

Aim High FCA - apprenticeships – transcript

**Nhi – Apprentice – Digital Team:** I'd done my a-levels, fine art, finance and media. So I decided to apply for University.

**Toby – Apprentice – HR:** When I left school, I actually did end up going to uni. I just realised it wasn't really for me.

**Ankita – Apprentice – Authorisations:** I've actually studied a degree in law. But I decided I didn't want to go down that route. I started looking at what courses I could take, and I came across the FCA apprenticeship. And there's no age restrictions when applying regardless if you've done a degree or not.

**Toby:** Finding this has been like the perfect balance doing a qualification as well as being at the FCA five days a week.

**Nhi:** You're learning on the job you're developing new skills and you're also earning money.

**Toby:** Work-life balance is great. Since being here I kind of feel like I have a lot time to do everything I need to do outside of work, and I can afford to do it.

**Ankita:** It's never too late to change your mind. I'm doing the qualification I wanted and actually I've got a role in the area that I'm interested in. It's super exciting.

**Toby:** It's just great, I'd recommend it.

**Nhi:** FCA? Yeah, it's good fun.
