

**BUSINESS INTERRUPTION INSURANCE TEST CASE**

**REPRESENTATIVE SAMPLE OF POLICY Wordings**

**9 JUNE 2020**

The following are the potentially applicable and relevant cover clauses, definitions, exclusions, trends clauses, and sub-limits of indemnity that are proposed to be tested by the test case.

In including exclusions or trends clauses, the FCA does not thereby accept that they are in fact applicable to any or all claims being considered. Each wording will need to be read in the context of the full policies. The headings used are not derived from the policies and are adopted for expedience only.

The intention is that the asterisked policy will be the lead wording for the wording ‘type’. The lead policies have been selected as a vehicle for addressing general points that arise as well as the particular terms of the policy but that it will be open to both parties to address the relevance (if any) of any specific differences in wording between a lead policy and other policies of that insurer that have been selected for consideration.
