5.2.2 R For the purposes of MIPRU 5.2.1R, the person person, in relation to the
activity must:

…

(4) be registered in another EEA State for the purposes of the Insurance
Mediation Directive IDD; or

(5) in relation to insurance mediation activity insurance distribution
activity, not be carrying this activity on in the EEA; or

…

[Note: Article 3(6) article 16 of the Insurance Mediation Directive IDD]

5.2.3 E (1) A firm should:

(a) before using the services of the intermediary, check:
   (i) the Financial Services Register; or
   (ii) in relation to insurance mediation insurance
distribution or reinsurance distribution carried on by an
EEA firm, the register of its Home State regulator;

for the status of the person person; and

(b) use the services of that person person only if the relevant
register indicates that the person person is registered for that
purpose.

(2) (a) Checking the Financial Services Register before using the
services of the intermediary and using the services of that
person person only if the Financial Services Register indicates that the person person is registered for that purpose may be relied on as tending to establish that:

(i) the person person, in relation to the activity, has permission; or

(ii) the person person, in relation to insurance mediation insurance distribution activity, also is an exempt person or an authorised professional firm.

(b) In relation to insurance mediation insurance distribution or reinsurance distribution carried on by an EEA firm, checking the register of the firm’s Home State regulator and using the services of the EEA firm only if the register indicates that the firm is registered for that purpose may be relied on as tending to establish that the firm is registered for the purposes of the Insurance Mediation Directive IDD.

...

13.14.6 G A firm should not include in its annual income those amounts due to it that are used in the calculation of its capital resources requirement under MIPRU 4.2.11R (Capital resources requirement: insurance

Annex K

Amendments to the Conduct of Business sourcebook (COBS)

In this Annex, underlining indicates new text and striking through indicates deleted text, unless otherwise indicated.

After COBS 1.2 (Markets in Financial Instruments Directive) insert the following new section COBS 1.3. The text is not underlined.

1.3 Insurance distribution

References in COBS to the IDD Regulation

1.3.1 G (1) This sourcebook contains a number of provisions which transpose the IDD.

(2) In order to help firms which are subject to the requirements of the IDD to understand the full extent of those requirements, this sourcebook also reproduces a number of provisions of the directly applicable IDD Regulation, marked with the status letters “EU”. The authentic provisions of the IDD Regulation are directly applicable to firms carrying on insurance distribution in relation to insurance based investment products.

(3) This sourcebook does not reproduce the IDD Regulation in its entirety. A firm to which provisions of the IDD Regulation applies should refer to the electronic version of the Official Journal of the European Union for:

(a) the authentic version of the applicable articles of the IDD Regulation; and

(b) a comprehensive statement of its obligations under the IDD Regulation.

1.3.2 G In some cases, this sourcebook applies provisions of the IDD Regulation to firms as if those provisions were rules.

1.3.3 R (1) Where this sourcebook applies provisions of the IDD Regulation as if they were rules, (2) applies to enable firms to correctly interpret and understand the application of those provisions.

(2) In this sourcebook, a word or phrase found in a provision marked “EU” and referred to in column (1) of the table below has the meaning indicated in the corresponding row of column (2) of the table.

(3) In this sourcebook, where a reproduced provision of an article of the IDD Regulation refers to another part of the IDD Regulation, that
other provision must also be read with reference to the table in (2).

1.3.4 G Firms to which provisions of the *IDD Regulation* are applied as if they were rules should use the text of any preamble to the relevant provision marked “EU” to assist in interpreting any such references or cross-references.

Interpretation – “in good time”

1.3.5 G (1) Certain provisions in this sourcebook which implement *IDD* require *firms* to provide *clients* with information “in good time”. There are also other provisions in this sourcebook which require information to be provided “in good time”, for example, *COBS 6.1ZA.19AR*.

(2) In determining what constitutes the provision of information “in good time”, a *firm* should take into account, having regard to the urgency of the situation, the *client’s* need for sufficient time to read and understand the information before taking an investment decision.

(3) A *client* is likely to require more time to review information given on a complex or unfamiliar product or service, or a product or service a *client* has no experience with, than a *client* considering a simpler or more familiar product or service, or where the *client* has relevant prior experience.

6. **Use of third party processors in life insurance mediation distribution activities**

6.1 **R**  
If a firm (or its appointed representative or, where applicable, its tied agent) outsources insurance mediation activities insurance distribution activities to a third party processor:

Part 2: Where?  
Modifications to the general application according to location  
...  

Part 3: Guidance  
1. **The main extensions, modifications and restrictions to the general application**  
...  

1.3 **G**  
In particular, certain chapters of this sourcebook apply only to firms in relation to their MiFID, equivalent third country or optional exemption business and, in some of these chapters, specified insurance distribution activities (sometimes only in relation to insurance based investment products) while others apply only to firms’ designated investment business which is not MiFID, equivalent third country or optional exemption business or, in some of these chapters, certain insurance distribution activities.  
...  

4.1 G The Insurance Mediation Directive’s IDD’s scope covers most firms carrying on most types of insurance mediation insurance distribution in relation to risks and commitments located in an EEA State.

4.1A G The rules in this sourcebook within the Directive’s scope are those relating to life policies that require the provision of pre-contract information or the provision of advice on the basis of a fair analysis. The rules implementing that implement the minimum information and other requirements in articles 12 and 13 1(4), 17, 18, 19, 20, 21, 23, 24(1) to (3) and (6), 29, and 30 of the Directive IDD are set out in:

1. **Cobs 2.1.1R, COBS 2.2A and COBS 2.3A** (Conduct of business obligations);

2. **Cobs 4** (Communicating with clients, including financial promotions);

3. **Cobs 6.1ZA** (Information about the firm and compensation information (MiFID and insurance distribution provisions));

4. **Cobs 7** (Insurance mediation distribution); and

5. **Cobs 8** (Client agreements);

6. **Cobs 9** (Suitability (including basic advice) (other than MiFID and insurance based investment products provisions)) and **Cobs 9A** (Suitability (MiFID and insurance based investment products provisions));

7. **Cobs 10A** ( Appropriateness (for non-advised services));

8. **Cobs 14.2** (Providing product information to clients); and

9. **Cobs 16A.2** (General client reporting and record keeping requirements).

4.1B G A Member State is entitled to impose additional requirements within the IDD’s scope in the ‘general good’ (see recital 52 to, and article 22 of, the IDD).

4.2 G In the FCA’s view, the responsibility for these minimum requirements rests with the Home State, but a Host State is entitled to impose additional requirements within the Directive’s scope in the ‘general good’. The IDD places responsibility for requirements in this sourcebook within the Directive’s scope (both minimum and additional requirements) on the Home State, except:

1. in relation to business conducted through a branch, in which case the responsibility rests with the EEA State in which the branch is located (this is sometimes referred to as a ‘country of origin’ or ‘country of establishment’ basis) (see recital 22 to, and article 7(2) of, the IDD).
So firms operating under the freedom of establishment in the UK must adhere to the requirements in the UK, regardless of the habitual residence of the customer (other than in the situations described in (2)); and

(2) where a Member State has:

(a) introduced the stricter requirements in article 29(3) of the IDD; or

(b) introduced requirements which have not made use of the derogation in article 30(3) of the IDD to allow firms not to carry out an appropriateness assessment in relation to a non-advised sale of an insurance based investment product.

firms concluding contracts with customers having their habitual residence or establishment in that Member State must adhere to the more onerous requirements in (a) or (b) in force in that State.

4.3 Accordingly, the general rules on territorial scope are not modified so that by the IDD except:

(1) for a UK firm providing passported activities through a branch in another EEA State under the Directive, the rules implementing the Directive’s minimum requirements apply but the territorial scope of the additional rules within the Directive’s scope is not modified;

(2) for an EEA firm providing passported activities under the Directive in the United Kingdom, the rules implementing the Directive’s minimum requirements do not apply, but the additional rules within the Directive’s scope have their unmodified territorial scope unless the Home State imposes measures of like effect. (See recital 19 and article 12(5) of the Insurance Mediation Directive)

(2) for insurance distribution business carried on by insurers:

(a) minimum and additional requirements apply to a UK firm unless responsibility for any matter it covers is reserved by the Solvency II Directive to the firm’s Host State regulator; and

(b) paragraphs (1), (3), (4) and 4.4G, below, apply in the same way unless the responsibility for any matter it covers is reserved by the Solvency II Directive to the firm’s Home State regulator.

(3) for a UK firm concluding contracts with customers having their habitual residence or establishment another Member State, it must comply with the requirements of that Member State falling within 4.2G(2);

(4) for an EEA firm providing passported activities in the United
Kingdom under the IDD the rules in COBS which give effect to article 29(3) apply, where the client has their habitual residence or establishment in the UK, when it is operating under the freedom to provide services.

4.4 G An EEA firm acting as the principal of an appointed representative carrying on insurance distribution activities from an establishment in the UK is required to ensure that its appointed representative complies with this sourcebook.

5. Solvency II Directive: effect on territorial scope

5.1 G The Solvency II Directive’s scope covers long-term insurers. The rules in this sourcebook within the Directive Solvency II Directive’s scope are the cancellation rules (COBS 15) and those rules requiring the provision of pre-contract information or information during the term of the contract concerning the insurer or the contract of insurance. The Directive Solvency II Directive specifies minimum information and cancellation requirements and permits EEA States to adopt additional information requirements that are necessary for a proper understanding by the policyholder of the essential elements of the commitment.

5.2 G If the State of the commitment is an EEA State, the Directive Solvency II Directive provides that the applicable information rules and cancellation rules shall be laid down by that state. Accordingly, if the State of the commitment is the United Kingdom, the relevant rules in this sourcebook apply. Those rules do not apply if the State of the commitment is another EEA State. The territorial scope of other rules, in particular the financial promotion rules, is not affected since the Directive Solvency II Directive explicitly permits EEA States to apply rules, including advertising rules, in the ‘general good’. (See articles 156, 180, 185 and 186 of the Solvency II Directive)

6. Distance Marketing Directive: effect on territorial scope

6.5 G In the FCA’s view:

(1) the ‘country of origin’ basis of the Directive is in line with that of the Electronic Commerce Directive and the IDD: (See recital 6 of the Distance Marketing Directive)

(3) for business within the scope of both the Distance Marketing Directive and the Insurance Mediation Directive, the minimum information and other requirements in the Insurance Mediation Directive continue to be those applied by the ‘Home State’, but the minimum requirements in the Distance Marketing Directive and any additional pre-contract information requirements are applied on a
7. **Electronic Commerce Directive: effect on territorial scope**

7.4 **G** In the FCA’s view, the Directive’s effect on the territorial scope of this sourcebook (including the use of the ‘insurance derogation’):

- (1) is in line with the *Distance Marketing Directive* and the *IDD*; and
- (2) overrides that of any other Directive discussed in this Annex to the extent that it is incompatible.

7.5 **G** The ‘derogations’ in the Directive may enable other EEA States to adopt a different approach to the United Kingdom in certain fields. (See recital 19 of the *Insurance Mediation Directive IDD*, recital 6 of the *Distance Marketing Directive*, article 3 and Annex of the *Electronic Commerce Directive*.)

(2) That information may be provided in a standardised format.

[Note: article 24(5) of MiFID and last paragraph of article 29(1) the IDD]

Rules on inducements relating to the provision of investment services and ancillary services

2.3A.5 R (1) Except where COBS 2.3A.6R applies, a firm must not:

(1) (a) pay to or accept from any party (other than the client or a person on behalf of the client) any fee or commission in connection with the provision of an investment service or an ancillary service; or

(a) the provision of an investment service or an ancillary service; or

(b) the distribution of an insurance based investment product or an ancillary service.

[Note: article 24(9) of MiFID, articles 22(3), 29(2) and 29(3) of the IDD]

2.3A.6 R (1) COBS 2.3A.5R does not apply to:

(a) a fee, commission or non-monetary benefit which:

(i) is designed to enhance the quality of the relevant service to the client (see COBS 2.3A.8R and, also for an insurance based investment product, COBS 2.3A.9AEU); and

(ii) does not impair compliance with the firm’s duty to act honestly, fairly and professionally in the best interests of the client;

(b) a payment or benefit which enables or is necessary for the provision of an investment service, or the distribution of an insurance based investment product, by the firm, such as custody costs, settlement and exchange fees, regulatory levies or

(4) Where applicable, a firm must inform a client of the mechanisms for transferring to the client the fee, commission, monetary or non-monetary benefit received in relation to the provision of the relevant service.

[Note: article 24(9) of MiFID, article 22(3) and 29(3) of the IDD]

2.3A.7 E A firm which fails to comply with COBS 2.3A.5R is to be regarded as not fulfilling its obligations in relation to:

(1) conflicts of interest (see SYSC 3.3 (for insurers and managing agents) and SYSC 10 (for other firms)); and

(2) acting honestly, fairly and professionally in accordance with the best interests of its clients (see COBS 2.1.1R).

[Note: article 24(9) of MiFID, article 29(2) and 29(3) of the IDD]

Fees, commissions or non-monetary benefits which are designed to enhance the quality of a service

2.3A.8 R (1) For the purposes of COBS 2.3A.6R(1)(a)(i), a fee, commission or non-monetary benefit is designed to enhance the quality of the relevant service to a client only if:

(a) it is justified by the provision of an additional or higher level service to the client and is proportional to the level of
inducements received;

(b) it does not directly benefit the recipient firm, its shareholders or employees without tangible benefit to the client;

(c) it is justified by the provision of an ongoing benefit to the client in relation to an ongoing inducement; and

(d) the provision of the service by the firm to the client is not biased or distorted as a result of the fee, commission or non-monetary benefit.

(2) A firm must fulfil these conditions on an ongoing basis as long as the firm continues to pay or receive the fee, commission or non-monetary benefit.

[Note: article 11(2) and (3) of the MiFID Delegated Directive]

2.3A.9 R

A fee, commission or non-monetary benefit may be justified for the purposes of COBS 2.3A.8R(1)(a) where, for example, the firm provides:

(1) restricted advice on, and access to, a wide range of suitable financial instruments or insurance based investment contracts including an appropriate number of financial instruments or insurance based investment contracts from third party product providers having no close links with the firm; or

(2) restricted advice combined with:

(a) an offer to the client, at least on an annual basis, to assess the continuing suitability of the financial instruments or insurance based investment contracts in which the client has invested; or

(b) another ongoing service that is likely to be of value to the client such as advice about the suggested optimal asset allocation of the client; or

(3) access, at a competitive price, to a wide range of financial instruments or insurance based investment contracts that are likely to meet the needs of the client, including an appropriate number of financial instruments or insurance based investment contracts from third party product providers having no close links with the firm, together with either the provision of added-value tools, such as objective information tools helping the client to take investment decisions or enabling the client to monitor, model and adjust the range of financial instruments or insurance based investment contracts in which they have invested, or providing periodic reports of the performance and costs and charges associated with the financial instruments or insurance based investment contracts.

[Note: article 11(2) of the MiFID Delegated Directive]
Additional requirements for the assessment of inducements: insurance based investment products

2.3A.9A EU 8(1) An inducement or inducement scheme shall be considered to have a detrimental impact on the quality of the relevant service to the customer where it is of such a nature and scale that it provides an incentive to carry out insurance distribution activities in a way that is not in compliance with the obligation to act honestly, fairly and professionally in accordance with the best interests of the customer.

8(2) For the purposes of assessing whether an inducement or inducement scheme has a detrimental impact on the quality of the relevant service to the customer, insurance intermediaries and insurance undertakings shall perform an overall analysis taking into account all relevant factors which may increase or decrease the risk of detrimental impact on the quality of the relevant service to the customer, and any organisational measures taken by the insurance intermediary or insurance undertaking carrying out distribution activities to prevent the risk of detrimental impact.

They shall, in particular, consider the following criteria:

(a) whether the inducement or inducement scheme could provide an incentive to the insurance intermediary or insurance undertaking to offer or recommend a particular insurance product or a particular service to the customer despite the fact that the insurance intermediary or insurance undertaking would be able to offer a different insurance product or service which would better meet the customer's needs;

(b) whether the inducement or inducement scheme is solely or predominantly based on quantitative commercial criteria or whether it takes into account appropriate qualitative criteria, reflecting compliance with applicable regulations, the quality of services provided to customers and customer satisfaction;

(c) the value of the inducement paid or received in relation to the value of the product and the services provided;

(d) whether the inducement is entirely or mainly paid at the moment of the conclusion of the insurance contract or extends over the whole term of that contract;

(e) the existence of an appropriate mechanism for reclaiming the inducement in case the product lapses or is surrendered at an early stage or in case the interests of the customer have been harmed;
(f) the existence of any form of variable or contingent threshold or any other kind of value accelerator which is unlocked by attaining a target based on volume or value of sales.

2(2) ‘inducement’ means any fee, commission, or any non-monetary benefit provided by or to such an intermediary or undertaking in connection with the distribution of an insurance-based investment product, to or by any party except the customer involved in the transaction in question or a person acting on behalf of that customer;

2(3) ‘inducement scheme means a set of rules governing the payment of inducements, including the conditions under which the inducements are paid.

[Note: articles 2(2), 2(3) and 8 of the IDD Regulation]

2.3A.9B R COBS 2.3A.14AEU applies as if it was a rule to firms in relation to insurance distribution activities to which the IDD Regulation does not apply.

Disclosure of payments or benefits received from, or paid to, third parties

2.3A.12 R (1) Where inducements are received by the firm on an ongoing basis in relation to an investment service provided or in relation to the distribution of an insurance based investment product to a client, the firm must inform, at least annually, that client about the actual amount of payments or benefits received.

(2) For these purposes, minor non-monetary benefits may be described in a generic way.

[Note: article 11(5)(c) of the MiFID Delegated Directive]

2.3A.13 R In implementing the requirements of COBS 2.3A.10R to COBS 2.3A.12R, a firm must take into account the costs and charges rules set out:

(1) (for MiFID, equivalent third country or optional exemption business) in article 24(4)(c) of MiFID and article 50 of the MiFID Org Regulation (see COBS 6.1ZA.11R to COBS 6.1ZA.13R and COBS 6.1ZA.14EU); and

(2) (for insurance based investment products) in COBS 6.1ZA.11R to COBS 6.1ZA.13R and COBS 6.1ZA.15AR.

[Note: article 11(5) of the MiFID Delegated Directive]

2.3A.14 R Each firm involved in a distribution channel which provides an investment service or an ancillary service or distributes an insurance based investment
product must comply with its obligations to make disclosures to its clients.

[Note: article 11(5) of the MiFID Delegated Directive]

Inducements relating to the provision of independent advice, restricted advice and portfolio management services to retail clients in the United Kingdom

2.3A.15 R (1) This rule applies where a firm provides a retail client in the United Kingdom with:

(a) independent advice; or
(b) restricted advice; or
(c) portfolio management services.

(2) The firm must not accept any fees, commission, monetary or non-monetary benefits which are paid or provided by:

(a) any third party; or

(5) ICOBS 6A.1.4R (Ensuring the customer can make an informed decision) and ICOBS 6A.3 (Cross-selling).

3.2A G A Member State is entitled to impose additional requirements within the Directive’s scope in the ‘general good’. (See recital 52 to, and article 22 of, the IDD).

3.2B G The additional requirements within the scope of the IDD and found in this sourcebook are those that:

(1) deal with communication to customers and financial promotions, the customer’s best interests rule and additional responsibilities of insurance distributors (see ICOBS 2.2.2R, ICOBS 2.2.2AR, ICOBS 2.5.-1R and ICOBS 2.6); and

(2) require the provision of pre-contract information or the provision of advice on the basis of a fair and personal analysis (see ICOBS 4 (Information about the firm, its services and remuneration), ICOBS 5.2 (Demands and needs), ICOBS 5.3.3R (Advice on the basis of a fair analysis), ICOBS 6.1A.5R (Responsibility for producing the standardised insurance product information document), ICOBS 6.1 (Providing product information to customers: general); ICOBS 6A.1.4R (Ensuring the customer can make an informed decision) and ICOBS 6A.3 (Cross-selling)).

3.3 G In the FCA’s view, the responsibility for these minimum requirements rests with the Home State, but a Host State is entitled to impose additional requirements within the Directive’s scope in the ‘general good’. (See recital 49 to and article 12(5) of the Insurance Mediation Directive.

The IDD places responsibility for requirements in this sourcebook within the Directive’s scope (both minimum and additional requirements) on the Home State, except in relation to business conducted through a branch, in which case the responsibility rests with the EEA State in which the branch is located (this is sometimes referred to as a ‘country of origin’ or ‘country of establishment’ basis) (see recital 22 to, and article 7(2) of, the IDD). Accordingly the general rules on territorial scope are not modified so that by the IDD except:
for a UK firm providing passported activities through a branch in another EEA State under the Directive, the rules implementing the Directive’s minimum requirements apply, but the territorial scope of the additional rules within the Directive’s scope is not modified.

for an EEA firm providing passported activities under the Directive in the United Kingdom, the rules implementing the Directive’s minimum requirements do not apply, but additional rules within the Directive’s scope have their unmodified territorial scope unless the Home State imposes measures of like effect; and

for insurance distribution business carried on by insurers:

(a) minimum and additional requirements apply to a UK firm unless responsibility for any matter it covers is reserved by the Solvency II Directive to the firm’s Host State regulator; and

(b) paragraph (1), and 3.3AG, below, apply in the same way unless the responsibility for any matter it covers is reserved by the Solvency II Directive to the firm’s Home State regulator.

an EEA firm acting as the principal of an appointed representative is required to ensure that its appointed representative complies with this sourcebook as it applies to a UK firm that is an authorised person.

An EEA firm acting as the principal of an appointed representative carrying on insurance distribution activities from an establishment in the United Kingdom is required to ensure that its appointed representative complies with this sourcebook.

The Solvency II Directive’s scope covers insurers authorised under that Directive conducting general insurance business.

The rules in this sourcebook within the Directive’s Solvency II Directive’s scope are those requiring the provision of pre-contract information or information during the term of the contract concerning the insurer or the insurance contract (see ICOBS 2.2 (Communications to clients and financial promotions), ICOBS 4 (Information about the firm, its services and remuneration), ICOBS 6 (Product information), ICOBS 6A.1.4R (Ensuring the customer can make an informed decision) and ICOBS 8 (Claims handling) except those parts of ICOBS 8.2 (Motor vehicle liability insurers) implementing the Consolidated Motor Insurance Directive.

The Solvency II Directive specifies minimum information requirements and permits EEA States to adopt additional mandatory rules. (See articles 178, 180, 183, 184 of the Solvency II Directive).
If the *State of the risk* is an EEA State, the *Directive Solvency II Directive* provides that the applicable information rules shall be determined by that state. Accordingly, if the *State of the risk* is the *United Kingdom*, the relevant rules in this sourcebook apply. Those rules do not apply if the *State of the risk* is another EEA State. The territorial scope of other rules, in particular the *financial promotion rules*, is not affected since the *Directive Solvency II Directive* explicitly permits EEA States to apply rules, including advertising rules, in the ‘general good’. (See articles 156 and 180 of the *Solvency II Directive*.)

**5** Solvency II Directive life business: effect on territorial scope

**5.1** The *Solvency II Directive’s* scope covers long-term insurers which are *Solvency II firms* conducting long-term insurance business.

**5.2** The *rules* in this sourcebook within the Directive’s scope are the cancellation rules (see *ICOBS 7*) and those rules requiring the provision of pre-contract information or information during the term of the contract concerning the insurer or the contract of insurance (see *ICOBS 2.2* (Communications to clients and financial promotions), *ICOBS 4* (Information about the firm, its services and remuneration), *ICOBS 6* (Product information) and *ICOBS 8* (Claims handling) except *ICOBS 8.2* (Motor vehicle liability insurers)).

If the *State of the commitment* is an EEA State, the Directive provides that the applicable information rules and cancellation rules shall be laid down by that state. Accordingly, if the *State of the commitment* is the *United Kingdom*, the relevant rules in this sourcebook apply. Those rules do not apply if the *State of the commitment* is another EEA State. The territorial scope of other rules, in particular the *financial promotion rules*, is not affected since the Directive explicitly permits EEA States to apply rules, including advertising rules, in the ‘general good’. (See articles 156, 180, 185 and 186 of the *Solvency II Directive*).

**7** Distance Marketing Directive: effect on territorial scope

In broad terms, a firm is within the *Distance Marketing Directive’s* scope when conducting an activity relating to a distance contract with a consumer. The *rules* in this sourcebook within the Directive’s scope are those requiring the provision of pre-contract information (see *ICOBS 2.2* -(Communications to clients and financial promotions), *ICOBS 4* (Information about the firm, its services and remuneration), *ICOBS 6* (Product information), and *ICOBS 6A.1.4R* (Ensuring the customer can make an informed decision)), the cancellation rules (see *ICOBS 7*) and the other specific rules implementing the Directive (see *ICOBS 3.1*).

Marketing communications

2.2.2A R A firm must ensure that, in relation to insurance distribution, marketing communications are always clearly identifiable as such.

[Note: article 17(2) of the *IDD*]

...  

The reasonable steps defence

2.2.5 R If, in relation to a particular communication or financial promotion, a firm takes reasonable steps to ensure it is fair, clear and not misleading then:

(1) the firm will not contravene ICOBS 2.2.2R where:

(a) the recipient is a customer that does not make the arrangements preparatory to the conclusion of the contract of
insurance; or

(b) the communication is made in relation to activities other than insurance distribution; and

(2) a contravention of the clear, fair and not misleading rule (ICOBS 2.2.2R) does not give rise to a right of action under section 138D of the Act.

2.3 Inducements

2.3.1 G (1) Principle 8 requires a firm to manage conflicts of interest fairly, both between itself and its customers and between a customer and another client. This principle extends to soliciting or accepting inducements where this would conflict with a firm’s duties to its customers. A firm that offers such inducements should consider whether doing so conflicts with its obligations under:

(a) Principles 1 and 6 to act with integrity and treat customers fairly; and

(b) the customer’s best interests rule.

...  

2.5 Acting honestly, fairly and professionally, Exclusion exclusion of liability, conditions, and warranties, and reliance on others

The customer’s best interests rule

2.5.1 R A firm must act honestly, fairly and professionally in accordance with the best interests of its customer.

[Note: article 17(1) of the IDD]

Exclusion of liability and conditions

Reliance on others

2.5.3 G (1) Where it is compatible with the nature of the obligation imposed by a particular rule, including the customer’s best interests rule, and with the Principles, in particular Principles 1 (Integrity), 2 (Skill, care and diligence) and 3 (Management and control), firms may rely on third parties in order to comply with the rules in this sourcebook.
... Other requirements

2.5.4 G *Firms* are reminded of their obligations in *SYSC 19F.2* to ensure remuneration arrangements do not conflict with their duty to act in the *customer’s best interests*.

After ICOBS 2.5 (Acting honestly, fairly and professionally) insert the following new section ICOBS 2.6. The text is not underlined.

### 2.6 Distribution of connected contracts through exempt persons

2.6.1 R (1) Where an *insurance distributor* is distributing through a *person* relying on the connected contracts exemption in article 72B of the *Regulated Activities Order*, the *insurance distributor* must ensure that the requirements in (2) are met.

(2) The requirements referred to in (1) are:

(a) *SYSC 19F.2* (Remuneration and insurance distribution activities);

(b) *ICOBS 2.2.2R* and *ICOBS 2.2.2AR* (Clear, fair and not misleading rule and marketing communications);

*[Note: article 1(4) of the *IDD]*

2.6.2 G To comply with the relevant chapter of *SYSC* or *Principle 3*, an *insurance distributor* will need to have appropriate arrangements in place to ensure compliance with *ICOBS 2.6.1R*.

Q7. How does the Directive apply to insurance intermediaries services?

The FCA expects the Distance Marketing Directive to apply to insurance intermediaries’ services only in the small minority of cases where:

- the firm concludes a distance contract with a consumer covering its insurance mediation activities insurance distribution activities which is additional to any insurance contract which it is marketing; and

- ...

Q8. Can you give examples of when the Directive would and would not apply to insurance intermediaries services?

The rules implementing the Distance Marketing Directive will not apply in the typical case where an insurance intermediary sells an insurance contract to a consumer on a one-off basis, even if the insurance intermediary is involved in the renewal of that contract and handling claims under it.

Nor will the Directive apply if an insurance intermediary, in its terms of business, makes clear that it does not, in conducting insurance mediation activities insurance distribution activities, act contractually on behalf of, or for, the consumer.

4 Information about the firm, its services, and remuneration

4.1 General requirements for insurance intermediaries and insurers

Application: who?

4.1.1 R This section chapter applies to an insurance intermediary and to an insurer carrying on insurance distribution activities.

Interaction with the customer’s best interests rule and Principle 7

4.1.1A G To comply with the customer’s best interests rule and Principle 7 (Communications with clients) a firm should include consideration of the information needs of the customer including:

(1) what a customer needs in order to understand the relevance of any information provided by the firm; and

(2) at which point in the sales process will the information be most useful to the customer to enable them to make an informed decision.

Status disclosure: general information provided by insurance intermediaries or insurers

4.1.2 R Prior to In good time before the conclusion of an initial contract of insurance and, if necessary, on its amendment or renewal,

(1) a firm must provide the customer with at least the following information:

(a) its name and identity, address and whether it is an insurance intermediary or an insurance undertaking;

(b) whether it provides a personal recommendation about the insurance products offered;

(c) the procedures allowing customers and other interested parties to register complaints about the firm with the firm and the Financial Ombudsman Service or, if the Financial Ombudsman Service does not apply, information about the out-of-court complaint and redress procedures available for the settlement of disputes between the firm and its customers; and

(2) an insurance intermediary must also provide the customer with the following information:

(2) the fact that it is included in the Financial Services Register (or if it is not on the Financial Services Register, the register
(a) in which it has been included) and the means for verifying this;

(3) whether it has a direct or indirect holding representing more than 10% or more of the voting rights or capital in a given insurance undertaking (that is not a pure reinsurer);

(b) whether it has a direct or indirect holding representing more than 10% or more of the voting rights or capital in a given insurance undertaking (that is not a pure reinsurer) or its parent undertaking has a direct or indirect holding representing more than 10% or more of the voting rights or capital in the firm; and

(c) whether a given insurance undertaking (that is not a pure reinsurer) or its parent undertaking has a direct or indirect holding representing more than 10% or more of the voting rights or capital in the firm;

(d) the procedures allowing customers and other interested parties to register complaints about the firm with the firm and the Financial Ombudsman Service or, if the Financial Ombudsman Service does not apply, information about the out-of-court complaint and redress procedures available for the settlement of disputes between the firm and its customers;

(3) paragraph (2) does not apply in relation to a connected travel insurance contract.

[Note: article 12(1) of the Insurance Mediation Directive articles 18 and 19(1)(a) and (b) of the IDD]

Status disclosure exemption: introducers

4.1.3 R A firm whose contact with a customer is limited to effecting introductions (see PERG 5.6) need only provide its name and identity, address and whether it is a member of the same group as the firm to which it makes the introduction.

4.1.4 G If a firm goes further than putting a customer in contact with another person (for example, by advising him the customer on a particular policy available from the firm) the full status disclosure requirements will apply.

Status disclosure exemption: connected travel insurance

4.1.5 R In relation to a connected travel insurance contract, a firm need only provide the procedures allowing customers and other interested parties to register complaints about the firm with the firm and the Financial Ombudsman Service or, if the Financial Ombudsman Service does not apply, information about the out-of-court complaint and redress procedures available for the settlement of disputes between the firm and its customers. [deleted]

Scope of service: insurance intermediaries

4.1.6 R (1) Prior to Where an insurance intermediary proposes or advises on a
contract of insurance then in good time before the conclusion of an initial contract of insurance (other than a connected travel insurance contract) and, if necessary, on its amendment or renewal, a firm an insurance intermediary must tell provide the customer with at least information on whether the firm:

(a) it gives advice a personal recommendation, on the basis of a fair and personal analysis of the market; or

(b) it is under a contractual obligation to conduct insurance mediation business insurance distribution exclusively with one or more insurance undertakings, in which case it must provide the names of those insurance undertakings; or

(c) (i) it is not under a contractual obligation to conduct insurance mediation business insurance distribution exclusively with one or more insurance undertakings; and

(ii) does not give advice a personal recommendation on the basis of a fair and personal analysis of the market;

in which case it must provide its customer with the name of those insurance undertakings with which the insurance intermediary may and does conduct business.

(2) A firm that does not advise on the basis of a fair analysis of the market must inform its customer that they have the right to request the name of each insurance undertaking with which the firm may and does conduct business. A firm must comply with such a request. [deleted]

[Note: article 12(1) of the Insurance Mediation Directive article 19(1)(c) of the IDD]

4.1.7 R Prior to Where the firm has given information in ICOBS 4.1.6R(1)(b) and (c), then in good time before the conclusion of an initial contract of insurance with a consumer a firm must also state whether it is giving:

(1) a personal recommendation but not on the basis of a fair and personal analysis;

(2) other advice on the basis of a fair analysis of the market; or

(3) other advice not on the basis of a fair analysis of the market; or

(4) just information.

Guidance on using panels to advise on the basis of a fair analysis

4.1.8 G (1) One way a firm may give advice on a fair analysis basis is by using ‘panels’ of insurance undertakings which are sufficient to enable the
A firm which provides a service based on a fair analysis of the market (or from a sector of the market) should ensure that its analysis of the market and the available contracts is kept adequately up-to-date. For example, a firm should update its selection of contracts if aware that a contract has generally become available offering an improved product feature, or a better premium, compared with its current selection. The update frequency will depend on the extent to which new contracts are made available on the market. A firm is also required to ensure that the analysis is of a sufficiently large number of contracts of insurance available on the market (see ICOBS 5.3.3R).

The panel selection criteria will be important in determining whether the panel is sufficient to meet the ‘fair analysis’ criteria. Selection should be based on product features, premiums and services offered to customers, not solely on the benefit offered to the firm.

Where a firm also provides personal recommendations based on a fair and personal analysis, paragraphs (1) to (3) may also be relevant to that part of the service which involves a fair analysis of the market.

Means of communication to customers

All information to be provided to a customer in accordance with this chapter must be communicated: [deleted]

(a) on paper or on any other durable medium available and accessible to the customer;

(b) in a clear and accurate manner, comprehensible to the customer; and

(c) in an official language of the State of the commitment or in any other language agreed by the parties.

The information may be provided orally where the customer requests it, or where immediate cover is necessary.

In the case of telephone selling, the information may be given in accordance with the distance marketing disclosure rules (see ICOBS 3.1.14R).

If the information is provided orally, it must be provided to the customer in accordance with (1) immediately after the conclusion of the contract of insurance.

[Note: article 13 of the Insurance Mediation Directive]

After ICOBS 4.1 (General requirements for insurance intermediaries) insert the following new section ICOBS 4.1A. This new section amends the text formerly in ICOBS 4.1.9R and also
adds new provisions. All the text is re-stated in this position or is new and not underlined.

4.1A  **Means of communication to customers**

Application

4.1A.1  R This section applies to all information required to be provided to a *customer* in this chapter and in other chapters or sections where stated.

Means of communication to customers; non-telephone sales

4.1A.2  R (1) A *firm* must communicate information to a *customer* using any of the following:

(a) paper; or

(b) a *durable medium* other than paper; or

(c) a website (where it does not constitute a *durable medium*) where the *website conditions* are satisfied.

(2) The *firm* must communicate the information in (1):

(a) in a clear and accurate manner, comprehensible to the *customer*;

(b) in an official language of the *State of the risk* or in any other language agreed by the parties; and

(c) free of charge.

[Note: article 23(1), (2), (4) and (5) of the *IDD*]

4.1A.3  R Where the information is communicated using a *durable medium* other than paper or by means of a website, the *firm* must, upon request and free of charge, also send the *customer* a paper copy.

[Note: article 23(3) of the *IDD*]

4.1A.4  R A *firm* must ensure that a *customer’s* choice or consent to receive the information by means of a website (whether a *durable medium* or where the *website conditions* are satisfied) is an active and informed choice or consent.

4.1A.5  G (1) For the purposes of *ICOBS* 4.1A.4R for example an option to allow a change to the e-mail address to be used or an option to allow information to be provided by means of a website should be presented in a way that is clear, fair and not misleading.

(2) The following are examples of circumstances not evidencing active or informed choice or consent:

(a) a pre-ticked box (suggesting that option has been selected) which appears in a more prominent place than an un-ticked box allowing
another option to be selected; and

(b) the customer electing to be informed by a website without being first given other options.

4.1A6 R On renewal of a policy a firm may rely on a customer’s previous choice or consent as appropriate where:

(1) there is evidence that the customer has regular access to the internet;

(2) the provision of information in that medium is appropriate in the context in which the business between the firm and the customer is carried on; and

(3) the customer is made aware, for example in the renewal documentation, of the option to receive the information on paper in a way that is clear, fair and not misleading.

Means of communications to customers: telephone sales

4.1A.7 R In the case of telephone selling:

(1) the information must be given in accordance with the distance marketing disclosure rules (see ICOBS 3.1.14R); and

(2) if prior to the conclusion of the contract the information is provided:

(a) orally; or

(b) on a durable medium other than paper;

the firm must also provide the information to the customer in accordance with ICOBS 4.2A.1R immediately after the conclusion of the contract of insurance.

[Note: article 23(7) of the IDD]

Amend the following as shown.

4.2 Additional requirements for protection policies for insurance intermediaries and insurers

…

Ensuring customers can make an informed decision

4.2.2 G In considering a customer’s information needs for the purposes of Principle 7, a firm should have regard to the importance of information for a customer’s purchasing decision when deciding when and how to give it. [deleted]
4.2.3 G If a firm provides elements of status disclosure information orally as part of an interactive dialogue, it should do so for all elements of the information. In the case of telephone selling, the information may be given in accordance with the distance marketing disclosure rules (see ICOBS 3.1.14R). [deleted]

Disclosing the limits of the service provided

4.2.4 R (1) In a sale that does not involve a personal recommendation, a firm must take reasonable steps to ensure a customer (C) understands he is responsible for deciding whether a policy meets his C’s demands and needs.

(2) If this is done orally, the information must be provided to the customer in writing or any other durable medium no later than immediately after the conclusion of the contract. [deleted]

…

Status disclosure for insurers

4.2.5 R (1) Prior to the conclusion of an initial contract and, if necessary, on its amendment or renewal, an insurer must disclose to the customer at least:

(a) the statutory status disclosure statement (see GEN 4);

(b) whose policies it offers; and

(c) whether it is providing a personal recommendation or information.

(2) If this is done orally, the disclosure must be provided in writing or any other durable medium no later than immediately after the conclusion of the contract. [deleted]

4.2.6 G Insurers cannot carry on an insurance mediation activity in respect of a third party’s products unless they can show a natural fit or necessary connection between their insurance business and the third party’s products. Insurers are reminded that they are not permitted to carry out business which does not directly arise from their insurance business (see the restriction of business in INSPRU 1.5.13R and rule 9 of the PRA Rulebook: Solvency II firms: Conditions Governing Business).

4.3 Fee Remuneration disclosure

Remuneration disclosure: insurance intermediaries

4.3.7 R In good time before the conclusion of the initial contract of insurance and, if necessary, on its amendment or renewal an insurance intermediary must
provide the customer with information:

(1) on the nature of the remuneration received in relation to the contract of insurance:

(2) about whether in relation to the contract it works on the basis of:

(a) a fee, that is remuneration paid directly by the customer; or

(b) a commission of any kind, that is the remuneration included in the premium; or

(c) any other type of remuneration, including an economic benefit of any kind offered or given in connection with the contract; or

4.3.-6 R In good time before the conclusion of a contract of insurance, an insurance undertaking must provide its customer with information on the nature of the remuneration received by its employees in relation to the contract of insurance.

[Note: article 19(4) of the IDD]

Remuneration disclosure: general

4.3.-5 R The remuneration referred to in this section includes remuneration that is not guaranteed or which is contingent on meeting certain targets.

4.3.-4 G The information required to be disclosed by ICOBS 4.3.-7R and ICOBS 4.3.-6R includes the type of remuneration and, taking into account the clear, fair and not misleading rule (ICOBS 2.2.2R), should also include the source of the remuneration.

4.3.-3 G When considering what information to provide about the remuneration, a firm should include all remuneration which the insurance intermediary or the employee of an insurance undertaking receives, or may receive in relation to the distribution of the contract of insurance. This includes remuneration:

(1) provided indirectly by the insurer or another firm within the distribution chain; or

(2) provided by way of a bonus (whether financial or non-financial) paid to the firm by the insurer or another firm, or provided by the firm to its employees, where this bonus is contingent on the achievement of a target to which the distribution of the particular contract of insurance could contribute. For example, this can include cash bonuses paid for
achieving a sales target and additional annual leave for achieving a high customer service score on sales calls, profit share arrangements, overrides or other enhanced commissions.

4.3.2 R If any payments, other than ongoing premiums and scheduled payments, are made by the customer under the contract of insurance after its conclusion, a firm must make the disclosures under this section, for each such payment.

[Note: articles 19(3) and (5) of the IDD]

4.3.1 G Examples of the type of payments made are those for mid-term adjustments, administration fees and cancellation fees.

Fee disclosure: additional requirements

4.3.1 R (1) Where a fee is payable, the firm must provide its customer with details of the amount of any fees other than premium monies for an insurance mediation activity the fee.

(2) The details information in (1) must be given before the customer incurs liability to pay the fee, or before conclusion of the contract contract of insurance, whichever is earlier.

(3) To the extent that an actual fee cannot it is not possible for an amount to be given, a firm must give the basis for its calculation.

[Note: articles 19(2) and (5) of the IDD]

4.3.2 G The fee disclosure requirement extends to all such fees that may be charged during the life of a policy.

[Note: article 19(3) of the IDD]

5 Identifying client needs and advising

5.2 Statement of demands Demands and needs

Application: who? what?

5.2.1 R This section applies to: an insurance distributor when carrying on insurance distribution activities.

(1) an insurance intermediary in relation to any policy (other than a connected travel insurance contract); and

(2) an insurer when it has given a personal recommendation to a consumer on a payment protection contract or a pure protection contract.
Statement of demands Demands and needs

5.2.2 R (1) Prior to the conclusion of a contract of insurance, a firm must specify, in particular on the basis of information provided by obtained from the customer, the demands and the needs of that customer as well as the underlying reasons for any advice given to the customer on that policy.

(2) The details must be modulated according to the complexity of the policy contract of insurance proposed and the type of customer.

(3) A statement of the demands and needs must be communicated to the customer prior to the conclusion of a contract of insurance.

[Note: article 12(3) of the Insurance Mediation Directive articles 20(1) and 20(2) of the IDD]

5.2.2A G A firm may obtain information from the customer in a number of ways including, for example, by asking the customer questions in person or by way of a questionnaire prior to any contract of insurance being proposed.

5.2.2B R When proposing a contract of insurance a firm must ensure it is consistent with the customer’s insurance demands and needs.

[Note: recital 44 to, and article 20(1) of, the IDD]

5.5.2C G ICOBS 5.2.2BR applies whether or not advice is given and in the same way regardless of whether that contract is sold on its own, in connection with another contract of insurance, or in connection with other goods or services.

5.2.2D R The sale of a contract of insurance must always be accompanied by a demands and needs test on the basis of information obtained from the customer.

[Note: recital 44 to, and article 20(1) of, the IDD]

Means of communication to customers

5.2.3 R (1) A statement of demands and needs must be communicated:

(a) on paper or on any other durable medium available and accessible to the customer;

(b) in a clear and accurate manner, comprehensible to the customer; and

(c) in an official language of the State of the commitment or in any other language agreed by the parties.

(2) The information may be provided orally where the customer requests it, or where immediate cover is necessary.
(3) In the case of telephone selling, the information may be given in accordance with the distance marketing disclosure rules (see ICOBS 3.1.14R).

(4) If the information is provided orally, it must be provided to the customer in accordance with (1) immediately after the conclusion of the contract of insurance. [deleted]

[Note: article 13 of the Insurance Mediation Directive]

Statement Format of the statement of demands and needs: non-advised sales

5.2.4 G The firm has obtained information from the customer and ensured the contract of insurance is consistent with the demands and needs, the format of a statement of demands and needs is flexible. Examples of approaches that may be appropriate where a personal recommendation has not been given include:

…

(2) producing a demands and needs statement in product documentation that will be appropriate for anyone wishing to buy the product, for whose demands and needs the contract is consistent. For example, “This product meets the demands and needs of those who wish to ensure that the veterinary needs of their pet are met now and in the future”; and

(3) giving a customer a record of all his demands and needs that have been discussed; and

(4) providing a key features document.

Means of communication to customers

5.2.5 R The information to be provided to customers in ICOBS 5.2 must be given in accordance with ICOBS 4.1A (Means of communication to customers).

[Note: article 23(1) of the IDD]

5.3 Advised sales

Suitability

5.3.1 R A firm must take reasonable care to ensure the suitability of its advice for any customer who is entitled to rely upon its judgement.

Suitability guidance for protection policies

5.3.2 G (1) In taking reasonable care to ensure the suitability of advice on a payment protection contract or a pure protection contract a firm
should:

(a) establish the customer’s demands and needs. It should do this by using information readily available and accessible to the firm and by obtaining further relevant information from the customer, including details of existing insurance cover; it need not consider alternatives to policies nor customer needs that are not relevant to the type of policy in which the customer is interested;

...

...

Advice on the basis of a fair analysis

5.3.3 R If an insurance intermediary informs a customer that it gives:

(1) advice on the basis of a fair analysis, it must give that advice on the basis of an analysis of a sufficiently large number of contracts of insurance available on the market to enable it to make a recommendation; or

(2) a personal recommendation on the basis of a fair and personal analysis, it must give that personal recommendation on the basis of an analysis of a sufficiently large number of insurance contracts available on the market to enable it to make a personal recommendation;

and in each case, it must be in accordance with professional criteria, regarding which contract of insurance would be adequate to meet the customer’s needs.

[Note: article 12(2) of the Insurance Mediation Directive article 20(3) of the IDD]

Personalised explanation

5.3.4 R Where a firm provides a personal recommendation (other than in relation to a connected travel contract) the firm must, in addition to the statement of demands and needs, provide the customer with a personalised explanation of why a particular contract of insurance would best meet the customer’s demands and needs.

[Note: article 20(1) third paragraph of the IDD]

Means of communication

5.3.5 R A firm must provide the information in this section in accordance with ICOBS 4.1A (Means of communication to customers).
Insert, as the first section of Chapter 6 (Product Information), the following new section ICOBS 6.1. The new section amends the text formerly in ICOBS 6.1.1R to ICOBS 6.1.4R. All the text is re-stated in this position. Underlining indicates new text and striking through indicates deleted text.

6 Product Information

6.1 Producing and providing product information

Responsibilities of insurers and insurance intermediaries: general

6.1.1 R An insurer is responsible for producing, and an insurance intermediary for providing to a customer, the information required by this chapter and by the distance communication rules (see ICOBS 3.1). However, an insurer is responsible for providing information required on mid-term changes, and an insurance intermediary is responsible for producing price information if it agrees this with an insurer.

6.1.2 R If there is no insurance intermediary, the insurer is responsible for producing and providing the information.

6.1.3 R An insurer must produce information in good time to enable the insurance intermediary to comply with the rules in this chapter, or promptly on an insurance intermediary's request.

6.1.4 R These general rules on the responsibilities of insurers and insurance intermediaries are modified by ICOBS 6 Annex 1 if one of the firms is not based in the United Kingdom, and in certain other situations.

Responsibility for producing the standardised insurance product information document

6.1.5 R The IPID must be drawn up by the manufacturer of the policy.

[Note: article 20(6) of the IDD]

6.1 General Providing product information to customers: general

Responsibilities of insurers and insurance intermediaries

6.1.1 R An insurer is responsible for producing, and an insurance intermediary for providing to a customer, the information required by this chapter and by the
distance communication rules (see ICOBS 3.1). However, an insurer is responsible for providing information required on mid-term changes, and an insurance intermediary is responsible for producing price information if it agrees this with an insurer. [deleted]

6.1.2 R If there is no insurance intermediary, the insurer is responsible for producing and providing the information. [deleted]

6.1.3 R An insurer must produce information in good time to enable the insurance intermediary to comply with the rules in this chapter, or promptly on an insurance intermediary’s request. [deleted]

6.1.4 R These general rules on the responsibilities of insurers and insurance intermediaries are modified by ICOBS 6 Annex 1 if one of the firms is not based in the United Kingdom, and in certain other situations. [deleted]

Ensuring customers can make an informed decision: the appropriate information rule

6.1.5 R (1) A firm must take reasonable steps to ensure that a customer is given appropriate information about a policy in good time and in a comprehensible form so that the customer can make an informed decision about the arrangements proposed.

(2) The information must be provided to the customer:

(a) whether or not a personal recommendation is given; and

(b) irrespective of whether a policy is offered as part of a package with:

   (i) a non-insurance product or service (see ICOBS 6A.3 (Cross-selling)); or

   (ii) another policy.

(3) Appropriate information is both objective and relevant information, and includes IPID information.

(4) Where the firm is proposing a policy (including if appropriate on renewal) ‘in good time’ means in good time prior to the conclusion of the policy.

[Note: articles 20(1) first paragraph and 20(4) of the IDD]

6.1.6 G The appropriate information rule applies:

(1) at all of the different stages of a contract and includes pre-conclusion and post-conclusion, and so includes matters such as and also when mid-term changes and renewals are proposed. It also applies to the price of the policy.
(2) in the same way to any policy, regardless of whether that policy is sold on its own, in connection with another policy, or in connection with other goods or services; and

(3) to the price of the policy.

6.1.6A G The appropriate information rule applies in the same way to any policy, regardless of whether that policy is sold on its own, in connection with another policy, or in connection with other goods or services. [deleted]

What level of information needs to be provided?

6.1.6B R A firm must ensure that the level of appropriate information provided takes into account the complexity of the policy and the type of customer.

[Note: article 20(4) of the IDD]

6.1.7 G The level of information required will vary according to matters such as:

(1) the knowledge, experience and ability of a typical customer for the policy;

(2) the policy terms, including its main benefits, exclusions, limitations, conditions and its duration;

(3) the policy’s overall complexity;

(4) whether the policy is bought in connection with other goods and services including another policy (also see ICOBS 6A.3 (cross selling));

(5) distance communication information requirements (for example, under the distance communication rules less information can be given during certain telephone sales than in sales made purely by written correspondence (see ICOBS 3.1.14R); and

(6) whether the same information has been provided to the customer previously and, if so, when.

Appropriate information for commercial customers

6.1.7A G A firm dealing with a commercial customer:

(1) may choose to provide some of or all of the appropriate information in an IPID (see ICOBS 6.1.10AR), a policy summary or a similar summary if it considers this to be a comprehensible form in which to provide that information; and

(2) should include the IPID information (regardless of whether an IPID itself is provided).
6.1.8 G In determining what is “in good time”, a firm should consider the importance of the information to the customer’s decision-making process and at the point at which the information may be most useful. Distance communication timing requirements are also relevant (for example the distance communication rules enable certain information to be provided post-conclusion in telephone and certain other sales (see ICOBS 3.1.14R and ICOBS 3.1.15R)). [deleted]

... 6.1.10 G A firm dealing with a consumer may wish to provide information in a policy summary or as a key features document (see ICOBS 6 Annex 2). [deleted]

How must IPID information be provided?

6.1.10A R A firm, when dealing with a consumer must provide the IPID information by way of an IPID for each policy (other than a pure protection contract).

[Note: articles 20(4) and 20(5) of the IDD]

6.1.10B G The IPID information:

(1) needs to be provided on paper or on another durable medium;

(2) in the case of telephone selling, a firm may provide the IPID in accordance with the distance communication timing requirements and provide the IPID to the customer immediately after the conclusion of the policy, in accordance with ICOBS 6.6 (Means of communication).

[Note: article 23(7) of the IDD]

How must appropriate information other than IPID information be provided?

6.1.10C G (1) Appropriate information other than IPID information includes, among other matters, any other information required by the appropriate information rule (ICOBS 6.1.5R), specific price disclosure requirements (ICOBS 6.1.13R), guaranteed assets protection (GAP) products (ICOBS 6A.1.4G), Solvency II Directive disclosure requirements (ICOBS 6.2.2R) and renewals (ICOBS 6.5).

(2) A firm needs to consider the form in which it provides appropriate information (see ICOBS 6.1.5R).

(3) A firm can provide the other information in (1) together with the IPID as long as the IPID remains a stand-alone document.

[Note: article 20(4) and article 20(7) last paragraph of the IDD]
Providing evidence of cover Interaction between information provision requirements and the customer’s best interests rule and Principle 7

6.1.11  G To comply with the customer’s best interest rule and Principle 7 (communication with clients) a firm should:

(1) include consideration of the information needs of the customers including:
   (a) what they need to understand the relevance of any information provided by the firm; and
   (b) at which point in the sales process will the information be most useful to the customer to enable them to make an informed decision;

(2) Under Principle 7 a firm should provide evidence of cover promptly after inception of a policy. Firms will need to take into account the type of customer and the effect of other information requirements, for example those under the distance communication rules (ICOBS 3.1).

taking into account the type of customer and the effect of other information requirements, for example, those under the distance communication rules (ICOBS 3.1); and

(3) in relation to a group policy, provide appropriate information to the customer, telling the customer to pass it on to each policyholder.

Group policies

6.1.12  G Under Principle 7, a firm that sells a group policy should provide appropriate information to the customer to pass on to other policyholders. It should tell the customer that he should give the information to each policyholder. [deleted]

[Editor’s note: The renewal provisions in ICOBS 6.1.12AR and ICOBS 6.1.12BG are moved to a new section, ICOBS 6.5.]

Renewals

6.1.12A  R (1) This rule applies when a firm proposes to a consumer the renewal of a general insurance contract, which is not a group policy, and which has a duration of 10 months or more. [deleted]

(2) In this rule, ‘renewal’ means carrying forward a policy, at the point of expiry and as a successive or separate operation of the same nature and duration as the policy, with the same insurance intermediary or the
same insurer.

(3) The firm must provide to the consumer the following information in good time before the renewal:

(a) the premium to be paid by the consumer on renewal;

(b) in a way that is consistent with the presentation of (a) so that they can be easily compared:

(i) except where (ii) applies, the premium for the policy which the firm proposes to renew, as set out at the inception of that policy;

(ii) where one or more mid-term changes were made to the policy which the firm proposes to renew, an amount calculated by annualising (or otherwise adjusting as appropriate to the duration of the proposed policy) the premium in effect following the most recent mid-term change, excluding all fees or charges associated with those mid-term changes;

(c) a statement alongside (a) and (b) indicating that the consumer:

(i) should check that the level of cover offered by the renewal is appropriate for their needs; and

(ii) is able, if they so wish, to compare the prices and levels of cover offered by alternative providers.

(4) Where the proposed renewal will be the fourth or subsequent renewal the consumer has entered into in respect of the policy, the firm must include the following statement, to appear alongside the matters required by (3)(a), (b) and (c)(i) (but omitting (c)(ii)): “You have been with us a number of years. You may be able to get the insurance cover you want at a better price if you shop around.”

(5) The firm must communicate the information in (3) and (4):

(a) clearly and accurately;

(b) in writing or another durable medium; and

(c) in a way that is accessible and which draws the consumer’s attention to it as key information.

6.1.12B G A firm should have regard to the record-keeping obligations referred to in ICOBS 2.4.1G and ensure that it has appropriate systems and controls in place with respect to: [deleted]
(a) the adequacy of its records so it may fulfil its regulatory and statutory obligations; and

(b) the sufficiency of its records to enable the FCA to monitor the firm’s compliance with the requirements under the regulatory system.

Price disclosure: connected goods and services

What additional information must be disclosed for packaged products and other relevant requirements?

6.1.13 R

(1) If a policy is bought by a consumer in connection with other goods or services a firm must, before conclusion of the contract, disclose its premium separately from any other prices and whether buying the policy is compulsory.

(2) In the case of a distance contract, disclosure of whether buying the policy is compulsory may be made in accordance with the timing requirement under the distance communication rules (see ICOBS 3.1.8R, ICOBS 3.1.14R and ICOBS 3.1.15R).

(3) This rule does not apply to policies bought in connection with other goods or services provided as part of a packaged bank account.

6.1.13A G

Firms In addition to the requirements in ICOBS 6.1 (Product information) firms are reminded that:

(1) when offering a policy as part of a packaged bank account the firm may be subject to the requirements of regulation 13 (payment accounts packages with another product or service) of the Payment Accounts Regulations;

(2) ICOBS 6A.3 (Cross-selling) contains rules in relation to packages which include both insurance and non-insurance products or services.

Exception to the timing rules: distance contracts and voice telephony communications

6.1.14 R

Where a rule in this chapter requires information to be provided in writing or another durable medium before the conclusion of a contract, a firm may instead provide that information in accordance with the distance communication timing requirements (see ICOBS 3.1.14R and ICOBS 3.1.15R). [deleted]

6.4 Pre- and post-contract information: protection policies

Policy summary
6.4.4  R  A firm must provide a consumer with a policy summary in good time before the conclusion of a contract pure protection contract.

Complaints and compensation information

6.4.4A  R  In relation to a payment protection contract, a firm must provide a consumer with information about:

(1) how the consumer can complain to the insurance undertaking and that complaints may subsequently be referred to the Financial Ombudsman Service (or other applicable named complaints scheme); and

(2) the consumer’s entitlement to compensation from the compensation scheme (or other applicable compensation scheme), or that there is no compensation scheme, in the event where the insurance undertaking is unable to meet its liabilities;

in good time before the conclusion of the policy.

…

After ICOBS 6.4 (Pre-and post-contract information: protection policies) insert the following new section ICOBS 6.5. The new section amends the text formerly in ICOBS 6.1.12AR and ICOBS 6.1.12BG. All the text is re-stated in this position and is not underlined. Underlining indicates new text.

(3) The firm must provide to the consumer the following information in good time before the renewal:

(a) the premium to be paid by the consumer on renewal;

(1) the rules and guidance on providing appropriate information to customers in ICOBS 6.1;

(2) the order of the information and priority of the information to be provided; and

(3) the information needs of the firm’s typical customer for the policy.

2.3 G A firm that manufactures the policy should, when drawing up the IPID, have regard to the target market and intended distribution strategy.

Name and company logo of the manufacturer

2.4 EU 1(1) The name of the manufacturer of the non-life insurance product, the Member State where that manufacturer is registered, its regulatory status, and, where relevant, its authorisation number shall immediately follow the title ‘insurance product information document’ at the top of the first page.

Amendments to the Product Intervention and Product Governance sourcebook (PROD)

After PROD 1.3 (Application of PROD 3) insert the following new section PROD 1.4. The text is not underlined.

1.4 Application of PROD 4

1.4.1 R PROD 4 applies to:

(1) an insurance intermediary; and

(2) an insurer,

with respect to:

(3) manufacturing insurance products; and

(4) distributing insurance products.

[Note: articles 1(2) and 25 of the IDD]

1.4.2 G In PROD an insurance product may be read as being a reference to the product for distribution to customers generally and is not intended to refer to each individual contract of insurance being sold or underwritten (unless the context indicates otherwise).

1.4.3 R PROD 4 does not apply in relation to the manufacturing or distributing of:

(1) a contract of large risks, or

(2) a reinsurance contract.

[Note: article 25(4) of the IDD]

When an intermediary may be considered to be manufacturing

1.4.4 EU 3(1) For the purposes of Article 25(1) of Directive (EU) 2016/97, insurance intermediaries shall be considered manufacturers where an overall analysis of their activity shows that they have a decision-making role in designing and developing an insurance product for the market.

3(2) A decision-making role shall be assumed, in particular, where insurance intermediaries autonomously determine the essential features and main elements of an insurance product, including its coverage, price, costs, risk, target market and compensation and guarantee rights, which are not substantially modified by the
insurance undertaking providing coverage for the insurance product.

3(3) Personalisation of and adaptation of existing insurance products in the context of insurance distribution activities for individual customers, as well as the design of tailor-made contracts at the request of a single customer, shall not be considered manufacturing.

[Note: article 3 of the IDD POG Regulation]

1.4.5 G The effect of PROD 1.4.3EU and PROD 1.4.6R is that an insurance intermediary needs to consider if it is manufacturing an insurance product and, if so, should comply with PROD 4.2 (Manufacture of insurance products).

Effect of provisions marked “EU”

1.4.6 R (1) Subject to (2) and PROD 1.4.3R, provisions in this section and in PROD 4 marked “EU” apply to firms manufacturing or distributing insurance products, but to whom the IDD POG Regulation does not apply, as if they were rules.

(2) For the purposes of (1), a word or phrase used in the IDD POG Regulation and referred to in column (A) has the meaning indicated in Column (B) of the table below:

After **PROD 3.3** (Distribution of products and investment services) insert the following new chapter **PROD 4**. The text is not underlined.
4 Product governance: IDD

4.1 General

Other requirements under the IDD

4.1.1 R This chapter does not affect the application of other requirements in the FCA Handbook applying to firms in relation to their insurance distribution activities including but not limited to:

(1) disclosure (ICOBS 2.2, ICOBS 6.1, COBS 4 and COBS 14.2);
(2) suitability (COBS 9 or 9A);
(3) appropriateness (COBS 10A);
(4) identification and management of conflicts of interest (SYSC 10.1 for intermediaries or SYSC 3.3 for insurers); and
(5) inducements (COBS 2.3A).

[Note: article 25(3) of the IDD]

4.2 Manufacture of insurance products

Product governance arrangements

4.2.1 R A firm which manufactures any insurance product must maintain, operate and review a process for the approval of:

(1) each insurance product; and
(2) significant adaptations of an existing insurance product,

in each case before it is marketed or distributed to customers.

[Note: first subparagraph of article 25(1) of the IDD]

4.2.2 R The product approval process referred to in PROD 4.2.1R must be proportionate and appropriate to the nature of the insurance product.

[Note: second subparagraph of article 25(1) of the IDD]

4.2.3 G Manufacturers should take into account the following when considering whether the product approval process is proportionate and appropriate:

(1) the complexity of the insurance product;
the degree to which publicly available information can be obtained;

(3) the nature of the insurance product and the risk of consumer detriment related to it;

(4) the characteristics of the target market; and

(5) the scale and complexity of the relevant business of the manufacturer or distributor.

[Note: recital 2 to the IDD POG Regulation]

4.2.4 G For the purposes of PROD 4.2.2R proportionality means that the product approval process should be relatively simple for straightforward and non-complex products that are compatible with the needs and characteristics of the mass retail market. On the other hand, in the case of more complex products with a higher risk of consumer detriment more exacting measures should be required.

[Note: recital 2 to the IDD POG Regulation]

Product approval process

4.2.5 EU 4(1) Manufacturers shall maintain, operate and review a product approval process for newly developed insurance products and for significant adaptations of existing insurance products. That process shall contain measures and procedures for designing, monitoring, reviewing and distributing insurance products, as well as for corrective action for insurance products that are detrimental to customers. The measures and procedures shall be proportionate to the level of complexity and the risks related to the products as well as the nature, scale and complexity of the relevant business of the manufacturer.

[Note: article 4(1) of the IDD POG Regulation]

4.2.6 EU 4(2) The product approval process shall be set out in a written document (“product oversight and governance policy”), which shall be made available to the relevant staff.

[Note: article 4 (2) of the IDD POG Regulation]

4.2.7 EU 9 Relevant actions taken by manufacturers in relation to their product approval process shall be duly documented, kept for audit purposes and made available to the competent authorities upon request.

[Note: article 9 of the IDD POG Regulation]

4.2.8 EU 4(3) The product approval process shall

(a) ensure that the design of insurance products:
(i) takes into account the objectives, interests and characteristics of customers;
(ii) does not adversely affect customers;
(iii) prevents or mitigates customer detriment;
(b) support a proper management of conflicts of interest.

**Note:** article 4(3) of the *IDD POG Regulation*

4.2.9 4(4) The manufacturers’ body or structure responsible for the manufacturing of insurance products shall:
(a) endorse and be ultimately responsible for establishing, implementing and reviewing the product approval process;
(b) continuously verify internal compliance with that process.

**Note:** article 4(4) of the *IDD POG Regulation*

4.2.10 EU 5(4) Manufacturers shall ensure that staff involved in designing and manufacturing insurance products has the necessary skills, knowledge and expertise to properly understand the insurance products sold and the interests, objectives and characteristics of the customers belonging to the target market.

**Note:** article 5(4) of the *IDD POG Regulation*

4.2.11 EU 4(5) Manufacturers designating a third party to design products on their behalf shall remain fully responsible for compliance with the product approval process.

**Note:** article 4(5) of the *IDD POG Regulation*

4.2.12 EU 4(6) Manufacturers shall regularly review their product approval process to ensure that that process is still valid and up to date. They shall amend the product approval process where necessary.

**Note:** article 4(6) of the *IDD POG Regulation*

Manufacture by more than one firm

4.2.13 EU 3(4) An insurance intermediary and an insurance undertaking that are both manufacturers within the meaning of Article 2 of this Delegated Regulation, shall sign a written agreement which specifies their collaboration to comply with the requirements for manufacturers referred to in Article 25(1) of Directive (EU) 2016/97, the procedures through which they shall agree on the identification of the target market and their respective roles in the product approval process.
4.2.14 R In circumstances other than PROD 4.2.13EU, when firms collaborate to manufacture an insurance product, they must outline their mutual responsibilities in a written agreement.

Target market

4.2.15 R For each insurance product the product approval process must:

(1) specify an identified target market;

(2) ensure that all relevant risks to the identified target market are assessed;

(3) ensure that the intended distribution strategy is consistent with the identified target market; and

(4) require the manufacturer to take reasonable steps to ensure that the insurance product is distributed to the identified target market.

[Note: third subparagraph of article 25(1) of the IDD]

4.2.16 EU 5(1) The product approval process shall for each insurance product identify the target market and the group of compatible customers. The target market shall be identified at a sufficiently granular level, taking into account the characteristics, risk profile, complexity and nature of the insurance product.

[Note: article 5(1) of the IDD POG Regulation]

4.2.17 EU 5(2) Manufacturers may, in particular with regard to insurance-based investment products, identify groups of customers for whose needs, characteristics and objectives the insurance product is generally not compatible.

[Note: article 5(2) of the IDD POG Regulation]

4.2.18 EU 5(3) Manufacturers shall only design and market insurance products that are compatible with the needs, characteristics and objectives of the customers belonging to the target market. When assessing whether an insurance product is compatible with a target market, manufacturers shall take into account the level of information available to the customers belonging to that target market and their financial literacy.

[Note: article 5(3) of the IDD POG Regulation]

4.2.19 G The identification of the target market by the manufacturer should be understood as describing a group of customers sharing common characteristics at an abstract and generalised level in order to enable the manufacturer to adapt the features of the product to the needs,
characteristics and objectives of that group of customers.

4.2.20 G The identification of the target market should be distinguished from the individual assessment at the point of sale to determine whether a product meets the demands and needs and, where applicable, whether an insurance based investment product is suitable or appropriate for the individual customer.

[Note: recital 5 to the IDD POG Regulation]

4.2.21 G The level of granularity of the target market and the criteria used to define the target market and determine the appropriate distribution strategy should be relevant for the product and should make it possible to assess which customers fall within the target market. For simpler, more common products, the target market should be identified with less detail while for more complicated products or less common products, the target market should be identified with more detail taking into account the increased risk of consumer detriment associated with such products.

[Note: recital 6 to the IDD POG Regulation]

Product testing

4.2.22 EU 6(1) Manufacturers shall test their insurance products appropriately, including scenario analyses where relevant, before bringing that product to the market or significantly adapting it, or in case the target market has significantly changed. That product testing shall assess whether the insurance product over its lifetime meets the identified needs, objectives and characteristics of the target market. Manufacturers shall test their insurance products in a qualitative manner and, depending on the type and nature of the insurance product and the related risk of detriment to customers, quantitative manner.

[Note: article 6(1) of the IDD POG Regulation]

4.2.23 G For the purposes of PROD 4.2.22EU, manufacturers should include assessments of the performance and risk/reward profile of their insurance product where appropriate.

[Note: recital 8 to the IDD POG Regulation]

4.2.24 EU 6(2) Manufacturers shall not bring insurance products to the market if the results of the product testing show that the products do not meet the identified needs, objectives and characteristics of the target market.

[Note: article 6(2) of the IDD POG Regulation]

4.2.25 R Manufacturers must consider the charging structure proposed for each insurance product, including examination of the following:
(1) whether the costs and charges of the insurance product are compatible with the needs, objectives and characteristics of the target market;

(2) where relevant, whether the charging structure of the insurance product is appropriately transparent for the target market, such as that it does not disguise charges or is too complex to understand; and

(3) where relevant, whether the charges undermine the return expectations of the insurance product, such as where the costs or charges equal, exceed or remove almost all the expected tax advantages linked to a life policy.

4.2.26 G (1) PROD 4.2.25R does not affect the manufacturer’s freedom to set premiums.

(2) In relation to a non-investment insurance contract a firm should consider whether, as a result of the charging structure it has put in place, the overall cost for the customer is consistent with its obligations under the Principles and ICOBS.

(3) PROD 4.2.25R should be read in light of a firm’s wider obligations under the Handbook which impose specific restrictions or requirements around what costs and charges may be permissible. For example, the rules in COBS 20.2 govern what may be charged to a with-profits policy when considering its charging structure under PROD 4.2.25R.

Distribution channels and information disclosure to distributors

4.2.27 EU 8(1) Manufacturers shall carefully select distribution channels that are appropriate for the target market, thereby taking into account the particular characteristics of the relevant insurance products.

[Note: article 8(1) of the IDD POG Regulation]

4.2.28 G To ensure appropriate information for customers, manufacturers should select distributors that have the necessary knowledge, expertise and competence to understand the features of an insurance product and the identified target market.

[Note: recital 9 to the IDD POG Regulation]

4.2.29 R A firm which manufactures an insurance product, must make available to a distributor:

(1) all appropriate information on the insurance product

(2) all appropriate information on the product approval process; and
(3) the identified target market of the insurance product.

[Note: fifth subparagraph of article 25(1) of the IDD]

4.2.30 EU 8(2) Manufacturers shall provide insurance distributors with all appropriate information on the insurance products, the identified target market and the suggested distribution strategy, including information on the main features and characteristics of the insurance products, their risks and costs, including implicit costs, and any circumstances which might cause a conflict of interest to the detriment of the customer. That information shall be clear, complete and up to date.

[Note: article 8(2) of the IDD POG Regulation]

4.2.31 EU 8(3) The information referred to in paragraph 2 shall enable the insurance distributors to:

(a) understand the insurance products;

(b) comprehend the identified target market for the insurance products;

(c) identify any customers for whom the insurance product is not compatible with their needs, characteristics and objectives;

(d) carry out distribution activities for the relevant insurance products in accordance with the best interests of their customers as prescribed in Article 17(1) of Directive (EU) 2016/97.

[Note: article 8(3) of the IDD POG Regulation]

4.2.32 R (1) A manufacturer must make available to any distributor information about the target market assessment.

(2) The information made available under (1) must be of an adequate standard to enable distributors to:

(a) comprehend the identified target market for the insurance products; and

(b) be able to identify any customers for whom the insurance product is not compatible with their needs, characteristics and objectives.

(3) A manufacturer is not required to disclose [specific] information objectively considered to be commercially sensitive if the information it does make available would still allow distributors to meet (2)(a) and (b).
Monitoring and review of insurance products

4.2.33 R A firm must understand the insurance products it offers or markets.

[Note: fourth subparagraph of article 25(1) of the IDD]

4.2.34 R A firm must regularly review the insurance products it offers or markets taking into account any event that could materially affect the potential risk to the identified target market. In doing so, the firm must assess at least the following:

(1) whether the insurance product remains consistent with the needs of the identified target market; and

(2) whether the intended distribution strategy remains appropriate.

[Note: fourth subparagraph of article 25(1) of the IDD]

4.2.35 EU 7(1) Manufacturers shall continuously monitor and regularly review insurance products they have brought to the market, to identify events that could materially affect the main features, the risk coverage or the guarantees of those products. They shall assess whether the insurance products remain consistent with the needs, characteristics and objectives of the identified target market and whether those products are distributed to the target market or is reaching customers outside the target market.

[Note: article 7(1) of the IDD POG Regulation]

4.2.36 EU 7(2) Manufacturers shall determine the appropriate intervals for the regular review of their insurance products, thereby taking into account the size, scale, contractual duration and complexity of those insurance products, their respective distribution channels, and any relevant external factors such as changes to the applicable legal rules, technological developments, or changes to the market situation.

[Note: article 7(2) of the IDD POG Regulation]

4.2.37 EU 7(3) Manufacturers that identify during the lifetime of an insurance product any circumstances related to the insurance product that may adversely affect the customer of that product shall take appropriate action to mitigate the situation and prevent further occurrences of the detrimental event. Manufacturers shall promptly inform concerned insurance distributors and customers about the remedial action taken.

[Note: article 7(3) of the IDD POG Regulation]

4.2.38 EU 8(4) Manufacturers shall take appropriate steps to monitor that insurance distributors act in accordance with the objectives of the manufacturers’ product approval process. They shall in particular
verify on a regular basis whether the insurance products are
distributed on the identified target market. That monitoring
obligation shall not extend to the general regulatory requirements
with which insurance distributors have to comply when carrying out
insurance distribution activities for individual customers. The
monitoring activities shall be reasonable, taking into consideration
the characteristics and the legal framework of the respective
distribution channels.

[Note: article 8(4) of the IDD POG Regulation]

4.2.39 EU 8(5) Manufacturers considering that the distribution of their insurance
products is not in accordance with the objectives of their product
approval process shall take appropriate remedial action.

[Note: article 8(5) of the IDD POG Regulation]

4.3 Distribution of insurance products

4.3.1 R Where a firm distributes insurance products which it does not manufacture
it must have in place adequate arrangements to obtain the information in
PROD 4.2.29R from the manufacturer.

[Note: sixth sub-paragraph of article 25(1) of the IDD]

4.3.2 R Where a firm distributes insurance products which it does not manufacture,
it must have in place adequate arrangements to understand:

(1) the characteristics of each insurance product; and

(2) the identified target market of each insurance product.

[Note: sixth sub-paragraph of article 25(1) of the IDD]

4.3.3 R A distributor must take all reasonable steps to obtain the information in
PROD 4.2.29R when distributing insurance products manufactured by any
person to which IDD manufacturer product governance requirements
(PROD 4.2, equivalent requirements of another EEA State or directly
applicable requirements of the IDD POG Regulation) do not apply.

4.3.4 G To comply with PROD 4.3.2R, distributors should put in place effective
arrangements to ensure that they obtain sufficient, adequate and reliable
information from the manufacturer about the insurance products to ensure
that they will be distributed in accordance with the characteristics,
objectives and needs of the target market.

4.3.5 EU 10(1) Insurance distributors shall have in place product distribution
arrangements containing appropriate measures and procedures to
obtain from the manufacturer all appropriate information on the
insurance products they intend to offer to their customers and to
fully comprehend those insurance products, taking into account the level of complexity and the risks related to the products as well as the nature, scale and complexity of the relevant business of the distributor.

**[Note: first sub-paragraph of article 10(1) of the IDD POG Regulation]**

### 4.3.6 EU 10(2)

The product distribution arrangements shall:

- **(a)** aim to prevent and mitigate customer detriment;
- **(b)** support a proper management of conflicts of interest;
- **(c)** ensure that the objectives, interests and characteristics of customers are duly taken into account.

**[Note: article 10(2) of the IDD POG Regulation]**

### 4.3.7 EU 10(3)

The product distribution arrangements shall ensure that the insurance distributors obtain from the manufacturer the information to be communicated under Article 8(2).

**[Note: article 10(3) of the IDD POG Regulation]**

### 4.3.8 EU 10(4)

Any specific distribution strategy set up or applied by insurance distributors shall be in accordance with the distribution strategy set up and the target market identified by the manufacturer.

**[Note: article 10(4) of the IDD POG Regulation]**

### 4.3.9 EU 10(5)

The insurance distributors’ body or structure responsible for insurance distribution shall endorse and be ultimately responsible for establishing, implementing and reviewing the product distribution arrangements and continuously verify internal compliance with those arrangements.

**[Note: article 10(5) of the IDD POG Regulation]**

### 4.3.10 EU 10(6)

Insurance distributors shall regularly review their product distribution arrangements to ensure that those arrangements are still valid and up to date. They shall amend product distribution arrangements where appropriate. Insurance distributors that have set up or apply a specific distribution strategy shall, where appropriate, amend that strategy in view of the outcome of the review of the product distribution arrangements. When reviewing their product distribution arrangements, insurance distributors shall verify that the insurance products are distributed to the identified target market.

Insurance distributors shall determine the appropriate intervals for the regular review of their product distribution arrangements, thereby taking into account the size, scale and complexity of the different insurance products involved.
To support product reviews carried out by manufacturers, insurance distributors shall upon request provide manufacturers with relevant sales information, including, where appropriate, information on the regular reviews of the product distribution arrangements.

[Note: article 10(6) of the IDD POG Regulation]

4.3.11 EU

Insurance distributors becoming aware that an insurance product is not in line with the interests, objectives and characteristics of its identified target market or becoming aware of other product-related circumstances that may adversely affect the customer shall promptly inform the manufacturer and, where appropriate, amend their distribution strategy for that insurance product.

[Note: article 11 of the IDD POG Regulation]

4.3.12 G

Manufacturers and distributors should take appropriate action in order to avert the risk of consumer detriment when they consider that the insurance product is not, or is no longer, aligned with the interests, objectives and characteristics of the identified target market.

[Note: recital 12 to the IDD POG Regulation]

4.3.13 EU

Relevant actions taken by insurance distributors in relation to their product distribution arrangements shall be duly documented, kept for audit purposes and made available to the competent authorities upon request.

[Note: article 12 of the IDD POG Regulation]

4.3.14 EU

Insurance distributors shall set out the product distribution arrangements in a written document and make it available to their relevant staff.

[Note: second sub-paragraph of article 10(1) of the IDD POG Regulation]

4.4 Additional expectations for manufacturers and distributors of insurance products

4.4.1 G

In addition to PROD 4.1, PROD 4.2 and PROD 4.3, firms should also consider what needs to be done to comply with obligations found elsewhere in the FCA Handbook, including under the Principles and in SYSC. In considering this firms should consider any relevant guidance.

4.4.2 G

PROD 1.4.10G provides that, where PROD 4 applies, a firm need not apply the guidance in RPPD for matters covered by PROD, if that firm has complied with PROD 4. However, PROD 4 and the IDD POG Regulation does not cover all parts of the RPPD or wider obligations in the FCA Handbook and the following guidance, some of which is reproduced from
the RPPD, remains relevant.

4.4.3 G Manufacturers should consider whether the design of an insurance product is driven by features that benefit the customer and not by a business model which relies on poor customer outcomes to be profitable.

4.4.4 G When providing information to distributors, a manufacturer should:

(1) make it clear if that information is not intended for customer use;

(2) ensure the information is sufficient, appropriate and comprehensible in substance and form, including considering whether it will enable distributors to understand it enough to give suitable advice (where advice is given) and to extract any relevant information and communicate it to the end customer. As part of meeting this standard, the manufacturer may wish to consider, with regard to each distribution channel or type of distributor what information distributors of that type already have, their likely level of knowledge and understanding, their information needs and what form or medium would best meet those needs (which could include discussions, written material or training as appropriate).

4.4.5 G When reviewing the insurance products it manufactures, a firm should communicate to the customer and/or distributor contractual “breakpoints” such as the end of a long tie-in period that may have a material impact on a customer that the customer cannot reasonably be expected to recall or know about already.

4.4.6 G Manufacturers should act fairly and promptly when handling claims or when paying out on an insurance product that has been surrendered or reached maturity. In doing this, the manufacturer should meet any reasonable customer expectations that it may have created with regard to the outcomes or how the process would be handled.

4.4.7 G In ensuring that they have obtained sufficient information about the insurance products they distribute and in ensuring they understand the insurance products distributed, distributors:

(1) should consider whether they understand the materials provided by the manufacturer or distributor earlier in the sales chain;

(2) should ask the manufacturer to supply additional information or training where this seems necessary to understand the insurance product adequately;

(3) should not distribute the insurance product if they do not understand it sufficiently; and

(4) when providing information to another distributor in a distribution chain, should consider how the further distributor will use the information, such as whether it will be given to customers. Firms should consider what information the further distributor requires
and the likely level of knowledge and understanding of the further distributor and what medium may suit it best for the transmission of information.

12 Appointed representatives

12.4 What must a firm do when it appoints an appointed representative or an EEA tied agent?
Appointed representative carrying on insurance distribution

Good repute

12.4.8A R Before a firm appoints a person as an appointed representative to carry on insurance mediation activity or insurance distribution activity, it must in relation to insurance mediation activity or insurance distribution activity ensure that the person will comply on appointment, and will continue to comply with, the provisions of MIPRU 2.3.1R and MIPRU 2.3.3R (Knowledge and ability, and good repute) SYSC 28.3 (Good repute) as if the appointed representative were a firm.

[Note: article 10(3) of the IDD]

12.4.8A A A firm that has appointed an appointed representative to carry on insurance distribution activity must ensure that the appointed representative:

(1) establishes, maintains and keeps appropriate records to demonstrate compliance with SYSC 28.3 (Good repute); and

(2) provides the name of the person responsible for the record-keeping requirement in (1) to the firm.

Knowledge and ability requirements

12.4.8A G SYSC 28.1 (Minimum knowledge and ability requirements for carrying out insurance distribution activities), SYSC 28.2 (Knowledge and ability requirements) and SYSC 28.4 (Record-keeping requirements) apply in relation to a firm’s relevant employees. This includes its appointed representatives and their employees.

[Note: articles 10(1), 10(2) and last paragraph of article 10(8) of the IDD]

12.4.8G G In assessing, under SUP 12.4.8AR, whether an appointed representative, or prospective appointed representative, has established the knowledge and ability requirements for persons within its management structure and for those directly involved in its insurance distribution activity, a firm should refer to TC. [deleted]

Close links

12.4.8C R Before a firm appoints an appointed representative who does not already appear on the Financial Services Register (“A”) to carry on insurance distribution activity, it must obtain from A the following information:

(1) the identities of shareholders or members, whether natural or legal persons, that have a holding in A that exceeds 10% and the amount of those holdings:
(2) the identities of persons who have close links with A; and

(3) that those holdings or close links do not prevent the effective supervision of A by the firm.

[Note: article 3(6) of the IDD]

12.4.9 G (1) An appointed representative must not commence an insurance mediation activity insurance distribution activity until he is they are included on the Financial Services Register as carrying on such activities (see SUP 12.5.2G(3)).

(2) If an appointed representative’s scope of appointment is to include an insurance mediation activity insurance distribution activity, the principal must notify the FCA of the appointment before the appointed representative commences that activity (see SUP 12.7.1R(1)).

(3) As an exception, pre-notification is not required if the appointed representative is already included on the Financial Services Register as carrying on insurance mediation activities insurance distribution activities in another capacity (for example, as the appointed representative of another principal).

12.4.10 G (1) The FCA has the power to decide not to include on the Financial Services Register (or to remove from the Financial Services Register) an appointed representative whose scope of appointment includes an insurance mediation activity insurance distribution activity, if it appears to the FCA that he is not a fit and proper person to carry on those activities (article 95 of the Regulated Activities Order).

...
12.5.10 R …

Required contract terms for appointed representatives carrying on insurance distribution activity

12.5.11 R A firm must ensure that, if appointing an appointed representative to carry on insurance distribution activity, its written contract requires the appointed representative to inform the firm of any change to the information obtained by the firm from the appointed representative in accordance with SUP 12.4.8CR.

[Note: second paragraph of article 3(6) of the IDD]

12.6 Continuing obligations of firms with appointed representatives or EEA tied agents

…

Obligations of firms under the approved persons regime

12.6.8 G (1) Some of the controlled functions, as set out in SUP 10A.4.1R, apply to an appointed representative of a firm, other than an introducer appointed representative, just as they apply to a firm (see SUP 10A.1.15R). These are the governing functions and the customer function. In the case of an appointed representative that also has a limited permission, an FCA required function may apply to it. As explained in SUP 10A.1.16R and SUP 10A.3.2G respectively:

…

(b) although the customer function applies to an appointed representative, the descriptions of the functions themselves do not extend to home finance mediation activity, insurance mediation activity insurance distribution activity or credit-related regulated activity;

…

(2) The approved persons regime applies differently to an appointed representative whose scope of appointment includes insurance mediation activity insurance distribution activity in relation to non-investment insurance contracts or credit-related regulated activity but no other regulated activity and whose principal purpose is to carry on activities other than regulated activities. These appointed representatives need only one person performing one of the governing functions. This means that only one director (or equivalent) of these appointed representatives must be approved
under section 59 of the Act for the performance of the director function, the chief executive function, the partner function or the director of unincorporated association function, whichever is the most appropriate (see SUP 10A.1.16R).

…. Obligations of firms under the training and competence rules

12.6.10 G (1) The rules and guidance relating to training and competence in SYSC 3 and SYSC 5 and in TC for a firm carrying on retail business extend to any employee of the firm in respect of whom the relevant rules apply. For these purposes, an employee of a firm includes:

(2) The specific knowledge and ability requirements in SYSC 28.2 and TC 4.2 for a firm with Part 4A permission to carry on insurance distribution activities apply to a relevant employee (as defined in SYSC 28.1.2R and TC 4.2.3R) of the firm.

(3) For the purposes of (1) and (2), an employee or a relevant employee of a firm includes an individual who is:

(1) an individual who is an appointed representative of a firm; and

(a) an individual who is employed or appointed by an appointed representative of a firm (whether under a contract of service or for services) in connection with the business of the appointed representative for which the firm has accepted responsibility.

12.6.11 G A firm should take reasonable care to ensure that:

(1) it has satisfied:

(a) SYSC 3 or SYSC 4 to 9 and where applicable, SYSC 28.2; and

(b) TC;

in respect of the relevant staff of the appointed representative; and

(2) …

12.7 Notification requirements

Notification of appointment of an appointed representative
12.7.1 R (1) This rule applies to a firm which intends to appoint:

...  

(4) any restrictions imposed on the regulated activities for which the firm has accepted responsibility; and

(5) where the appointed representative is not an individual, the name of the individuals who are responsible for the management of the business carried on by the appointed representative so far as it relates to insurance mediation activity insurance distribution activity.

...

12.7.7 R (1) If:

(a)

(i) the scope of appointment of an appointed representative is extended to cover insurance mediation activities insurance distribution activities for the first time; and

(ii) the appointed representative is not included on the Financial Services Register as carrying on insurance mediation activities insurance distribution activities in another capacity; or

(b) the scope of appointment of an appointed representative ceases to include insurance mediation activity insurance distribution activity;

the appointed representative’s principal must give written notice to the FCA of that change before the appointed representative begins to carry on insurance mediation activities insurance distribution activities under the contract (see SUP 12.4) or as soon as the scope of appointment of the appointed representative ceases to include
insurance mediation activities insurance distribution activities.

12.8 Termination of a relationship with an appointed representative or EEA tied agent

Removal of an appointed representative from the Register

12.8.5 The FCA has the power to remove from the Financial Services Register an appointed representative, whose scope of appointment covers insurance mediation activities insurance distribution activities (see SUP 12.4.9G and SUP 12.4.10G).

13 Exercise of passport rights by UK firms

13.3 Establishing a branch in another EEA State

The conditions for establishing a branch

13.3.2 A UK firm cannot establish a branch in another EEA State for the first time under an EEA right unless the relevant conditions in paragraphs 19(2), (4) and (5) of Part III of Schedule 3 to the Act are satisfied. It is an offence for a UK firm which is not an authorised person to contravene this prohibition (paragraph 21 of Part III of Schedule 3 to the Act). These conditions are that:

(3) (a) if the UK firm’s EEA right derives from the Insurance Mediation Directive or the MCD, one month has elapsed beginning on the date on which the UK firm received notice that the appropriate UK regulator had given a consent notice as described in SUP 13.3.6G(1) (see SUP 13.3.2AG);

(aa) if the UK firm’s EEA right derives from the IDD, either:

(i) the Host State regulator has notified the appropriate UK regulator of the applicable provisions; or

(ii) one month has elapsed beginning with the date on which the appropriate UK regulator gave the consent notice as described in SUP 13.3.5G(2);
13.3.2A  G  If the UK firm is passporting under the Insurance Mediation Directive and the EEA State in which the UK firm is seeking to establish a branch has not notified the European Commission of its wish to be informed of the intention of persons to establish a branch in its territory in accordance with article 6(2) of that directive, SUP 13.3.2G(2) and SUP 13.3.2G(3) do not apply. Accordingly, the UK firm may establish the branch to which its notice of intention relates as soon as the conditions referred to in SUP 13.3.2G(1) are satisfied. The list of EEA States that have notified the European Commission of their wish to be informed in accordance with article 6(2) of the Insurance Mediation Directive is published on the FCA’s website at www.fca.org.uk. [deleted]

13.3.2B  G  An appointed representative appointed by a firm to carry on insurance mediation activity may establish a branch in another EEA State under the Insurance Mediation Directive IDD. In this case, the notice of intention in SUP 13.3.2G(1) should be given to the appropriate UK regulator by the firm on behalf of the appointed representative.

13.3.2C  G  An exempt professional firm which is included in the record of unauthorised persons carrying on insurance mediation activity maintained by the FCA under article 93 of the Regulated Activities Order may establish a branch in another EEA State under the Insurance Mediation Directive IDD (see PROF 7.2).

Issue of a consent notice to the Host State regulator

13.3.5  G  …

(2)  If the UK firm’s EEA right derives from the Insurance Mediation Directive IDD and SUP 13.3.2G(2) applies, the appropriate UK regulator will give the Host State regulator a consent notice within one month of the date on which it received the UK firm’s notice of intention unless it has reason to doubt the adequacy of the UK firm’s resources or its administrative structure. In cases where SUP 13.3.2G(2) does not apply (see SUP 13.3.2AG), the UK firm may establish a branch as soon as it satisfies the conditions referred to in SUP 13.3.2G. The Host State regulator then has a further one month to notify the applicable provisions.

…

13.3.6  G  (1)  If Save where (1A) applies, if the appropriate UK regulator gives a consent notice, it will inform the UK firm in writing that it has done so.
(1A) If the UK firm’s EEA right derives from the IDD, where the appropriate UK regulator has given a consent notice and the Host State regulator has acknowledged receipt of that notice, the appropriate UK regulator must give written notice to the UK firm concerned that the Host State regulator has received the consent notice.

…

(6) Where a consent notice is given under the IDD, it will include the following information:

(a) the name, address and, where applicable, the registration number of the insurance intermediary;

(b) the EEA State within the territory of which the insurance intermediary plans to establish a branch;

(c) the category of insurance intermediary and, if applicable, the name of the insurer represented;

(d) the relevant classes of insurance, if applicable;

(e) the address within the Host State from which documents may be obtained; and

(f) the name of any person responsible for the management of the branch.

13.3.7 G …

(2) If the appropriate UK regulator decides to refuse to give a consent notice, then paragraph 19(12) of Part III of Schedule 3 to the Act requires the appropriate UK regulator to give the UK firm a decision notice within three months of the date on which it received the UK firm’s notice of intention (two months in the case of a UK firm which is a UCITS management company or an AIFM and one month in the case of a UK firm which is an insurance intermediary). The UK firm may refer the matter to the Tribunal.

13.4 Providing cross border services into another EEA State

…

The conditions for providing cross border services into another EEA State

13.4.2 G A UK firm or an AIFM exercising an EEA right to market an AIF under AIFMD, cannot start providing cross border services into another EEA
State under an EEA right unless it satisfies the conditions in paragraphs 20(1) of Part III of Schedule 3 to the Act and, if it derives its EEA right from AIFMD, MiFID or the UCITS Directive, paragraph 20(4B) of Part III of Schedule 3 to the Act. If a UK firm derives its EEA right from the MCD, it cannot start providing cross border services into another EEA State under an EEA right unless it satisfies the conditions in paragraphs 20(1) of Part III of Schedule 3 to the Act and paragraph 20(4BB) of Part III of Schedule 3 to the Act. It is an offence for a UK firm which is not an authorised person to breach this prohibition (paragraph 21 of Part III of Schedule 3 to the Act). The conditions are that:

... 

(3) if the UK firm is passporting under the Insurance Mediation Directive IDD, and the EEA State in which the UK firm is seeking to provide services has notified the European Commission of its wish to be informed of the intention of persons to provide cross border services in its territory in accordance with article 6(2) of that directive, one month has elapsed beginning with the date on which the UK firm has received written notice from the appropriate UK regulator as described in SUP 13.4.5G SUP 13.4.5AG (paragraph 20(3B)(c) (b) of Schedule 3 to the Act); or

... 

13.4.2A G An appointed representative appointed by a firm to carry on insurance mediation activity or insurance distribution activity on its behalf may provide cross border services in another EEA State under the Insurance Mediation Directive IDD. In this case, the notice of intention in SUP 13.4.2G(1) should be given to the appropriate UK regulator by the firm on behalf of the appointed representative.

13.4.2B G An exempt professional firm which is included in the record of unauthorised persons carrying on insurance mediation activity or insurance distribution activity maintained by the FCA under article 93 of the Regulated Activities Order may provide cross border services in another EEA State under the Insurance Mediation Directive IDD (see PROF 7.2).

... 

Issuing a consent notice or notifying the Host State regulator

13.4.4 G ... 

(2A) (a) If the UK firm’s EEA right derives from the Insurance Mediation Directive, and the EEA State in which the UK firm is seeking to provide services has notified the European Commission of its wish to be informed of the intention of persons to provide cross border services in its territory in accordance with article 6(2) of that directive, IDD, paragraph 20(3B)(a) of Part III of Schedule 3 to the Act requires the
appropriate UK regulator to send a copy of the notice of intention to the Host State regulator within one month of receipt. Otherwise, the UK firm may start providing cross border services as soon as it satisfies the relevant conditions (see SUP 13.4.2G).

(b) The list of the EEA States that have notified the European Commission of their wish to be informed in accordance with article 6(2) of the Insurance Mediation Directive is published on the FCA’s website at www.fca.org.uk.

…

13.4.5 G When Save where SUP 13.4.5AG applies, when the appropriate UK regulator sends a copy of a notice of intention, or if it gives a consent notice to the Host State regulator, it must inform the UK firm in writing that it has done so (paragraphs 20(3B)(b), 20(3D)(a)(iii) and (4) and 20C(9) of Schedule 3 to the Act).

13.4.5A G If a UK firm’s EEA right derives from the IDD, when the Host State regulator has acknowledged receipt of the copy of the notice of intention, the appropriate UK regulator must:

(a) inform the UK firm in writing that the Host State regulator has received the notice of intention and that the firm may begin providing the services to which the notice of intention relates; and

(b) notify the firm of the applicable provisions (if any).

13.6.1 G (1) Where a UK firm is exercising an EEA right, other than under the Insurance Mediation Directive (see SUP 13.6.9AG) or the CRD, and has established a branch in another EEA State, any changes to the details of the branch are governed by the EEA Passport Rights Regulations.

Firms passporting under the Insurance Mediation Directive IDD

13.6.9A G A UK firm exercising its EEA right under the Insurance Mediation Directive to establish a branch in another EEA State is not required to supply a change to the details of branches notice.

(1) If a UK firm has exercised an EEA right under the IDD and established a branch in another EEA State, the UK firm must not make any material change to the relevant details of the branch (see SUP 13 Annex 1R), unless it has satisfied the requirements in regulation 17(C)(2).

(2) The requirements in regulation 17(C)(2) are that:

(a) the UK firm has given a notice to the appropriate UK regulator stating the details of the proposed change; and

(b) the period of one month, beginning with the date on which the UK firm gave the notice, has elapsed.

(2) The UK firm may make the change once a period of one month has elapsed beginning with the day on which it gave notice.

13.7 Changes to cross border services

13.7.1 G (1) Where a UK firm is exercising an EEA right under the UCITS Directive, MiFID, the Insurance Directives, or AIFMD or the IDD and is providing cross border services into another EEA State, any changes to the details of the services are governed by the EEA Passport Rights Regulations.

(2) The requirements in regulation 17(C)(2) are that:

13.11A Enhanced supervision of UK firms exercising rights under the IDD

13.11A. G (1) Under article 7(2) of the IDD, ensuring compliance with the obligations in Chapter V (Information requirements and conduct of business rules) and Chapter VI (Additional requirements in relation to insurance based investment products) of the IDD by a UK firm exercising an EEA right under the IDD to establish a branch is the responsibility of the Host State. Ensuring compliance with all other obligations is the responsibility of the UK. Ensuring compliance with the obligations in the IDD by UK firms providing cross border services is the responsibility of the UK.

(2) However, article 7(1) of the IDD provides that responsibility for compliance can be altered in a particular situation. That is where an IDD insurance intermediary’s primary place of business is located in a Host State. In that case, the Home State and Host State regulators may agree that the Host State regulator will act as the Home State regulator in relation to certain provisions. Those provisions are Chapters IV (Organisational requirements), V (Information requirements and conduct of business rules), VI (Additional requirements in relation to insurance based investment products) and VII (Sanctions and other measures) of the IDD.

13.11A. G If a UK firm is exercising an EEA right derived from the IDD in a Host
State which is its primary place of business, the FCA can enter into a special agreement with the Host State regulator. The agreement can subject the UK firm to enhanced supervision by the Host State regulator. Section 203B of the Act enables the FCA’s ability to enter into this sort of agreement (an “Article 7(1) Agreement”).

13A.4.2 G Where an EEA firm exercises its EEA right to establish a branch in the United Kingdom under the Insurance Mediation Directive, the Act requires it to satisfy the establishment conditions, as set out in paragraph 13(1A) of Part II of Schedule 3 to the Act. [deleted]

13A.4.4 G -B When the appropriate UK regulator receives a consent notice from the EEA firm’s Home State regulator in respect of an EEA firm within paragraph 5(e) of Part I of Schedule 3 to the Act, it will, under paragraph 13(3C):

(1) acknowledge receipt; and

(2) notify the EEA firm’s Home State regulator of the applicable provisions (if any),

before the end of the period of one month beginning with the day on which the appropriate UK regulator received the consent notice.

…

The notification procedure

13A.5.4 G (1) Unless the EEA firm (other than an EEA firm that received authorisation under article 18 of the auction regulation) is passporting under the Insurance Mediation Directive IDD, if the appropriate UK regulator receives a regulator’s notice or, where no notice is required, is informed of the EEA firm’s intention to provide cross border services into the United Kingdom, the appropriate UK regulator will, under paragraphs 14(2) and 14(3) of Part II of Schedule 3 to the Act, notify the EEA firm of the applicable provisions (if any) within two months of the day on which the appropriate UK regulator received the regulator’s notice or was informed of the EEA firm’s intention.

(1A) When the FCA receives a regulator’s notice from the EEA firm’s Home State regulator that the EEA firm intends to exercise its EEA right to provide cross border services under the IDD, it will, under paragraph 14(3AZA) of Part II to Schedule 3 to the Act:
(a) acknowledge receipt; and

(b) notify the EEA firm’s Home State regulator of the applicable provisions (if any).

(2) Although the appropriate UK regulator is not required to notify the applicable provisions to an EEA Firm passporting under the Insurance Mediation Directive, MIFID or AIFMD these provisions are set out in SUP 13A Annex 1 (Application of the Handbook to Incoming EEA Firms).

13A.6 Which rules will an incoming EEA firm be subject to?

13A.6.2 An incoming EEA firm (other than an EEA pure reinsurer or an EEA firm that has received authorisation under article 18 of the auction regulation and only provides services in the United Kingdom) or incoming Treaty firm carrying on business in the United Kingdom must comply with the applicable provisions (see SUP 13A.4.4G, SUP 13A.4.4-BG, SUP 13A.4.6G, and SUP 13A.5.4G) and other relevant UK legislation. For example where the business includes:

...
(b) For EEA firms providing cross border services, the Home State is responsible in relation to all IDD obligations.

(2) However, under article 7(1) of the IDD, if an IDD insurance intermediary’s primary place of business is in a Host State, the Host and Home State regulators may agree that the Host State regulator will act as if it were the Home State regulator with regard to certain provisions. Those provisions are Chapters IV (Organisational requirements), V (Information requirements and conduct of business rules), VI (Additional requirements in relation to insurance based investment products) and VII (Sanctions and other measures) of the IDD. This sort of Home and Host State regulator agreement is referred to as an Article 7(1) IDD Agreement.

13A.6A. G Where the FCA is a Host State regulator it may enter into an article 7(1) IDD Agreement in respect of an incoming EEA firm. The FCA is given this power by section 203A of the Act subject to the conditions set out in that section. If the FCA enters into such an agreement, the EEA firm will be subject to enhanced supervision by the FCA to the extent specified in the agreement.

COMP  |  Applies, except in relation to the passported activities of a MiFID investment firm, an IMD IDD insurance intermediary, a UCITS management company carrying on non-core services under article 6.3 of the UCITS Directive, an MCD mortgage credit intermediary and an incoming AIFM carrying on either AIFM management functions for an unauthorised AIF or non-core services under article 6.4 of AIFMD (see the definition of “participant firm”). However, a firm specified above may be able to apply for top-up cover in relation to its passported activities (see COMP 14 (Participation by EEA Firms)).

Does not apply in relation to the passported activities of a MiFID investment firm, an IMD IDD insurance intermediary, an MCD mortgage credit intermediary or a UCITS management company carrying on non-core services under article 6.3 of the UCITS Directive or an incoming EEA AIFM regarding AIFM management functions carried on for an unauthorised AIF or non-core services under article 6.4. Applies in relation to the passported activities of a UCITS scheme and of an AIFM in relation to the management of an authorised AIF. Otherwise, COMP may apply, but the coverage of the compensation scheme is limited for non-UK activities (see COMP 5).

13A  |  Matters reserved to a Home State regulator

Annex 2G

Requirements in the interest of the general good

2. The Single Market Directives and the Treaty (as interpreted by the European Court of Justice) adopt broadly similar approaches to reserving responsibility to the Home State regulator. To summarise, the FCA or PRA, as Host State regulator, is entitled to impose requirements with respect to activities carried on within the United Kingdom if these can be justified in the interests of the “general good” and are imposed in a non-discriminatory way. This general proposition is subject to the following in relation to activities passported under the Single Market Directives:

(1) the Single Market Directives expressly reserve responsibility for the prudential supervision of a MiFID investment firm, CRD credit institution, UCITS management company, AIFM or passporting Solvency II firm to the Firm’s Home State regulator in respect of prudential matters within the scope of the respective Single Market Directives. The Insurance Mediation Directive IDD and the MCD reach the same position without expressly referring to the concept of prudential supervision. Accordingly, the FCA, as Host State regulator, is entitled to regulate only the conduct of the firm’s business (in the case of the IDD, business conducted through a branch)
within the *United Kingdom*;

Scope

6. The following firms are required to complete the sections of the RMAR applicable to the activities they undertake as set out in SUP 16.12:

(a) firms with permission to carry on insurance mediation activity insurance distribution activity in relation to non-investment insurance contracts.

...  

EEA firms

...  

11. Firms that only carry on reinsurance mediation distribution are not required to complete sections C or K.

Authorised professional firms

12. Authorised professional firms (‘APFs’) that are subject to IPRU-INV 2.1.3R (for their investment activity) or MIPRU 4.1.10R (for insurance mediation activity insurance distribution activity or home finance mediation activity) are not required to complete sections A, B2 or D. APFs that are members of the Law Society of England and Wales, the Law Society of Scotland or the Law Society of Northern Ireland are also not required to complete section C (see below).

13. The application of the capital requirements to APFs is set out in IPRU-INV 2.1.2R (for retail investment activity) and MIPRU 4.1.10R (for...
... home finance mediation activity and insurance mediation activity insurance distribution activity).

... NOTIONS FOR COMPLETION OF THE RMAR ...

... Section B: Profit & loss account ...

Guide for completion of individual fields

| Regulated business revenue | This is the total of the firm’s income during the reporting period in relation to its relevant regulated activities. For an insurance intermediary or a home finance intermediary, this should be calculated in the same way as ‘annual income’, as specified in MIPRU 4.3.3R (although in this context the period is not generally annual).

This rule states: “For a firm which carries on insurance mediation activity insurance distribution activity or home finance mediation activity, annual income... is the amount of all brokerage, fees, commissions and other related income (for example, administration charges, overrides, profit shares) due to the firm in respect of or in relation to those activities”.

... Section C Client money and assets ...

... Note 2: firms that only carry on insurance mediation activity in respect of reinsurance contracts are exempt from the client money rules, and are not therefore required to complete section C of the RMAR. However, a firm may make an election under CASS 5.1.1R(3) to comply with CASS 5.1 to CASS 5.6 in respect of client money it receives in the course of carrying on insurance mediation activity in relation to reinsurance contracts. Where a firm has made
such an election it should also complete section C of the RMAR. [deleted]

**Note 3:** a firm that receives or holds money for its MiFID business or designated investment business that is not MiFID business and holds money to which CASS 5 applies, may make an election under CASS 7.03R(1) or (2) to comply with CASS 7 for money it receives in the course of, or in connection with, its insurance mediation activity insurance distribution activities. Where a firm has made such an election, it should not complete section C of the RMAR, except to confirm that it holds money in connection with insurance mediation activities insurance distribution activities and has elected to comply with CASS 7.

**Section D Regulatory Capital**

…

‘Higher of’ requirements

In this section there are separate calculations of regulatory capital and capital resources requirements for the different types of business covered by the data requirements. The calculations are the same, however, for both home finance mediation activity and insurance mediation activity insurance distribution activity relating to non-investment insurance contracts.

(i) The left column of the form covers the appropriate capital resources and connected requirements in MIPRU 4 for firms carrying on home finance mediation activity (save for firms carrying on home finance mediation activities exclusively in relation to second charge regulated mortgage contracts or legacy CCA mortgage contracts, or both) or insurance mediation activity insurance distribution activity relating to non-investment insurance contracts (the requirements have to be completed
for all applicable categories), or both.

…

Guide for completion of individual fields

| Is the **firm** exempt from these capital resources requirements in relation to any of its retail mediation or distribution activities? | The **firm** should indicate here if any Handbook exemptions apply in relation to the capital resources requirements in MIPRU or IPRU-INV 13. Examples of **firms** that may be subject to exemptions include:

- Lloyd’s managing agents (MIPRU 4.1.11R);
- solo consolidated subsidiaries of banks or building societies;
- small credit unions (as defined in MIPRU 4.1.8R); and
- investment firms not subject to IPRU-INV 13 (unless they additionally carry on home finance mediation activity or insurance distribution activity relating to non-investment insurance contracts). |

| **Home finance mediation and non-investment insurance mediation distribution** | The minimum capital requirements for **firms** carrying on home finance mediation activity and for insurance mediation activity insurance distribution activity relating to non-investment insurance contracts are set out in MIPRU 4.2.11R. |

| **Base requirement** | For **firms** that hold client money or other client assets in relation to insurance mediation activity insurance distribution activity or home finance mediation activity, this should be calculated as 5% of the annual income (see MIPRU 4.2.11R(2)) from the **firm’s** insurance mediation activity insurance distribution activity, home finance mediation activity, or both. |

| 5% of annual income (firms holding client money) | For **firms** that do not hold client money or other client assets in |

| 2.5% of annual income (firms not holding client money) | For **firms** that do not hold client money or other client assets in |
holding client money) related to insurance mediation activity insurance distribution activity or home finance mediation activity, this should be calculated as 2.5% of the annual income (see MIPRU 4.2.11R(1)) from the firm’s insurance mediation activity insurance distribution activity, home finance mediation activity, or both.

The FCA may from time to time impose additional requirements on individual firms. If this is the case for your firm, you should enter the relevant amount here. This excludes capital resources requirements in relation to PII, which are recorded below.

If the firm carries on designated investment business as well as home finance mediation activity, insurance mediation activity insurance distribution activity or both, requirements under IPRU(INV), IFPRU, GENPRU or BIPRU and MIPRU must be considered to determine the appropriate requirement (see general notes (i) to (iii) above). If the resulting requirement for a firm is higher than the base MIPRU requirement then you should include the difference here.

The PII requirements for authorised professional firms (‘APFs’) that carry on retail investment activities are set out in IPRU-INV 2.3. APFs that carry on home finance mediation activity or insurance mediation activity insurance distribution activity are subject to the full requirements of MIPRU 3.
Guide for completion of individual fields

Part 1

| Does your firm hold a comparable guarantee or equivalent cover in lieu of PII, or is it otherwise exempt from holding PII in respect of any regulated activities (tick as appropriate)? | This question will establish whether a firm is exempt from the requirements and so is not required to hold PII. The conditions for comparable guarantees and exemptions from the PII requirements for firms carrying on insurance distribution or home finance mediation are set out in MIPRU 3.1.1R paragraphs (3) to (6). |

Part 2

| Limit of indemnity | You should record here the indemnity limits on the firm’s PII policy or policies, both in relation to single claims and in aggregate. Those firms subject to the Mortgage Credit Directive (MCD) (see MIPRU 3.2.9AR) or the Insurance Mediation Directive Insurance Distribution Directive (IMD IDD) requirements should state their limit in Euros; those that are not subject to the MCD or IMD IDD should select ‘Sterling’ from the drop-down list. |

(b) home finance activity;

and are not subject to the requirements of SUP 16.4 or SUP 16.5 (requirement to submit annual controllers report; or annual close links reports), will submit these reports in RMAR section F instead.

14  Participation by EEA Firms

14.1  Application and Purpose

14.1.2  R  This chapter also applies to an incoming EEA firm which is a MiFID investment firm, an IMD insurance intermediary, IDD insurance intermediary, a UCITS management company, an MCD mortgage credit intermediary or an AIFM.

Purpose

14.1.3  G  This chapter provides supplementary rules and guidance, and contains a
broad summary, in guidance, of FSCS cover, for an incoming EEA firm which is an IMD insurance intermediary, IDD insurance intermediary, a MiFID investment firm, a UCITS management company, an MCD mortgage credit intermediary or an AIFM. It reflects in part the implementation of the Investor Compensation Directive and UCITS Directive.

14.1.4 G (1) An incoming EEA firm, which is an IMD insurance intermediary, IDD insurance intermediary, an MCD mortgage credit intermediary or a MiFID investment firm is not a participant firm in relation to its passported activities unless it “tops-up” into the compensation scheme. This reflects section 213(10) of the Act (The compensation scheme) and regulation 2 of the Electing Participants Regulations (Persons not to be regarded as relevant persons). If an incoming EEA firm also carries on non-passported activities for which the compensation scheme provides cover, it will be a participant firm in relation to those activities and will be covered by the compensation scheme for those activities in the usual way.

... 

14.1.5 G In relation to an incoming EEA firm’s passported activities, its Home State compensation scheme must provide compensation cover in respect of business within the scope of the Investor Compensation Directive, article 6(3) of the UCITS Directive and article 6(4) of AIFMD, whether that business is carried on from a UK branch or on a cross border services basis. Insurance mediation activity Insurance distribution activity is not within the scope of the Investor Compensation Directive.

... 

14.2 Obtaining top-up cover

... 

14.2.3 G A notice under COMP 14.2.1R should include details confirming that the incoming EEA firm falls within a prescribed category. In summary:

(1) the firm must be:

ICOBS applies to any credit union carrying on non-investment insurance distribution activities, such as arranging or advising on general insurance contracts to be taken out by members. But ICOBS does not apply to a credit union taking out an insurance policy for itself, such as a policy against default by members on their loans where the credit union is the beneficiary of the policy, since in this circumstance the credit union would not be acting as an insurance intermediary, but would itself be the customer. Credit unions are reminded that they are subject to the requirements of the appropriate legislation, including the Credit Unions Act 1979, relating to activities a credit union may carry on.

Amendments to the Professional Firms sourcebook (PROF)

In this Annex, underlining indicates new text and striking through indicates deleted text.

1 Professional Firms

1.1 Application and Purpose

Application

1.1.1 R This sourcebook applies as follows:

…

(4) PROF 7 applies to every designated professional body and every exempt professional firm that is carrying on, or proposing to carry on, insurance mediation activity insurance distribution activity.

…

1.1.4 G This sourcebook outlines:

…

(6) the arrangements made by the FCA for complying with its obligations under the Insurance Mediation Directive IDD in relation to:

(a) maintaining a record of unauthorised persons, including exempt professional firms, that carry on, or are proposing to carry on, insurance mediation activity insurance distribution activity; and

(b) exempt professional firms that wish to passport under the Insurance Mediation Directive IDD.

…

1.1.6 G The rules and guidance in this sourcebook are intended to:

…

(4) explain the background to and the arrangements made by the FCA for:

(a) the registration of unauthorised persons, including exempt professional firms, that carry on, or are proposing to carry on, insurance mediation activity insurance distribution
activity; and

(b) authorised professional firms and exempt professional firms that wish to exercise their EEA right under the Insurance Mediation Directive **IDD** to establish a branch or provide cross border services in another EEA State.

... 3 The FCA’s duties and powers 3.1 The FCA’s duty to keep itself informed ...

3.1.2 The FCA keeps itself informed in a number of ways. A designated professional body has a duty under section 325(4) of the Act to cooperate with the FCA. Article 94 of the Regulated Activities Order requires each designated professional body to provide the FCA with the information it needs to maintain a public record of persons that are registered with the FCA to conduct insurance mediation activity, insurance distribution activity. The FCA has made arrangements with each of the designated professional bodies about the information they provide to it, to include information about:

... (6) the names and addresses of each of their exempt professional firms that carry on, or are proposing to carry on, insurance mediation activity, insurance distribution activity, together with the details of the individuals within the management of the exempt professional firms who are responsible for the insurance mediation activity, insurance distribution activity and, where relevant, the passporting information required by the FCA for the purposes of paragraph 25 of Schedule 3 to the Act (EEA Passport Rights).

... 3.2 The FCA’s power to make a direction ...

3.2.5 Second, the FCA may exercise its direction power under section 328(6)(b) of the Act if it is satisfied that it is necessary to do so in order to comply with an obligation imposed by the Insurance Mediation Directive **IDD**. For example, the FCA might wish to do so if it was not receiving from a designated professional body the information it needs to maintain the Financial Services Register (see PROF 7.1).
4 Disclosure

4.1 Disclosure rules

4.1.3 R  (1) An exempt professional firm must, before it provides a service which includes the carrying on of a regulated activity in the United Kingdom, other than an insurance mediation activity insurance distribution activity, with or for a client, disclose in writing to the client in a manner that is clear, fair and not misleading that it is not authorised under the Act.

(2) An exempt professional firm, must, before it provides a service which includes the carrying on of an insurance mediation activity insurance distribution activity with or for a client, make the following statement in writing to the client in a way that is clear, fair and not misleading and no less prominent than any other information provided to the client at the same time:

“[This firm is]/[We are] not authorised by the Financial Conduct Authority. However, we are included on the register maintained by the Financial Conduct Authority so that we can carry on insurance mediation activity insurance distribution activity, which is broadly the advising on, selling and administration of insurance contracts. This part of our business, including arrangements for complaints or redress if something goes wrong, is regulated by [DPB]. The register can be accessed via the Financial Conduct Authority website at www.fca.gov.uk/register/home.do www.fca.org.uk/firms/financial-services-register.”

4.1.4 G  ...

(2) The FCA considers that it is important that clients understand the implications for them of receiving services from an exempt professional firm that is not authorised under the Act. It is also important that clients understand the implications of the difference between authorisation under the Act and being on the register maintained by the FCA, so that the exempt professional firm can conduct insurance mediation activity insurance distribution activity, in relation to which activity the regulatory protections established by the Act for the benefit of consumers will not apply. The FCA therefore expects designated professional bodies to make rules covering the information to be provided to clients. These rules should require exempt professional firms to make a disclosure to clients containing the following elements:

(a) where the exempt professional firm conducts a regulated activity other than an insurance mediation activity insurance
distribution activity, a statement that the exempt professional
firm is not an authorised person;

…

(e) where the regulated activity consists of insurance mediation
activity insurance distribution activity, the statement
contained at PROF 4.1.3R(2).

(3) Exempt professional firms should also ensure that any statement that
makes reference to the FCA does not lead a client to suppose that
the FCA has direct regulatory responsibility for the exempt
professional firm. This could be a breach of PROF 4.1.2R. This
consideration is particularly important in relation to insurance
mediation activity insurance distribution activity, where clients may
well fail to appreciate the difference between authorisation under
the Act and being included on the register maintained by the FCA so
as to permit the exempt professional firm to carry on insurance
mediation activity insurance distribution activity.

(a) the designated professional body of the firm has made rules

5.3.9 CASS 1.2.4 R provides that with the exception of CASS 1 and the insurance client money chapter, CASS does not apply to authorised professional firms when carrying on non-mainstream regulated activities. CASS 1.2.5 R further provides that if the non-mainstream regulated activities are insurance mediation activity insurance distribution activity, CASS 5 (the insurance client money chapter) does not apply to an authorised professional firm, if the firm’s designated professional body has rules applicable to the firm which implement the Insurance Mediation Directive IDD and which are in the form approved by the FCA under section 332(5) of the Act.

Insurance: Conduct of Business sourcebook

5.3.10 ICOBS does not apply to an authorised professional firm with respect to its non-mainstream regulated activities (see ICOBS 1 Ann Annex 1, Part 1, paragraph 3.1 R, except for:

(d) provisions in ICOBS which implement articles 12 and 13 1(4), 17, 18, 19, 20, 23, and 24 of the Insurance Mediation Directive IDD (see ICOBS 2.2.2 R (communication to customers and financial promotions), ICOBS 2.2.2 AR (marketing communications), ICOBS 2.5 -1 R (the customer’s best interests rule), ICOBS 2.6 (Distribution of connected contracts through exempt persons), ICOBS 4.1 (Information about the firm, its services and remuneration), ICOBS 4.1 A (Means of communicating to customers), ICOBS 4.3 (remuneration disclosure) and, ICOBS 5.2.3 R ICOBS 5.2 (Demands and needs), ICOBS 5.3.3 R (Advice on the basis of a fair analysis), ICOBS 5.3.4 R (Personalised explanation), ICOBS 6A.1.4 R (Ensuring the customer can make an informed decision) and ICOBS 6A.3 (Cross-selling), except to the extent that the firm is subject to equivalent rules of its designated professional body which have been approved by the FCA.
7 Insurance mediation distribution activity

7.1 Register of persons carrying on insurance mediation distribution activity

Background

The FCA’s obligation to maintain a record

7.1.2 Article 93 of the amended Regulated Activities Order requires the FCA to maintain an up-to-date record of every unauthorised person, whether an appointed representative or an exempt professional firm that carries on, or is proposing to carry on, insurance mediation activity insurance distribution activity and to whom the general prohibition does not apply in relation to the carrying on of such an activity. In relation to exempt professional firms the general prohibition does not apply by virtue of section 327 of the Act.

7.1.3G The FCA is not to include an exempt professional firm in the register relating to unauthorised persons if:

(1) under a direction given by the FCA under section 328(1) of the Act, section 327(1) of the Act does not apply in relation to the carrying on by it of insurance mediation activity insurance distribution activity; or

(2) the FCA has made an order under section 329(2) of the Act disapplying section 327(1) of the Act in relation to the carrying on by the exempt professional firm of insurance mediation activity insurance distribution activity.

Provision of information to the FCA

7.1.4 Article 94 of the Regulated Activities Order obliges a designated professional body to provide the FCA with the information it needs to maintain the record referred to in PROF 7.1.2G of every unauthorised person that carries on, or proposes to carry on, insurance mediation activity insurance distribution activity and keep it up to date. This information needs to include the details referred to in PROF 7.1.7G. This is the responsibility of the designated professional body and not each exempt professional firm.

Financial Services and Markets Act 2000 (Professions) (Non-Exempt) Activities Order 2001 (SI 2001/1227)

7.1.5 (1) The attention of exempt professional firms is drawn to the
significance of The Financial Services and Markets Act 2000 (Professions) (Non-Exempt) Activities Order 2001 (SI 2001/1227), as amended by The Financial Services and Markets Act 2000 (Regulated Activities) (Amendment) (No.2) Order 2003 (SI 2003/1476). The effect of these amendments is that exempt professional firms may not carry on certain regulated activities which relate to a contract of insurance in reliance on the Part XX exemption unless the exempt professional firm is included in the record of unauthorised persons carrying on insurance mediation activity insurance distribution activity maintained by the FCA under article 93 of the Regulated Activities Order.

(2) Each exempt professional firm carrying on, or proposing to carry on, insurance mediation activity insurance distribution activity should ensure that at all material times the name of the firm and the requisite details are included in the record maintained by the FCA. Any such exempt professional firm carrying on, or proposing to carry on, insurance mediation activity insurance distribution activity whose name does not appear in the record maintained by the FCA is likely to be breaching the general prohibition which is a criminal offence under section 23 of the Act.

Financial Services Register

7.1.6 G In order to comply with its obligations to maintain a record of unauthorised persons that carry on, or are proposing to carry on, insurance mediation activity insurance distribution activity, the FCA has established an appropriate record which forms part of the record maintained by the FCA under section 347 of the Act. The record maintained by the FCA under section 347 of the Act is known as the Financial Services Register. The Financial Services Register therefore contains a record of each authorised and unauthorised person that carries on, or proposes to carry on, insurance mediation activity insurance distribution activity.

7.1.7 G The information to be included on the record in relation to exempt professional firms will, as required by the Insurance Mediation Directive IDD, include details of:

(1) the name and address of each exempt professional firm that carries on, or is proposing to carry on, insurance mediation activity insurance distribution activity;

(2) where the exempt professional firm is not an individual, the names of the individuals within the management of the exempt professional firm who are responsible for the insurance mediation activity insurance distribution activity; and

(3) each EEA State in which the exempt professional firm under an EEA right derived from the Insurance Mediation Directive IDD:
7.2 **Passporting under the **Insurance Mediation Directive (IDD)**

7.2.1 **G** All *persons* that are on the register maintained by the FCA in accordance with article 3 of the *Insurance Mediation Directive (IDD)*, and so permitted to conduct insurance mediation activity or insurance distribution activity, are entitled to exercise the *EEA right* conferred upon them by article 4 (freedom to provide services) and 6 (freedom of establishment) of the *Insurance Mediation Directive (IDD)* to establish a branch or provide services relating to insurance mediation activity or insurance distribution activity in another EEA State. Both *authorised professional firms* and *exempt professional firms* that are so registered by the FCA get the benefit of these passporting rights.

7.2.2 **G** Any *authorised professional firm* or *exempt professional firm* that is contemplating the exercise of rights under article 4 (freedom to provide services) or 6 (freedom of establishment) of the *Insurance Mediation Directive (IDD)* to establish a branch or provide services relating to insurance mediation activity or insurance distribution activity in another EEA State is referred to SUP 13 (Exercise of passport rights by UK firms) for further details as to the applicable process. Note that both *authorised professional firms* and *exempt professional firms* are UK firms for the purposes of the Handbook, including SUP 13.

7.2.3 **G** A *UK firm* proposing to establish a branch in another EEA State for the first time under an *EEA right* derived from the *Insurance Mediation Directive (IDD)* must first satisfy the conditions in paragraphs 19(2),(4) and (5) of Part III of Schedule 3 to the *Act* (EEA Passport Rights). These include the requirement that the firm must at the outset give the FCA a notice in the required form of its intention to establish the branch. **SUP 13.3.2G to SUP 13.3.2CG** and **SUP 13.3.5G** detail the procedure to be followed once such a *notice of intention* has been received by the FCA. **SUP 13.5.1R** (Specified contents: notice of intention to establish a branch) and **SUP 13.6.9AG** (Firms passporting under the *Insurance Mediation Directive (IDD)*) will also be relevant.

7.2.4 **G** A *UK firm* proposing to provide cross border services into another EEA State for the first time under an *EEA right* derived from the *Insurance Mediation Directive (IDD)* must first satisfy the conditions in paragraph 20(1) of Part III of Schedule 3 to the *Act* (EEA Passport Rights). The *UK firm* must at the outset give the FCA a notice in the required form of its intention to provide the *cross border services* into another EEA State. In this instance, the relevant procedure to be followed is outlined in **SUP 13.4.2G, SUP 13.4.4G and SUP 13.4.5G, SUP 13.4.5AG, SUP 13.5.2R** (Specified contents: notice of intention to provide cross border services) and **SUP 13.7.11G SUP 13.7.11AG** will also be relevant.

3 Use of information gathering and investigation powers

...

3.8B Information requests and investigations under the enhanced supervision of EEA firms under the Insurance Distribution Directive

Under the IDD, where an EEA firm’s primary place of business is located in the United Kingdom rather than in its home member state, section 203A allows the FCA to enter into an agreement with that firm’s Home State regulator to exercise certain functions as if the firm were a UK firm. This same power but in reverse allows by virtue of section 203B the FCA to agree that an EEA regulator can exercise certain functions in respect of a UK firm whose primary place of business is in that EEA member state (see also SUP 13.11A.2G). A firm will be notified of such an agreement without delay.

8 Variation and cancellation of permission and imposition of requirements on the FCA’s own initiative and intervention against incoming firms

...

8.6 Exercising the power under section 55Q to vary or cancel a firm’s Part 4A permission or to impose requirements on a firm in support of an overseas regulator: the FCA’s policy

...

8.6.2 Relevant Community obligations which the FCA may need to consider include those under the Capital Requirements Directive, the Solvency II Directive, the Investment Services Directive/Markets in Financial Instruments Directive, the Insurance Mediation Directive, Insurance Distribution Directive (IDD) and the Market Abuse Regulation. Each of these legislative acts imposes general obligations on the relevant EEA competent authority to cooperate and collaborate closely in discharging their functions under the legislative acts.

...

19 Non-FSMA powers
... 

19.6  **Regulated Activities Order 2001 (RAO)**

... 

19.6.1  The RAO sets out those activities which are regulated for the purposes of the Act. Part V of the RAO also requires the FCA to maintain a register of all those people who are not authorised by the FCA but who carry on insurance *mediation* *distribution* activities. Under article 95 RAO, the FCA has the power to remove from the register an appointed representative who carries on insurance *mediation* *distribution* activities if it considers that he is not fit and proper. The FCA will give the person a *warning notice* informing him that it proposes to remove his registration and a *decision notice* if the decision to remove his registration is taken. The decisions to give a *warning notice* or a *decision notice* will be taken by the RDC following the procedures set out in *DEPP 3.2* or, where appropriate, *DEPP 3.3*. A person who receives a decision notice under article 95 RAO may refer the matter to the *Tribunal*.
Annex U

Amendments to the Perimeter Guidance manual (PERG)

In this Annex, underlining indicates new text and striking through indicates deleted text.

Part 1: Comes into force on [23 February 2018]

5.8 The regulated activities: advising on contracts of insurance

…

5.8.3A  G (1) The scope of the\textit{regulated activity of advising on investments (except P2P agreements)} is narrower for a \textit{person} who is authorised for the purposes of the \textit{Act} to carry on certain \textit{regulated activities} (as set out in (2)) than as described in \textit{PERG 5.8.1G and PERG 5.8.2G}.

(2) The narrower scope of \textit{advising on investments (except P2P agreements)} referred to in (1) applies to a \textit{person} who is authorised for the purposes of the \textit{Act} to carry on any \textit{regulated activity} other than (or in addition to):

(a) \textit{advising on investments (except P2P agreements)}; or

(b) the \textit{regulated activity of agreeing to carry on a regulated activity} in relation to (a).

(3) A \textit{person} in (2) is not \textit{advising on investments (except P2P agreements)} except to the extent that they are providing a \textit{personal recommendation}.

(4) \textit{PERG 8.24.1 provides further guidance} on this distinction. \textit{PERG 8.30B provides guidance} on the definition of \textit{personal recommendation} as it relates to the \textit{regulated activity of advising on investments (except P2P agreements)}. In particular, \textit{PERG 8.30B.2G(1) to (4) sets out the different elements of the definition of personal recommendation}.

(5) The \textit{guidance} in \textit{PERG 5.8.4G to PERG 5.8.26G about advising on investments (except P2P agreements)} is still relevant to a \textit{firm} authorised for the narrower scope of this activity. This is because that \textit{guidance} is relevant to those elements of the definition of \textit{personal recommendation} described in \textit{PERG 8.30B.2G(1) and (2)}.

1.5.1A G The guidance under PERG 1.5.1G(7) and (12) relates to the Insurance Mediation Directive, which has been repealed and replaced by the **Insurance Distribution Directive (IDD)**. The guidance relates to whether the regulated activities in question are carried on for remuneration and by way of business under the Insurance Mediation Directive. The FCA does not view the changes under the IDD as having affected the analysis of remuneration and the ‘by way of business’ test set out in this guidance and so it continues to be relevant (see also PERG 5.4).

2.3 The business element

…

2.3.2 G …

(2A) A person who carries on an insurance mediation activity insurance distribution activity will not be regarded as doing so by way of business unless he takes up or pursues that activity is taken up or pursued for remuneration. **PERG 2.3.3G** gives guidance on the factors that are relevant to the meaning of ‘by way of business’ in section 22 of the Act. **PERG 5.4** (The business test) gives further guidance on the business element as applied to insurance mediation activities insurance distribution activities.

…

2.5 Investments and activities: general

…

Modification of certain exclusions as a result of MiFID, the Insurance Mediation
Directives IDD and the Mortgage Credit Directive

2.5.3 G The application of certain of the exclusions considered in PERG 2.8 (Exclusions applicable to certain regulated activities) and PERG 2.9 (Regulated activities: exclusions applicable to certain circumstances) is modified in relation to persons who are subject to MiFID, the Insurance Mediation Directive IDD and the MCD. The reasons for this and the consequences of it are explained in PERG 2.5.4G for MiFID, PERG 5 (Insurance Guidance on insurance mediation distribution activities), for the Insurance Mediation Directive IDD, and PERG 4.10A for the MCD.

2.5.6 G The Insurance Mediation Directive IDD has, in part, been implemented through various amendments to the Regulated Activities Order. These include article 4(4A) (Specified activities: general) which precludes a person who, for remuneration, takes up or pursues insurance mediation insurance distribution or reinsurance mediation reinsurance distribution, in relation to a risk or commitment situated in an EEA State, from making use of certain exclusions. In other cases, some of the exclusions provided in relation to particular regulated activities are unavailable where the activity involves a contract of insurance. This is explained in more detail in PERG 5 (Insurance Guidance on insurance mediation distribution activities).

2.6 Specified investments: a broad outline

2.6.7 G The Regulated Activities Order uses two further terms in relation to contracts of insurance to identify those contracts under which rights are treated as contractually based investments.

(2) The second term is ‘relevant investments’. This term applies to:

(a) …

(b) …

This term is used in connection with the treatment, under various parts of the Regulated Activities Order, of persons carrying on insurance mediation activities insurance distribution activities (see further PERG 5 (Insurance Guidance on insurance mediation distribution activities) for further guidance on such activities).
2.7 Activities: a broad outline

Effecting or carrying out contracts of insurance as principal

2.7.3 G The activities of *effecting a contract of insurance* or *carrying out a contract of insurance* are separate *regulated activities*, each requiring *authorisation*. But this only applies where they are carried on by a *person* who is acting as principal. This means that the activities of agents, such as loss adjusters, will not constitute this *regulated activity*. The activities of some agents may, however, be regulated as *insurance mediation activities* (see PERG 5 (Guidance on insurance mediation distribution activities)).

2.7.4 G …

*PERG 5* (Insurance Guidance on insurance mediation distribution activities) has more *guidance* on these *regulated activities* where they are *insurance mediation activities*.

…

Assisting in the administration and performance of a contract of insurance

2.7.8A G The activity of *assisting in the administration and performance of a contract of insurance* is a *regulated activity* that is identified in the *Insurance Mediation Directive IDD*. Further *guidance* on this activity is in *PERG 5.7* (The *regulated activities*: assisting in the administration and performance of a contract of insurance).

…

2.8 Exclusions applicable to particular regulated activities

…

Dealing in investments as agent

2.8.5 G …

(4) …

More detailed *guidance* on the exclusions that relate to *contracts of insurance* is in *PERG 5* (Insurance Guidance on insurance mediation distribution activities).

…

Arranging deals in investments and arranging a home finance transaction

…
2.8.6A G The exclusions in the Regulated Activities Order that relate to the various arranging activities are as follows:

…

(6) Under article 30, arranging investment transactions in connection with lending on the security of contracts of insurance is excluded, from article 25(1) and (2) but only where a person is not carrying on insurance mediation insurance distribution or reinsurance mediation reinsurance distribution.

…

(10A) (1) Under article 33B, the mere provision of certain information is excluded from article 25(1) and (2). The information must be:

(a) about a potential policyholder, and provided to either a relevant insurer (as defined in article 39B(2) of the Regulated Activities Order), an insurance intermediary (as defined in article 2(1)(3) of the IDD) or an IDD reinsurance intermediary, or

(b) about certain insurance products or providers, and provided to a potential policyholder.

(2) This is on the condition that the provider of the information takes no step other than to provide this information to assist in the conclusion of a contract of insurance.

(13) …

The exclusions referred to in (a), (b), (g), (h), (m) and (n) also apply to arranging activities related to home finance transactions (in that context, the exclusion in (n) covers any activity which is carried on by a local authority). More detailed guidance on the exclusions that relate to contracts of insurance is in PERG 5 (Insurance Guidance on insurance mediation distribution activities).

Managing investments

2.8.7 G The activities of persons appointed under a power of attorney are excluded under article 38 of the Regulated Activities Order from the regulated
activity of managing investments, if specified conditions are satisfied. The exclusion only applies where a person is not carrying on insurance mediation, insurance distribution or reinsurance mediation, reinsurance distribution and is subject to further limitations discussed below. In addition, the following exclusions (outlined in PERG 2.9) apply in specified circumstances where a person manages assets:

...

Advising on investments

2.8.12A G ...

(2) ...

More detailed guidance on certain of these exclusions is in PERG 4 (Regulated Guidance on regulated activities connected with mortgages), PERG 5 (Insurance Guidance on insurance mediation, distribution activities), PERG 14.3 (Activities relating to home reversion plans), PERG 14.4 (Activities relating to home purchase plans) and PERG 14.4A (Guidance on home reversion, home purchase and Activities relating to regulated sale and rent back agreement activities agreements).

2.9 Regulated activities: exclusions applicable in certain circumstances

...

Trustees, nominees or personal representatives

2.9.3 G This group of exclusions applies, in specified circumstances, to the regulated activities of:

...

The exclusion is, however, disapplyed where a person is carrying on insurance mediation, insurance distribution or reinsurance mediation, reinsurance distribution, or the person would be an MCD firm. This is due to article 4(4A) and 4(4B) of the Regulated Activities Order. Guidance on exclusions relevant to insurance mediation activities insurance distribution activities is in PERG 5 (Insurance Guidance on insurance mediation, distribution activities) and guidance on activities and exclusions relevant to the MCD is in PERG 4.10A (Activities regulated under the Mortgage Credit Directive).
Professions or business not involving regulated activities

2.9.5 G This group of exclusions applies, in specified circumstances, to the regulated activities of:

...

The exclusion is, however, disapplied where a person is carrying on insurance mediation, insurance distribution or reinsurance mediation, reinsurance distribution. This is due to article 4(4A) of the Regulated Activities Order. Guidance on exclusions relevant to insurance mediation activities insurance distribution activities is in PERG 5 (Insurance Guidance on insurance mediation distribution activities). The exclusion is also disapplied for persons who, when carrying on the relevant regulated activity, are MiFID investment firms or third country investment firms (see PERG 2.5.4G to PERG 2.5.5G (Investment services and activities)).

...

Group and joint enterprises

...

2.9.10 G These exclusions apply to intra-group dealings and activities and to dealings or activities involving participators in a joint enterprise which take place for the purposes of, or in connection with, the enterprise. The general principle here is that, as long as activities that would otherwise be regulated activities take place wholly within a group of companies, then there is no need for authorisation. The same principle applies to dealings or activities that take place wholly within a joint enterprise entered into for commercial purposes related to the participators’ unregulated business. The exclusions in PERG 2.9.9G(2), (3), (4) and (7) are disapplied where they concern a contract of insurance. Guidance on exclusions relevant to insurance mediation activities insurance distribution activities is in PERG 5 (Insurance Guidance on insurance mediation distribution activities). The exclusions are also disapplied for persons who, when carrying on the relevant regulated activity, are MiFID investment firms or third country investment firms (see PERG 2.5.4G to PERG 2.5.5G (Investment services and activities)).

...

Sale of body corporate

...

2.9.12 G ...

These exclusions also apply to transactions that are entered into for the
purposes of the above transactions (such as transactions involving the offer of securities in the offeror as consideration or part consideration for the sale of the shares in the body corporate). These exclusions do not have effect in relation to shares in an open-ended investment company. The exclusions in PERG 2.9.11G(2), (3) and (4) are disapplied where they concern a contract of insurance. Guidance on exclusions relevant to insurance mediation activities insurance distribution activities is in PERG 5 (Guidance on insurance mediation distribution activities). The exclusions are also disapplied for persons who, when carrying on the relevant regulated activity, are MiFID investment firms or third country investment firms (see PERG 2.5.4G to PERG 2.5.5G (Investment services and activities)).

... Insurance mediation distribution activities

2.9.19 The exclusions in this group apply to certain regulated activities involving certain contracts of insurance. The exclusions and the regulated activities to which they apply are as follows.

(1) The first exclusion of this kind relates to certain activities carried on by a provider of non-motor goods or services, or services related to travel in connection with general insurance contracts only that satisfy a number of conditions.

(a) The contracts must:

(i) be for five years duration or less and have an annual premium of no more than 500.

(A) 600 euro or less (calculated on a pro rata annual basis); or

(B) 200 euro or less, where the contracts of insurance are complementary to a service being provided by the provider and the duration of that service is equal to or less than three months.

or equivalent amounts of sterling or another currency:

(ii) The contract must cover:

(A) breakdown or loss of or damage to non-motor goods supplied by the provider; or

(B) loss of or damage to baggage and other risks linked to certain travel services booked with the provider; or

(C) the non-use of services supplied by the
(b) The travel services must be the hire of an aircraft, vehicle or vessel which does not provide sleeping accommodation, or must relate to attendance at an event organised or managed by the provider.

(c) Where the travel services relate to an event, the exclusion does not apply if the party seeking insurance is an individual (acting in his their private capacity) or a small business. A small business is a sole trader, body corporate, partnership or unincorporated association which had a turnover in the last financial year of less than £1,000,000 (but where it is a member of a group, the combined turnover of the group is used). Turnover means the amounts derived from the provision of goods and services falling within the business’s ordinary activities, after deduction of trade discounts, value added tax and any other taxes based on those amounts.

(d) There must not be any liability risk cover other than (in relation to travel risk) where this is ancillary to the main risk covered in a travel policy.

(e) The insurance must be complementary to the goods or services being supplied by the provider in the course of his the provider’s carrying on a business or profession not otherwise consisting of regulated activities, and the policy must be in standard form.

(f) This exclusion applies where the regulated activities concerned are:

(a) (i) dealing in investments as agent;

(b) (ii) arranging (bringing about) deals in investments and making arrangements with a view to transactions in investments;

(c) (iii) assisting in the administration and performance of a contract of insurance; and

(d) (iv) advising on investments.

(2) …

(4) The fourth exclusion applies where specified information is provided to a potential policyholder, or to a relevant insurer (as defined in article 39B(2) of the Regulated Activities Order), an insurance intermediary (as defined in article 2(1)(3) of the IDD) or an IDD reinsurance intermediary, by a person who does not take
any other step to assist in the conclusion of a contract of insurance (see PERG 2.8.6A(10A)G and PERG 5.6.4B-EG).

**Guidance** on these and other exclusions relevant to insurance mediation activities insurance distribution activities is in PERG 5 (Insurance Guidance on insurance mediation distribution activities).

... 2.10 Persons carrying on regulated activities who do not need authorisation ...

Appointed representatives

2.10.5 G With one exception, a person is exempt if he is they are an appointed representative of an authorised person. In some circumstances, however, a person may be an appointed representative and not be exempt, if the person has a limited permission for certain credit-related regulated activities. See SUP 12 (Appointed representatives). But where an appointed representative carries on insurance mediation insurance distribution or reinsurance mediation reinsurance distribution, he that person will not be exempt unless he is they are included on the register kept by the FCA under article 93 of the Regulated Activities Order (Duty to maintain a record of unauthorised persons carrying on insurance mediation distribution activities) (see PERG 5.13 (Appointed representatives)).

... Members of the professions ...

2.10.16 G A person carrying on regulated activities under the regime for members of the professions will be subject to rules made by the professional body designated by the Treasury. Such bodies are obliged to make rules governing the carrying on by their members of those regulated activities that they are able to carry on without authorisation under the Act. Where such a person is carrying on insurance mediation insurance distribution or reinsurance mediation reinsurance distribution, he that person must also be included on the register kept by the FCA under article 93 of the Regulated Activities Order (Duty to maintain a record of unauthorised persons carrying on insurance mediation distribution activities) (see PERG 5.10 (Exemptions)).

4 Guidance on regulated activities connected with mortgages
4.1 Application and purpose

Guidance on other activities

4.1.6 G A person may be intending to carry on activities related to other forms of investment in connection with mortgages, such as advising on and arranging an endowment policy or ISA to repay an interest-only mortgage. Such a person should also consult the guidance in PERG 2 (Authorisation and regulated activities), PERG 5 (Guidance on insurance mediation distribution activities) and PERG 8 (Financial promotion and related activities). In addition, PERG 14 (Guidance on home reversion, and home purchase and regulated sale and rent back agreement activities) has guidance on regulated activities relating to home reversion plans, home purchase plans and regulated sale and rent back agreements.

4.10A Activities regulated under the Mortgage Credit Directive

The effect of article 4(4B) on arrangers: Remuneration under the MCD

4.10A.1 G PERG 5.4 (The business test for insurance mediation distribution) has guidance on the meaning of remuneration in the Insurance Mediation Directive IDD. That guidance is also applicable to the meaning of remuneration for the purpose of PERG 4.10A.12G.

5 Guidance on insurance mediation distribution activities

5.1 Application and purpose

5.1.1 G This chapter applies principally to any person who needs to know whether he carries insurance mediation activities and is thereby subject to FCA regulation. As such it will be of relevance among others to:

(1) insurance brokers;

(2) insurance advisers;

(3) insurance undertakings; and

(4) other persons involved in the sale and administration of contracts of insurance, even where these activities are secondary to their main business.
5.1.6 G The purpose of this guidance is to help persons consider whether they need authorisation or a variation of their Part 4A permission. Businesses new to regulation who act only as introducers of insurance business are directed in particular to PERG 5.6.2G (article 25(1): arranging (bringing about) deals in investments) to PERG 5.6.9G (Exclusion: Article 72C (Provision of information on an incidental basis)) and PERG 5.15.6G (Flow chart: Introducers) to help consider whether they require authorisation. This guidance also explains the availability to persons carrying on insurance mediation activities insurance distribution activities of certain exemptions from regulation, including the possibility of becoming an appointed representative (see PERG 5.13.1G to PERG 5.13.6G (Appointed representatives)).

5.2 Introduction

Questions to be considered to decide if authorisation is required

5.2.3 G A person who is concerned to know whether his their proposed insurance mediation activities insurance distribution activities may require authorisation will need to consider the following questions (these questions are a summary of the issues to be considered and have been reproduced, in slightly fuller form, in the flow chart in PERG 5.15.2G (Flow chart: regulated activities related to insurance mediation—do you need authorisation?)

(1) will the activities relate to contracts of insurance (see PERG 5.3 (Contracts of insurance))?
(2) if so, will I be carrying on any insurance mediation activity insurance distribution activity (see PERG 5.5 (The regulated activities: dealing in contracts as agent) to PERG 5.11 (Other aspects of exclusions))?

(3) if so, will I be carrying on my activities by way of business (see PERG 5.4 (The business test))?

(4) if so, is there the necessary link with the United Kingdom (see PERG 5.12 (Link between activities and the United Kingdom))?

(5) if so, will any or all of my activities be excluded (see PERG 5.3.7G (Connected contracts of insurance) to PERG 5.3.8G (Large risks); PERG 5.6.5G PERG 5.6.4AG (Exclusion: article 72C Exclusions for the provision of information; article 33B and 72C on an incidental basis) to PERG 5.6.23G (Other exclusions); PERG 5.7.7G (Exclusions); PERG 5.8.24G (Exclusion: periodical publications, broadcasts and web-sites) to PERG 5.8.26G (Other exclusions); PERG 5.11 (Other aspects of exclusions) and PERG 5.12.9G to PERG 5.12.10G (Overseas persons))?

(6) if it is not the case that all of my activities are excluded, am I a professional firm whose activities are exempted under Part XX of the Act (see PERG 5.14.1G to PERG 5.14.4G (Professionals))?

(7) if not, am I exempt as an appointed representative (see PERG 5.13 (Appointed representatives))?

(8) if not, am I otherwise an exempt person (see PERG 5.14.5G (Other exemptions))?

If a person gets as far as question (8) and the answer to that question is ‘No’, that person requires authorisation and should refer to the FCA website page “How to Apply for authorisation”: www.fca.org.uk/firms/authorisation/apply-authorisation for details of the application process. The order of these questions considers firstly whether a person is carrying on insurance mediation activities insurance distribution activities before dealing separately with the questions ‘will I be carrying on my activities by way of business?’ (3) and ‘if so, will any or all of my activities by be excluded?’ (5).

5.2.4 G It is recognised pursuant to section 22 of the Act that a person will not be carrying on regulated activities in the first instance, including insurance mediation activities insurance distribution activities, unless he is the person is carrying on these activities by way of business. Similarly, where a person’s activities are excluded be that person cannot, by definition, be carrying on regulated activities. To this extent, the content of the questions above does not follow the scheme of the Act. For ease of navigation, however, the questions are set out in an order and form designed to help persons consider more easily, and in turn, issues relating to:
(1) the new regulated activities;

(2) the business test; and

(3) the exclusions.

Approach to implementation of the IMD IDD

5.2.5 G The IMD IDD imposes requirements upon EEA States relating to the regulation of insurance distribution and reinsurance distribution. The IMD IDD defines “insurance mediation” and “reinsurance mediation” as including the activities of introducing, advising on, proposing or carrying out other work preparatory to the conclusion of contracts of insurance and reinsurance, or of concluding such contracts, or of assisting in the administration and performance of such contracts, in particular in the event of a claim. It includes the provision of information concerning one or more insurance contracts in accordance with criteria selected by customers through a website or other media and the compilation of an insurance product ranking list, including price and product comparison, or a discount on the price of an insurance contract, when the customer is able to directly or indirectly conclude an insurance contract using a website or other media. Reinsurance distribution is similarly defined (excluding the price comparison website activities). (The text of IDD article 2.3 articles 2.1(1), 2.1(2) and 2.2 IMD is reproduced in full in PERG 5.16.2G (article 2.3 of the Insurance Mediation Directive).)

5.2.6 G The United Kingdom’s approach to implementing Kingdom has implemented the IMD IDD (and the IMD before it) by domestic legislation, which will apply pre-existing regulated activities (slightly amended) in the Regulated Activities Order to the component elements of the insurance mediation definition of insurance distribution and reinsurance distribution definitions in the IMD IDD (see PERG 5.2.5G and the text of article 2.3 IMD IDD articles 2.1(1), 2.1(2) and 2.2 in PERG 5.16.2G (article 2.3 Insurance Mediation Directive)).

5.2.7 G The effect of the IMD and its implementation described in PERG 5.2.5G to PERG 5.2.6G is to vary the application of the existing regulated activities set out in PERG 5.2.8G(1) to PERG 5.2.8G(3), PERG 5.2.8G(5) and PERG 5.2.8G(6), principally by applying these regulated activities to general insurance contracts and pure protection contracts and by making changes to the application of the various exclusions to these regulated activities. These regulated activities applied prior to 14 January 2005 to qualifying contracts of insurance (as defined by article 3 of the Regulated Activities Order and referred to in the Handbook as life policies (which includes pension policies)). The legislation implementing the IMD introduced a new regulated activity set out in PERG 5.2.8G(4), which potentially applies to all contracts of insurance. [deleted]
5.2.8 G It follows that As a result, each of the regulated activities below potentially apply to any contract of insurance:

... 

5.2.9 G It is the scope of the Regulated Activities Order rather than the IMD IDD which will determine whether a person requires authorisation or exemption. However, the scope of the IMD IDD is relevant to the application of certain exclusions under the Regulated Activities Order (see, for example, the commentary on article 67 in PERG 5.11.9G (Activities carried on in the course of a profession or non-investment business)).

Financial promotion

5.2.10 G An unauthorised person who intends to carry on activities connected with contracts of insurance will need to comply with section 21 of the Act (Restrictions on financial promotion). This guidance does not cover financial promotions that relate to contracts of insurance. Persons should refer to the general guidance on financial promotion in PERG 8 (Financial promotion and related activities). (See in particular PERG 8.17A (Financial promotions concerning insurance mediation distribution activities) for financial promotions that relate to insurance mediation insurance distribution activities.)

5.3 Contracts of insurance

... 

5.3.5 G The Regulated Activities Order does not define a reinsurance contract. The essential elements of the common law description of a contract of insurance are also the essential elements of a reinsurance contract. Whilst the IMD IDD addresses insurance and reinsurance separately, throughout this guidance the term ‘contract of insurance’ (italicised or otherwise) also applies to contracts of reinsurance.

... 

Connected contracts of insurance

5.3.7 G Article 72B of the Regulated Activities Order (Activities carried on by a provider of relevant goods or services) excludes from FCA regulation certain regulated activities carried on by providers of non-motor goods or services and services related to travel in relation to contracts of insurance that satisfy a number of conditions. Details about the scope of this exclusion can be found at PERG 5.11.13G to PERG 5.11.15G PERG 5.11.14G (Activities carried on by a provider of relevant goods or services).

...
Specified investments

5.3.9  G  For an activity to be a *regulated activity*, it must be carried on in relation to ‘specified investments’ (see section 22 of the Act (Regulated activities) and Part III of the *Regulated Activities Order* (Specified investments)). For the purposes of *insurance mediation activity* and *insurance distribution activity*, *specified investments* include the following ‘relevant investments’ defined in article 3(1) of the *Regulated Activities Order* (Interpretation):

... 

5.3.10  G  A *person* will have rights under a *contract of insurance* when 

he that 

person is a policyholder. The question of whether a *person* has rights under a *contract of insurance* may require careful consideration in the case of group policies (with reference to the *Glossary* definition of policyholder). In the case, in particular, of *general insurance contracts* and *pure protection contracts*, the existence or otherwise of rights under such policies may be relevant to whether a *person* is carrying on *insurance mediation activities* and *insurance distribution activities*.

... 

5.4  The business test

5.4.1  G  A *person* will only need *authorisation* or exemption if he is carrying on a *regulated activity* ‘by way of business’ (see section 22 of the Act (Regulated Activities)).

5.4.2  G  There is power in the Act for the Treasury to specify the circumstances in which a *person* is or is not to be regarded as carrying on *regulated activities* by way of business. The *Business Order* has been made using this power (partly reflecting differences in the nature of the different activities). As such, the business test for *insurance mediation activity* and *insurance distribution activity* is distinguished from the standard test for ‘investment business’ in article 3 of the *Business Order*. Under article 3(4) of the *Business Order*, a *person* is not to be regarded as carrying on by way of business any *insurance mediation activity* or *insurance distribution activity* unless 

he that 

person takes up or pursues that activity for remuneration. Accordingly, there are two principal elements to the business test in the case of *insurance mediation activities* and *insurance distribution activities*:

(1)  does a *person* receive remuneration for these activities?

(2)  if so, does he take up or pursue these activities by way of business?

5.4.3  G  (1)  As regards PERG 5.4.2G(1), the *Business Order* does not provide a definition of ‘remuneration’, but however ‘remuneration’ is defined in the *IDD*. Article 2(1)(9) of the *IDD* defines ‘remuneration’ to mean any commission, fee, charge or other payment, including an economic benefit of any kind or any other financial or non-financial advantage or incentive offered or given in respect of insurance
distribution activities.

(2) In the FCA’s view, ‘remuneration’ in the Business Order follows the meaning of the IDD definition of remuneration, and:

(a) it has a broad meaning and covers both monetary and non-monetary rewards. This is regardless of who makes them. For example, where a person pays discounted premiums for his own insurance needs in return for bringing other business to an insurance undertaking, the discount would amount to remuneration for the purposes of the Business Order.

(b) Remuneration can also take the form of an economic benefit which the person expects to receive as a result of carrying on insurance mediation activities insurance distribution activities.

(c) In the FCA’s view, the remuneration does not have to be provided or identified separately from remuneration for other goods or services provided. Nor is there a minimum level of remuneration.

5.4.4 G As regards PERG 5.4.2G(2), in the FCA’s view, for a person to take up or pursue insurance mediation activity insurance distribution activity by way of business, the person will usually need to be carrying on those activities with a degree of regularity. The person will also usually need to be carrying on the activities for commercial purposes. That is to say, the person will normally be expecting to gain a direct financial benefit of some kind. Activities carried on out of friendship or for altruistic purposes will not normally amount to a business. However, in the FCA’s view:

…

5.4.5 G It follows that whether or not any particular person is acting ‘by way of business’ for these purposes will depend on his individual circumstances. However, a typical example of where the applicable business test would be likely to be satisfied by someone whose main business is not insurance mediation activities insurance distribution activities, is where a person recommends or arranges specific insurance policies in the course of carrying on that other business and receives a fee or commission for doing so.

5.4.6 G Some typical examples of where the business test is unlikely to be satisfied, assuming that there is no direct financial benefit to the arranger, include:

(1) arrangements which are carried out by a person for himself for their own benefit, or for members of his family;

(2) where employers provide insurance benefits for staff; and
(3) where affinity groups or clubs set up insurance benefits for members.

5.4.7 G PERG 5.4.8G contains a table that summarises the main issues surrounding the business test as applied to insurance mediation activities insurance distribution activities and that may assist persons to determine whether they will need authorisation or exemption. The approach taken in the table involves identifying factors that, in the FCA’s view, are likely to play a part in the analysis. Indicators are then given as to the significance of each factor to the person’s circumstances. By analysing the indicators as a whole, a picture can be formed of the likely overall position. The table provides separate indicators for the two elements of remuneration and by way of business. As a person has to satisfy both elements, a clear overall indication against either element being satisfied should mean that the test is failed. This approach cannot be expected to provide a clear conclusion for everyone. But it should enable persons to assess the relevant aspects of their activities and to identify where changes could, if necessary, be made so as to make their position clearer. The person to whom the indicators are applied is referred to in the table as ‘P’.

5.6 The regulated activities: arranging deals in, and making arrangements with
5.6.4 Exclusions for provision of information: article 33B and 72C

5.6.4A In broad terms, article 33B of the Regulated Activities Order excludes from article 25 (arranging) activities that consist of:

(1) the provision of information about a potential policyholder to:
   
   (a) a relevant insurer (as defined in article 39B(2) of the Regulated Activities Order) or
   
   (b) an insurance intermediary (as defined in article 2(1)(3) of the IDD) or
   
   (c) an IDD reinsurance intermediary; or

(2) the provision of information to a potential policyholder about:

   (a) a contract of insurance; or

   (b) a relevant insurer (as defined in article 39B(2) of the Regulated Activities Order) or insurance intermediary (as defined in article 2(1)(3) of the IDD) or IDD reinsurance intermediary,

where the provider of the information does not take any step other than the provision of information to assist in the conclusion of a contract of insurance.

5.6.4C The exclusion in PERG 5.6.4BG will be of assistance to persons who would otherwise be carrying on the regulated activity of arranging. This exclusion is intended to give effect to article 2.2 of the IDD (the text of which is reproduced in PERG 5.16.2G(2)) which refers to the ‘mere’ provision of this information without taking any additional steps not being considered to constitute insurance distribution. In the FCA’s view, the effect of this, and the reference in article 2.2(c) of the IDD to ‘data and information on potential policyholders’, is that the exclusion in PERG 5.6.4BG covers those situations where a person provides existing information they hold on potential policyholders (for example their name and contact details) but does not extend to information they obtain from other means such as pre-purchase questioning.
5.6.4 D G A person seeking to rely on article 33B cannot provide information other than the information specified in that article. That person also cannot take a step other than the provision of the specified information where such a step would assist in the conclusion of a contract of insurance. For example, a person who forwards a proposal form to an insurance undertaking would not be able to benefit from the exclusion. Similarly, where a person does more than provide information (for example, by helping a potential policyholder fill in an application form) they would be unable to rely on this exclusion.

5.6.4 E G This exclusion does not cover the activity of advising a customer under article 53(1) of the Regulated Activities Order (Advising on investments (other than P2P agreements)) (see PERG 5.8 and PERG 8.24).

Exclusion: article 72C (Provision of information on an incidental basis)

5.6.5 G The Article 72C of the Regulated Activities Order provides an important another potential exclusion in relation to article 25, however, only for persons whose principal business is other than insurance mediation activities insurance distribution activities. In contrast to article 33B, article 72C also provides an exclusion for regulated activities other than arranging.

...
5.6.9 G The exclusion may be of assistance to introducers who would otherwise be carrying on the regulated activity of making arrangements with a view to transactions in investments (assuming, as mentioned in PERG 5.6.8G, that they provide information only to policyholders or potential policyholders, and not to the intermediary or insurance undertaking to whom they introduce these policyholders or potential policyholders). In order to assist such introducers determine whether or not they are likely to require authorisation, a simplified flowchart is included in PERG 5.15.6G (Flow chart: introducers). Introducers may also find the guidance at PERG 5.9.2G (The regulated activities: agreeing to carry on a regulated activity) and PERG 5.6.4BG to PERG 5.6.4EG helpful. PERG 5.6.17G (Exclusion from article 25(2) for introducing) has guidance to assist persons to determine whether their introducing activities amount to making arrangements with a view to transactions in investments.

Exclusion from article 25(2): arrangements enabling parties to communicate

...

5.6.11 G In the FCA’s view, the crucial element of the exclusion in article 27 is the inclusion of the word ‘merely’. When a publisher, broadcaster or internet website operator goes beyond what is necessary for him to provide his service of publishing, broadcasting or otherwise facilitating the issue of promotions, he may well bring himself within the scope of article 25(2). Further detailed guidance relating to the scope of the exclusion in article 27 is contained in PERG 2.8.6G(2) (Arranging deals in investments and arranging a home finance transaction) and PERG 8.32.6G to PERG 8.32.11G (Arranging deals in investments).

Exclusion from article 25(2): transactions to which the arranger is a party

...

5.6.15 G In some cases, a person may make arrangements to enter into a contract of insurance as policyholder on its own behalf and also arrange that another person become a policyholder under the same contract of insurance. If so, the person should be aware that the effect of the narrower exclusion in article 28 as part of implementation of the IMD IDD is that they may be arranging on behalf of the other policyholder. This may be relevant, for example, to a company which arranges insurance for itself (not arranging) as well as other companies in a group or loan syndicate (potentially arranging).

...

Exclusion from article 25(2) for introducing

5.6.17 G Article 33 of the Regulated Activities Order (Introducing) excludes arrangements which would otherwise fall under article 25(2) where:
(2) the person to whom introductions are to be made is:

(a) an authorised person; or

(b) an exempt person acting in the course of business comprising a regulated activity in relation to which he is exempt; or

(c) a person who is not unlawfully carrying on regulated activities in the United Kingdom and whose ordinary business involves him in engaging in certain activities;

...

5.6.18 G The effect of PERG 5.6.17G(4) is that some persons who, in making introductions, are making arrangements with a view to transactions in investments under article 25(2) of the Regulated Activities Order, cannot use the introducing exclusion. This is usually the case if, in general terms, the arrangements for making introductions relate to contracts of insurance (PERG 5.6.19G has further guidance on when arrangements for introductions may be regarded as relating to contracts of insurance). However, this does not mean that all introducers whose introductions relate directly or indirectly to contracts of insurance will necessarily require authorisation if they cannot use the exclusions in article 33B or 72C of the Regulated Activities Order for merely passing information. For this to be the case, a person needs authorisation if their activities, viewed as a whole, amount to arranging. Additionally, it should be borne in mind that the provision of advice or information may involve the communication of a financial promotion (see PERG 8 (Financial promotion and related activities)).
Advice given to a person in his capacity as an investor or potential investor

5.8.6 For the purposes of article 53(1), advice must be given to a person in his capacity as an investor or potential investor (which, in the context of contracts of insurance, will mean as policyholder or potential policyholder). So, article 53(1) will not apply where advice is given to persons who receive it as:

(1) an adviser who will use it only to inform advice given by him to others; or

(2) a journalist or broadcaster who will use it only for journalistic purposes.

5.8.7 Advice will still be covered by article 53(1) even though it may not be given to any particular policyholder (for example, advice given in a periodical publication or on a website). Such advice would, however, be unlikely to be a personal recommendation (see PERG 5.8.3AG, PERG 8.24.1G and PERG 8.30BG).

Advice must relate to the merits (of buying or selling a contract of insurance)

5.8.13 The requirements imposed by the IMD IDD (see PERG 5.2.5G (Approach to implementation of the IMD IDD)) and the text of articles 2.1(1), 2.1(2) and 2.2 in PERG 5.16.1G (article 2.3 of the Insurance Mediation Directive) are narrower than the scope of the Regulated Activities Order (see PERG 5.2.7G (Approach to implementation of the IMD IDD)). This is that, unlike the Regulated Activities Order, they do not relate to the assignment of contracts of insurance. This is of relevance to, amongst others, persons involved in the ‘second-hand’ market for contracts of insurance such as traded endowment policies and certain viatical instruments (that is, arrangements by which a terminally ill person can obtain value from his life policy) (see also PERG 5.6.12G (Exclusion from article 25(2): transactions to which the arranger is a party)). Persons advising on or arranging assignments of these contracts of insurance are therefore potentially carrying on regulated activities although they may be able to take the benefit of article 67 of the Regulated Activities Order (Activities carried on in the course of a profession or non-investment business) in certain circumstances (see PERG 5.11.9G to PERG 5.11.12G (Activities carried on in the course of a profession or non-investment business)).

Medium used to give advice

5.8.20 With the exception of:
(1) periodicals, broadcasts and other news or information services (see PERG 5.8.24G to PERG 5.8.25G (Exclusion: periodical publications, broadcasts and web-sites)); and

(2) situations involving an overseas element (see, generally, PERG 5.12 (Link between activities and the United Kingdom) and, in particular, PERG 5.12.8G (Where is insurance mediation distribution carried on?));

the use of the medium itself to give advice should make no material difference to whether or not the advice is caught by article 53(1).

...  

5.9 The Regulated Activities: agreeing to carry on a regulated activity  

...  

5.9.2 G To the extent that an exclusion applies in relation to a regulated activity, ‘agreeing’ to carry on an activity within the exclusion will not be a regulated activity. This is the effect of article 4(3) of the Regulated Activities Order (Specified activities: general). So, for example, a vet can, without carrying on a regulated activity, enter into an agreement with an insurance undertaking to distribute marketing literature provided that the vet can rely on the exclusion in article 72C ( Provision of information on an incidental basis) or article 33B ( Provision of information – contracts of insurance) in relation to the activity of distributing the literature (see also PERG 5.6.6 G PERG 5.6.4AG and to PERG 5.6.9G which cover exclusions (Exclusion: article 72C ( Provision for the provision of information on an incidental basis))). However, to be able to rely on the exclusion in article 72C, the vet must not be viewed as providing information to the insurance undertaking. More specifically, an unauthorised introducer can enter into standing arrangements with insurance undertakings or brokers to make introductions, provided that these arrangements do not envisage subsequent provision of information to these insurance undertakings or brokers with a view to arranging (bringing about) deals in investments or making arrangements with a view to transactions in investments.

5.10 Renewals  

5.10.1 G It must be emphasised that activities which concern invitations to renew policies and the subsequent effecting of renewal of policies are likely to fall within insurance mediation activity insurance distribution activity. Those considering the need for authorisation or variation of their permissions will wish to consider whether a process of tacit renewal operates: that is, where a policyholder need take no action if he wishes to maintain his insurance cover by having his policy ‘renewed’. This process will typically result in the issue of a new contract of insurance, not an extension of the period of the existing one. It may involve the activities of advising on
investments, arranging and dealing in investments as agent. More specifically, preparing a ‘tacit renewal’ letter on behalf of an insurance undertaking is likely to amount to arranging. Where it contains a recommendation to renew existing cover this is likely to constitute advising on investments (except P2P agreements) (under article 53(1) of the Regulated Activities Order). If the contract takes effect on the date stipulated in the renewal letter, a contract is concluded with the effect that the letter writer may be dealing in investments as agent. The process may also involve a regulated activity under article 64 (Agreeing to carry on a regulated activity).

5.11 Other aspects of exclusions

5.11.1 G This part of the guidance deals with:

...(2) exclusions which are disapplied where a person carries on insurance mediation distribution; and

...

5.11.2 G There are a number of ‘pre IMD’ Several exclusions that would have the effect of restricting the scope of the regulated activities referred to in this guidance. Several of these are disapplied or modified as part of implementation of the IMD in order to properly implement IDD.

Exclusions disapplied where activities relate to contracts of insurance

5.11.3 G The exclusions outlined in (1) to (7) were available to intermediaries (and in some cases insurance undertakings) acting in connection with life policies before 14 January 2005. In essence, however, the following exclusions do not apply if they concern transactions relating to contracts of insurance:

...

5.11.4 G The restrictions placed on the exclusions listed in PERG 5.11.3G on 14 January 2005 have the following effects:

...

(2) Unauthorised persons may, however, be able to rely on the exclusion for the provision of information in article 33B or provision of information on an incidental basis in article 72C to continue to avoid the need for authorisation (see PERG 5.6.5G PERG 5.6.4AG to PERG 5.6.9G which cover exclusions (Exclusion: article 72C (Provision for the provision of information on an incidental basis))).
(3) **Authorised persons** who themselves introduce clients or customers to others for the purposes of buying or selling any kind of contract of insurance are likely to require a variation of their Part 4A permission to carry out arranging activities, as neither article 33 nor, generally, article 72C (see PERG 5.6.5G to PERG 5.6.9G (Exclusion: article 72C (Provision of information on an incidental basis))) will apply where this activity amounts to arranging. Article 33B could apply, but the **authorised person** would need to be merely providing information and taking no additional steps to assist in the conclusion of the contract of insurance.

5.11.5 G **Insurance undertakings** are referred to MIPRU 5 (Insurance undertakings, distributors and mortgage lenders; home finance providers; using insurance distribution or mortgage home finance mediation services) as regards their obligations relating to the use of intermediaries generally.

5.11.6 G (1) The removal of the exclusion for groups and joint enterprises in article 69 of the Regulated Activities Order (Groups and joint enterprises) does not apply to transactions relating to contracts of insurance. This will affect may have implications for a company providing services for:

(a) other members of its group; or

(b) other participants in a joint enterprise of which it is a participant.

...

(3) In the FCA’s view, particular issues arise in applying the ‘by way of business’ test to group companies. Recital 11 of the Insurance Mediation Directive IDD states that the Directive should apply to persons whose activity consists in providing insurance mediation or reinsurance distribution services to third parties for remuneration. This Recital 11 suggests that the Directive is intended to apply only where the service is provided to a third party. The expression ‘third party’ is not defined in the Directive. The FCA considers that a group company that is providing services solely for the benefit of other group companies would not normally be regarded as providing services to a third party. The group company also needs to be receiving remuneration for the activities (see PERG 5.4.2G(1)). The FCA also considers that, as a result, a group company providing services solely for the benefit of other group companies should not normally be regarded as satisfying the requirement that it be remunerated for providing insurance mediation distribution services to third parties. Were a group company to be remunerated other than by another group company, however, the situation may be different. For example, if the group company receives commission from an insurer or broker, the fact would tend to suggest that the company
has been rewarded for providing a service to the insurer or broker. In the FCA’s view, it is appropriate to apply this principle to a group as defined in section 421 (Group) of the Act.

(4) The FCA considers that similar principles to those applied to a group company in (2) may be applied to the participants in a joint enterprise. This would be where one participant in the joint enterprise is providing services solely for the benefit of another participant and for the purposes of the joint enterprise and who provides insurance mediation distribution services to one or more participants for the purposes of or in connection with the joint enterprise.

Exclusions disapplyed in connection with insurance mediation distribution

5.11.7 G Article 4(4A) of the Regulated Activities Order (Specified activities: general) disapplyes certain exclusions where a person, for remuneration, takes up or pursues insurance mediation distribution or reinsurance distribution (as defined in article 2.3 articles 2.1(1), 2.1(2) and 2.2 of the IMD IDD (see PERG 5.2.5G (Approach to implementation of the IMD IDD) and PERG 5.16.2G (Text of article 2.3 of the Insurance Mediation Directive)) in relation to a risk or commitment located in an EEA State. The relevant exclusions which are disapplyed are:

... 

Activities carried on in the course of a profession or non-investment business

... 

5.11.10 G Although the article 67 exclusion is disapplyed (by article 4(4A) of the Regulated Activities Order (Specified investments: general)) when a person takes up or pursues insurance mediation insurance distribution or reinsurance mediation reinsurance distribution as defined by articles 2.3 2.1(1), 2.1(2) and 2.2 of the IMD IDD, there may be cases where a person is not carrying on activities that amount to insurance mediation insurance distribution. For example, where a person’s activities amount simply to the provision of information on an incidental basis in the context of another professional activity, these may fall outside the scope of article 2.3 2.1(1) and 2.1(2) of the IMD IDD (see PERG 5.16.2G (article 2.3 of the Insurance Mediation Directive)) and the exclusion in article 67 may then operate to exclude these activities. Also, it is possible that a professional person’s activities may not amount to a regulated activity at all. For example, a doctor who provides a medical report to an insurer may be regarded as making arrangements with a view to providing an expert medical opinion rather than with a view to transactions in contracts of insurance. In such cases, article 67 will not be needed.

5.11.11 G Article 67 may also apply to activities relating to assignments of insurance
policies, as, in the FCA’s view, article 2.1(1) of the IMD IDD applies essentially to the creation of new contracts of insurance and not the assignment of rights under existing policies. As such, where a solicitor or licensed conveyancer arranges an assignment of a contract of insurance, the exclusion in article 67 remains of potential application. For similar reasons, trustees advising on or arranging assignments of contracts of insurance may, in certain circumstances, be able to rely on the exclusions in article 66 of the Regulated Activities Order.

5.11.12 G For article 67 to apply in these cases, in addition to PERG 5.11.9G(1) and (2), the activity in question must not be remunerated separately from other services (article 67(2) of the Regulated Activities Order).

Activities carried on by a provider of relevant goods or services

5.11.13 G Article 72B (see also PERG 5.3.7G (Connected contracts of insurance)) may be of relevance to persons who supply non-motor goods or services or provide services related to travel in the course of carrying on a profession or business which does not otherwise consist of carrying on regulated activities. In the FCA’s view, the fact that a person may carry on regulated activities in the course of the carrying on of a profession or business does not, of itself, mean that the profession or business consists of regulated activities. This is provided that the main focus of the profession or business does not involve regulated activities and that the regulated activities that are carried on arise in a way that is incidental and complementary to the carrying on of the profession or business. For example, a travel agent might carry on insurance mediation activities insurance distribution activities in relation to some contracts of insurance that satisfy the conditions of article 72B and some that do not. The former contracts will be excluded from regulation even though the travel agent must seek authorisation or become an appointed representative to be permitted to sell the latter contracts. The exclusion applies to insurance mediation activities insurance distribution activities when carried on in relation to ‘connected contracts of insurance’.

In broad terms, a ‘connected contract of insurance’ is a contract of insurance which:

(1) is not a contract of long-term insurance (as defined by article 3 of the Regulated Activities Order (Interpretation));

(2) has a total duration (including rights to renewal) of five years or less; [deleted]

(3) has an annual premium (or the equivalent of annual premium) of:

(a) €500 600 euro or less (calculated on a pro rata annual basis); or

(b) 200 euro or less, where the contract of insurance is complementary to a service being provided by the provider and the duration of that service is equal to or less than three months.
or equivalent amounts of sterling or another currency:

(4) covers:

(a) the risk of breakdown, loss of, or damage to, non-motor goods supplied by the provider; or

(b) travel risks; or

(c) the risk of the non-use of services;

(5) does not cover any liability risks (except, in the case of a contract which covers travel risks, where the cover is ancillary to the main cover provided by the contract); and

(6) is complementary to the non-motor goods being supplied or service being provided by the provider; and

(7) is of such a nature that the only information that a person requires in order to carry on one of the insurance mediation activities is the cover provided by the contract. [deleted]

5.11.15 G In the FCA’s view, the condition in PERG 5.11.13G (7) is likely to be satisfied where the insurance mediation activities relate to a standard form contract of insurance, the terms of which (other than the cost of the premium) are not subject to negotiation. [deleted]

5.12 Link between activities and the United Kingdom

Introduction

5.12.3 G The table in PERG 5.12.4G is a very simplified summary of territorial issues relating to overseas insurance intermediaries carrying on the business of insurance mediation activities insurance distribution activities in or into the United Kingdom for remuneration.

5.12.4 G Table: Territorial issues relating to overseas insurance intermediaries carrying on insurance mediation activities insurance distribution activities in or into the United Kingdom

<table>
<thead>
<tr>
<th>...</th>
<th>...</th>
</tr>
</thead>
</table>

For EEA-based intermediaries this table assumes that the insurance mediation activities insurance distribution activities are within the scope of the Insurance Mediation Directive IDD.
Where are insurance mediation distribution activities carried on?

5.12.5 G Persons carrying on insurance mediation activities insurance distribution activities from a registered office or head office in the United Kingdom will clearly be carrying on regulated activities in the United Kingdom. However, a person may be considered to be carrying on regulated activities in the United Kingdom even where not carrying on the activity from a registered office or head office in the United Kingdom. This is explained further in PERG 5.12.6G to PERG 5.12.8G.

...  

5.12.8 G Otherwise, where the cases in PERG 5.12.7G(1) do not apply, it is necessary to consider further the nature of the activity in order to determine where insurance mediation insurance distribution is carried on. Persons that arrange contracts of insurance will usually be considered as carrying on the activity of arranging in the location where these activities take place. As for dealing activities, the location of the activities will depend on factors such as where the acceptance takes place, which in turn will depend on the method of communication used. In the case of advising, this is generally considered to take place where the advice is received.

Overseas persons

5.12.9 G Article 72 of the Regulated Activities Order (Overseas persons) provides a potential exclusion for persons with no permanent place of business in the United Kingdom from which regulated activities are conducted or offers to conduct regulated activities are made. Where these persons carry on insurance mediation activities insurance distribution activities in the United Kingdom, they may be able to take advantage of the exclusions in article 72 of the Regulated Activities Order. In general terms, these apply where the overseas person either:

...  

5.12.10 G The overseas person exclusion is available to persons who do not have a permanent place of business in the United Kingdom and so is of relevance to third country intermediaries (that is, non EEA-based intermediaries) who carry on insurance mediation activities insurance distribution activities in, or into, the United Kingdom (for example with or through authorised insurance brokers and insurance undertakings operating in the Lloyd’s market).

How should persons be authorised?

5.12.11 G UK-based persons must obtain Part 4A permission in relation to their insurance mediation activities insurance distribution activities in the United Kingdom as one of the following:

(1) a body corporate whose registered office is situated in the United Kingdom; or
(2) a partnership or unincorporated association whose head office is situated in the United Kingdom; or

(3) an individual (that is, a sole trader) whose residence is situated in the United Kingdom.

The United Kingdom will, in each case, be the Home State for the purposes of the IMD IDD for insurance or reinsurance intermediaries (see further in connection with the E-Commerce Directive in PERG 5.12.15G to PERG 5.12.17G (E-Commerce Directive)).

5.12.12 G Non-UK-based persons wishing to carry on insurance mediation activities insurance distribution activities in the United Kingdom must:

... 

Passporting

5.12.13 G The effect of the IMD IDD is that any EEA-based insurance intermediaries doing business within the Directive’s scope must first be registered in their home EEA State before carrying on insurance mediation insurance distribution in that EEA State or other EEA States. For these purposes, an EEA-based insurance intermediary is either:

(1) a legal person with its registered office or head office in an EEA State other than the United Kingdom; or

(2) a natural person resident in an EEA State other than the United Kingdom.

Registered EEA-based insurance intermediaries wishing to establish branches in the United Kingdom or provide services on a cross-border basis into the United Kingdom can do so by notifying their Home State regulator which in turn notifies the FCA. This enables the intermediary to acquire passporting rights for business within the Directive’s scope (so excluding insurance mediation activities insurance distribution activities relating to connected contracts or connected travel insurance contracts) under Schedule 3 to the Act (EEA passporting rights) (see Schedule 3(13) and (14) of the Act as amended by the Insurance Mediation Directive (Miscellaneous Amendments) Regulations 2003). SUP 13A (Qualifying for authorisation under the Act) has general guidance on the exercise of passporting rights by EEA firms.

5.12.14 G On the other hand, non-EEA-based insurance intermediaries wishing to establish a branch in the UK for the purpose of carrying on insurance mediation activities insurance distribution activities may only do so with Part 4A permission.

E-Commerce Directive

5.12.15 G ...
5.12.16 G  The E-Commerce Directive does not remove the **IMD IDD** requirement for persons taking up or pursuing insurance mediation insurance distribution for remuneration to be registered in their Home State. Nor does it remove the requirement for EEA-based intermediaries to acquire passporting rights in order to establish branches in the United Kingdom (see PERG 5.12.7G (Where is insurance mediation carried on?) in relation to electronic commerce activity carried on from an establishment in the United Kingdom) or provide services on a cross-border basis into the United Kingdom where the relevant activity is carried on in the United Kingdom. An example of electronic commerce activity provided on a cross-border basis into the United Kingdom could be a recommendation in a (solicited) e-mail from an EEA-based intermediary to a UK-based customer to buy a particular contract of insurance.

5.12.17 G  Put shortly, the E-Commerce Directive relates to services provided into the United Kingdom from other EEA States and from the United Kingdom into other Member States. In broad terms, such cross-border insurance mediation distribution services provided by an EEA firm into the United Kingdom (via electronic commerce activity or distance means) will generally be subject to **IMD IDD** registration in, and conduct of business regulation of, the intermediary’s EEA State of origin. By contrast, insurance mediation distribution services provided in the United Kingdom will be subject to **UK** conduct of business regulation, although the requirement for registration will again depend upon the intermediary’s EEA State of origin.

5.13 Appointed representatives

... 

Business for which an appointed representative is exempt

5.13.3 G  An appointed representative can carry on only those regulated activities which are specified in the Appointed Representatives Regulations. The regulated activities set out in the table in PERG 5.13.4G are included in those regulations. As set out in the table, the insurance mediation activities insurance distribution activities that can be carried on by an appointed representative differ depending on the type of contracts of insurance in relation to which the activities are carried on.

5.13.4 G Insurance mediation distribution activities able to be carried on by an appointed representative. This table belongs to PERG 5.13.3G.

... 

Persons who are not already Becoming an appointed representatives representative

5.13.5 G  A person who is not already an appointed representative may wish to become one an appointed representative in relation to one or more of the
regulated activities insurance distribution activities specified in the Appointed Representatives Regulations (see table in PERG 5.13.4G). If so, the person must be appointed under a written contract by an authorised person, who has permission to carry on those regulated activities and who accepts responsibility for the appointed representative’s actions when acting for him them. SUP 12.4 (What must a firm do when it appoints an appointed representative or an EEA tied agent?) and SUP 12.5 (Contracts: required terms) set out the detailed requirements that must be met for an appointment to be made. In particular, an appointed representative will not be able to commence an insurance mediation activity insurance distribution activity until he is that appointed representative is included on the Financial Services Register for such activities.

Persons who are already appointed representatives

5.13.6 G Where a person (A), who is already an appointed representative, and he proposes to start to carry on any insurance mediation activities insurance distribution activities, he A will need to consider the following matters.

(1) He A must become authorised if h is the proposed insurance mediation activities insurance distribution activities that A proposes to carry on include activities that do not fall within the table in PERG 5.13.4G (for example, dealing as agent in pure protection contracts) and he wishes to carry on these activities. The Act does not permit any person to be exempt for some activities and authorised for others (although a person with only a limited permission for certain credit-related regulated activities may also be an appointed representative for other regulated activities specified in the Appointed Representatives Regulations (see SUP 12.2.3G)). He A will, therefore, need to apply for permission to cover all the regulated activities that he A propose proposes to carry on.

(2) If he A proposes to carry on other regulated activities that are specified in the Appointed Representatives Regulations in relation to contracts of insurance (see the table in PERG 5.13.4G), he A may be able to do so as an appointed representative bearing in mind the following.

(a) He A will need to be appointed by an authorised person prepared to accept responsibility for his A’s insurance mediation activities insurance distribution activities when acting for him the authorised person. The authorised person must have permission to carry on these regulated activities.

(b) If these insurance mediation activities insurance distribution activities are to be carried on for the same authorised person who has already appointed him A for his other regulated activities, the contract between them will need to be amended to reflect the additional activities.
Other amendments to the contract will be required (see SUP 12.5.6AR).

(c) The effect of amendments to the Appointed Representatives Regulations is that an appointed representative cannot commence an insurance mediation activity insurance distribution activity until he is included on the Financial Services Register as carrying on such activities.

(d) …

(e) If the A’s activities of the appointed representative are limited to introducing, he should consider the specific Handbook provisions relating to introducer appointed representatives (see SUP 12 (What must a firm do when it appoints an appointed representative or an EEA tied agent?)).

5.14 Exemptions

Professionals

5.14.1 Professional firms (broadly firms of solicitors, accountants and actuaries) may carry on insurance mediation activities insurance distribution activities in the course of their professional activities. Exempt professional firms carrying on insurance mediation activities insurance distribution activities may continue to be able to use the Part XX exemption to avoid any need for authorisation. PROF 2 (Status of exempt professional firm) contains guidance on the Part XX exemption. They will, however, need to be shown on the Financial Services Register as carrying on insurance mediation activities insurance distribution activities, in order to benefit from this exemption. The task of registration is the responsibility of the designated professional bodies who will need to inform the FCA both of member firms carrying on insurance mediation activities insurance distribution activities and individuals within firms’ management responsible for these activities.

…

5.14.3 Professional firms should be aware of the disapplication of the exclusions for trustees (article 66) and activities carried on in the course of a profession or non-investment business (article 67) outlined in PERG 5.11.7G (Exclusions disapplied in connection with insurance mediation distribution) where their activities would amount to insurance mediation insurance distribution. Where they do not, they will still be able to rely upon article 67. Otherwise, the Nonexempt Activities Order Non-Exempt Activities Order imposes limitations on the extent to which professional firms can give advice to individuals. In particular, a professional firm cannot recommend make a recommendation to a private client that he to
buy a life policy, unless he is endorsing a corresponding recommendation given to the client. The recommendation he endorses must be one given by an authorised person permitted to advise on life policies, or an exempt person for these purposes. No such restrictions apply, however, in relation to contracts of insurance other than life policies.

Other exemptions

5.14.5 In addition to certain named persons exempted by the Exemption Order from the need to obtain authorisation, the following bodies are exempt in relation to insurance mediation activities and insurance distribution activities that do not relate to life policies:

5.15.3 G The table in PERG 5.15.4G is designed as a short, user-friendly guide but should be read in conjunction with the relevant sections of the text of this guidance. It is not a substitute for consulting the text of this guidance or seeking professional advice as appropriate (see PERG 5.1.6G on the effect
of this guidance). References in this table to articles are to articles of the Regulated Activities Order. In this table, it is assumed that each of the activities described is carried on by way of business (see PERG 5.4). Save where otherwise indicated, it is assumed that the intermediary is carrying on activities in respect of policies where he is the intermediary is not the policyholder. Also, that this table does not provide an exhaustive list of all of the exclusions or exemptions that are of relevance to each type of activity. 5.15.8 G Flow chart: am I carrying on regulated activities in the United Kingdom? [deleted]
5.16 Meaning of ‘insurance mediation’, ‘insurance distribution’ and ‘reinsurance’
5.16.1 G PERG 5.16.2G sets out the text of article 2.3 2.1(1), 2.1(2) and 2.2 of the Insurance Mediation Directive IDD. It is referred to in PERG 5.2.5G and PERG 5.2.6G (Approach to implementation of the IMD IDD), PERG 5.8.13G (Advice must relate to the merits of buying or selling a contract of insurance), PERG 5.11.7G (Exclusions disapplied in connection with insurance mediation distribution) and PERG 5.11.10G (Activities carried on in the course of a profession or non-investment business).

5.16.2 G (1) Text of article 2.3 2.1(1) of the Insurance Mediation Distribution Directive

“‘Insurance mediation distribution’ means the activities of introducing advising on, proposing or carrying out other work preparatory to the conclusion of contracts of insurance, or of concluding such contracts, or of assisting in the administration and performance of such contracts, in particular in the event of a claim, including the provision of information concerning one or more insurance contracts in accordance with criteria selected by customers through a website or other media and the compilation of an insurance product ranking list, including price and product comparison, or a discount on the price of an insurance contract, when the customer is able to directly or indirectly conclude an insurance contract using a website or other media.

These activities when undertaken by an insurance undertaking or an employee of an insurance undertaking who is acting under the responsibility of the insurance undertaking shall not be considered as insurance mediation.

The provision of information on an incidental basis in the context of another professional activity provided that the purpose of that activity is not to assist the customer in concluding or performing an insurance contract, the management of claims of an insurance undertaking on a professional basis, and loss adjusting and expert appraisal of claims shall also not be considered as insurance mediation.”

(2) Text of article 2.1(2) of the Insurance Distribution Directive

“‘Reinsurance distribution’ means the activities of advising on, proposing or carrying out other work preparatory to the conclusion of contracts of insurance, of concluding such contracts, or of assisting in the administration and performance of such contracts, in particular in the event of a claim”.

(3) Text of article 2.2 of the Insurance Distribution Directive

“For the purposes of points (1) and (2) of paragraph 1, the following shall not be considered to constitute insurance distribution or reinsurance distribution:
(a) the provision of information on an incidental basis in the context of another professional activity where:

(i) the provider does not take any additional steps to assist in concluding or performing an insurance contract;

(ii) the purpose of that activity is not to assist the customer in concluding or performing a reinsurance contract;

(b) the management of claims of an insurance undertaking or of a reinsurance undertaking on a professional basis, and loss adjusting and expert appraisal of claims;

(c) the mere provision of data and information on potential policyholders to insurance intermediaries, reinsurance intermediaries, insurance undertakings or reinsurance undertakings where the provider does not take any additional steps to assist in the conclusion of an insurance or reinsurance contract;

(d) the mere provision of information about insurance or reinsurance products, an insurance intermediary, a reinsurance intermediary, an insurance undertaking or a reinsurance undertaking to potential policyholders where the provider does not take any additional steps to assist in the conclusion of an insurance or reinsurance contract.”

8.7.2 G ...

(3) contracts of insurance other than life policies (see PERG 8.17A (Financial promotions concerning insurance intermediary distribution activities)).

8.13 Exemptions applying to financial promotions concerning deposits and certain contracts of insurance
8.13.4 G Intermediaries involved with arranging and advising on deposits may be unauthorised persons as such activities do not amount to regulated activities (other than where they involve giving basic advice on a stakeholder product (article 52A of the Regulated Activities Order (Giving basic advice on a stakeholder product))) and so do not require authorisation under section 19 of the Act. However, the combination of the exemptions in Part V together with certain of the exemptions in Part IV (such as generic promotions – see PERG 8.12.14G – and follow-up communications – see PERG 8.12.10G) should mean that it will often be possible for such persons to avoid any need to seek approval for their financial promotions from an authorised person. Guidance on the application of these exemptions to financial promotions about insurance mediation activities insurance distribution activities is in PERG 8.17A (Financial promotions concerning insurance mediation distribution activities).

8.17A Financial promotions concerning insurance mediation distribution activities
8.17A.1 G The application of section 21 of the Act and of exemptions in the Financial Promotion Order to invitations or inducements about insurance mediation activities insurance distribution activities will vary depending on the type of activity. The implementation of the Insurance Mediation Directive IDD has not led to any changes in the definitions of a controlled investment or a controlled activity under the Financial Promotion Order. So:

8.31 Exclusions for advising on investments

8.31.5 G Certain of the exclusions in the Regulated Activities Order that apply to the regulated activity of advising on investments are not available where the advice either relates to a contract of insurance or amounts to insurance mediation insurance distribution or reinsurance mediation reinsurance distribution. This results from the requirements of the Insurance Mediation Directive IDD and is explained in more detail in PERG 5 (Insurance Guidance on insurance mediation distribution activities).

8.32 Arranging deals in investments

8.32.12 G Where persons are making arrangements concerning contracts of insurance...
or are carrying on insurance mediation insurance distribution or reinsurance mediation reinsurance distribution, certain exclusions to article 25 are not available. This results from the requirements of the Insurance Mediation Directive IDD and is explained in more detail in PERG 5.6 (Insurance mediation activities: The regulated activities: arranging deals in, and making arrangements with a view to transactions in, contracts of insurance).

8.33 Introducing

...

8.33.6 G The exclusions in Articles 29 and 33 of the Regulated Activities Order are not available where the investment is a contract of insurance (unless, as regards article 33, the relevant arrangements meet the requirements of article 33B). However, certain other exclusions do apply. This results from implementation of the requirements of the Insurance Mediation Directive IDD and is explained in more detail in PERG 5.6 (The regulated activities: arranging deals in, and making arrangements with a view to transactions in, contracts of insurance).

8.34 The business test

...

8.34.3 G The ‘by way of business’ test for insurance distribution activities is distinguished from the standard test for ‘investment business’ in article 3 of the Business Order. 10 Guidance on activities related to pension schemes

10.1 Background

Q1. What is the purpose of these questions and answers (“Q&As”) and who should be reading them?

...

The Q&As complement the general guidance on regulated activities in Chapter 2 of our Perimeter Guidance Manual (“PERG”), the general guidance on insurance mediation distribution activities in Chapter 5 of PERG (PERG 5), the guidance about the scope of the Markets in Financial Instruments Directive in Chapter 13 of PERG (PERG 13) and the relevant legislation. In addition, Chapter 12 of PERG (PERG 12) has further guidance about the regulated activities relating to
the operation and sale of personal pension schemes that came into force on 6 April 2007.

...  

10.2 General issues

Q6. How do I know if I am carrying on activities by way of business?

...  

In addition, article 3(4) of the Business Order provides that any person who carries on an insurance mediation activity insurance distribution activity by way of business must be remunerated for doing so. Guidance on the application of the ‘by way of business’ test to insurance mediation distribution activities is in Chapter 5.4 of PERG.

...  

10.4 Pension scheme service providers other than trustees

...  

Q34. When will regulated activities form a necessary part of my pension administration services so that I can use the exclusion in article 67?

...  

There are further conditions that must be met for the exclusion to apply:

- you must not be remunerated for the regulated activity separately from the remuneration you get from providing pension administration services; and
- you must not be a person who is required to be regulated by the Insurance Mediation Directive IDD.

...  

Q35. I provide pension administration services to a corporate pension scheme trustee who is a member of the same group as me. Does this mean that the exclusion for services provided to other group members in article 69 will apply to me?

Yes, provided the services:

- may properly be regarded as being provided solely to the trustee (as will be the case where the trustee has delegated or outsourced the carrying out of regulated activities to you but remains responsible to the members for the performance of those activities) and not to the members; and
- do not relate to contracts of insurance.

If the services do relate to contracts of insurance, you are
still unlikely to need authorisation because you will only be carrying out insurance mediation activities insurance distribution activities by way of business if you are remunerated for providing services to third parties. Members of your group are not considered to be third parties.

...  

10.4A  The application of EU Directives

...

Q41C. As a professional trustee of a pension scheme, am I affected by the implementation of the Insurance Mediation Directive IDD?

No. A pension scheme trustee may perform tasks on behalf of the other trustees (such as signing proposal forms or giving dealing instructions to insurers or brokers or notifying claims on the death of a scheme member). But the trustee will not be providing an insurance mediation distribution service to them. This is because, under the policy, the trustee will share equal rights and equal responsibility with his co-trustees and so may be regarded as acting solely in the capacity of policyholder rather than intermediary. Also, the pension scheme trustee will not be providing an insurance mediation distribution service on behalf of the members as the members will not be policyholders.

Q41D. As a pension scheme administration service provider, am I affected by the implementation of the Insurance Mediation Directive IDD?

You may be. Detailed guidance about the potential effect of the Insurance Mediation Directive IDD on the normal activities of administration service providers is in Q31 to Q41 and the table in PERG 10 Annex 3.

...

10.5  Employers and affinity groups (such as trade unions)

...

Q44. As an employer, I may offer my staff a stakeholder pension scheme or a personal pension scheme. If I do so, will I satisfy the ‘by way of business’ ‘by way of business’ test?

...

In addition, if your scheme is an insurance-based scheme, such as a group personal pension scheme, your activity will potentially involve insurance mediation activity insurance distribution activity. If so, to satisfy the ‘by way of business’ ‘by way of business’ test, you would also need to be remunerated.

persons who administer pension schemes on behalf of the operator or trustees may be carrying on a regulated activity including an insurance mediation activity and an insurance distribution activity.

12.3 Rights under a personal pension scheme

Q21. What exclusions may be available for advising on investments in connection with acquiring or disposing of rights under a personal pension scheme?

If the rights relate to a contract of insurance, the adviser (A) can still make use of the exclusion so long as he is not carrying on an activity that requires him to be regulated under the Insurance Mediation Directive (IDD). And that is only likely to be the case if the advice relates to the merits of A’s client directly acquiring rights under a contract of insurance (for example, because he is also a trustee of the scheme). Advice about acquiring a beneficial interest in a contract of insurance held under trust will not be subject to regulation under the Directive.

13 Guidance on the scope of MiFID and CRD IV

13.6 CRD IV

Q59. If we are subject to the Insurance Mediation Directive (IDD), does this make any difference to the requirements which apply?

Yes. If the only investment services that you are authorised to provide are investment advice or receiving and transmitting orders or both, without holding client money or securities, you can still be an exempt CAD firm. However, you are subject to different base capital requirements. Broadly speaking, article 31(2) of the CRD requires you to have professional indemnity insurance of euro 1,000,000 1,250,000 for any one claim and euro 1,500,000 1,850,000 in aggregate (this is the IMD IDD requirement), plus coverage in one of the following forms:

- base capital of euro 25,000; or
- professional indemnity insurance of euro 500,000 for any one claim and euro 750,000 in aggregate; or
- a combination of base capital and professional indemnity insurance resulting in an equivalent level of coverage to the options above.

For the rules transposing these requirements and supporting guidance, see the
final paragraph of the answer to Q58.

As mentioned in Q58, when you hold client money or securities for purposes unconnected with providing investment advice or receiving and transmitting orders in relation to MiFID financial instruments, in our view you can still be an exempt CAD firm. This might include, for instance, when you hold client money for those to whom you provide insurance mediation services.

You should also bear in mind that if you are a firm to whom article 2 or article 3 MiFID applies (see PERG 13.5), you are not subject to the CRD.
