New Data Collection Platform – Registering via Gabriel

Our new data collection platform will use your Connect details for logging in.

If you are not already a Connect user, you will need to register.

Linking your new data collection platform and Connect accounts only needs to be done once.

To register, first log in to Gabriel. You can do this via fca.org.uk.

Click Gabriel. Once logged in, you will see a new screen.

Read all guidance, then click Next.

Already a Connect user?

Click Log in.

Enter your Connect login details and click Login. If you have a passcode, you will be prompted to enter 3 digits. If you do not have a passcode, you will be asked to set one up.

Don't close this page as it will automatically redirect you.

If you have not been redirected, please click Ok.

Not a Connect user?

Click Register.

Register with some basic details. You will receive an email to set up your password and passcode.

Don't close this page as it will automatically redirect you.

If you have not been redirected, please click Ok.

After registering you will be returned to Gabriel.

Use Gabriel with your existing Gabriel details until you have been moved to our new data collection platform.

We'll let you know in good time when you will move to our new data collection platform.
