

FCA explains RegData: video transcript

Signing in

To find helpful information and guidance about RegData...

Go to RegData webpage: fca.org.uk/firms/regdata

To access RegData you need to sign in to My FCA first

You can access My FCA directly from here: <https://myfca.fca.org.uk/>

To access RegData from the FCA website...

Go to the FCA Website at <https://www.fca.org.uk/>

Scroll down to resources

Click on the RegData icon in the resources banner

On the RegData home page, scroll down to 'Sign in to My FCA' and click on the button

After navigating to the My FCA Sign in Page

Enter your existing email and password that you use for RegData and click continue

Note: If you enter an incorrect password 3 times in a row, you'll be locked out for 15 minutes

If you've forgotten your password or one time passcode, see our explainer video on how to reset these

You will be asked to enter your 6-digit one time passcode. Depending on how you registered to receive multi-factor authentication, you will be prompted to enter your code from either an Authenticator App, SMS or voice call.

After signing in to My FCA, if you report for multiple firms you will land on a Select a firm page. Select the firm you wish to report on if this applies to you

If you report for one firm, you will land on the My FCA homepage

Scroll to the Go To section

Select RegData from the Go to menu
