

Transcript - What will happen to EEA firms operating in the UK?

Head of International, Lee Foulger

EEA firms will no longer be able to passport into the UK after exit day. To continue to do business in the UK they will need to notify the FCA and enter our Temporary Permissions Regime (TPR) before the 30 October.

The Temporary Permissions Regime (TPR) allows EEA firms and funds to continue to do business in the UK whilst they seek a full authorisation from the FCA.

You can join the Temporary Permission Regime using the connect system.

This and other information is available on our website, or you can call our information line
